Comprehensive Support and Improvement (CSI)

CSI (Comprehensive Support and Improvement) in Nevada Schools

In Nevada, CSI is a designation for schools needing significant support to improve student outcomes. These schools are identified under Nevada's federally approved Every Student Succeeds Act (ESSA) Plan.

Criteria for CSI designation:

A school is designated as CSI if it meets one or more of the following criteria:

Low Performance: The school is a Title I school in the bottom 5th percentile based on its adjusted NSPF (Nevada School Performance Framework) score index.

Low Graduation Rate: High schools with a four-year adjusted cohort graduation rate (ACGR) below 67%.

Did Not Exit ATSI: Title I schools that did not exit an Additional Targeted Support and Improvement (ATSI) designation after a three-year improvement plan.
