Subject: Post-Secondary Opportunities and Resources

Hello Parents, Guardians, and Students,

The Ambridge High School Counseling Department is committed to keeping students and families informed about opportunities that support future planning. These may include college and university visits, free financial aid or NCAA workshops, post-secondary planning sessions, and other career or college-related events.

Throughout the year, we will share information provided by colleges and post-secondary institutions, such as open houses, campus tours, and program exploration opportunities. Whenever possible, we will include contact information for these events should you have specific questions.

Please note: these opportunities are not planned or required by Ambridge High School but are being shared to ensure families have access to valuable resources if they wish to participate.

Our counseling team is here to support you throughout this process:

- **Ms. Benedict**, 9th and 10th Grade School Counselor
- **Mrs. Banks**, 11th and 12th Grade School Counselor

If you have any questions or would like assistance with planning, please contact the High School Counseling Office at **724-266-2833, ext. 2377**.

We look forward to helping students explore and prepare for their future pathways.

Warm regards,

Ambridge High School Counseling Department
