

## **Final Exam Change Policy**

A student with three or more exams on the same day may petition the Dean of the College or School in which the course is offered for a change in schedule; otherwise, students must take final exams at the scheduled times. All requests for exam changes should be made by submitting this form no later than three weeks before the last class meeting of the semester. The linked form, [Final Exam Change Request](#), must be submitted for each exam change request.
