

---

## All Aquinas Juniors Take ACT on Feb 24.

## Two Sisters ACT Prep can help. Begins Jan 18.

Helping Aquinas students get their best scores for 28 years & counting

Ready to dive a little deeper? This 18-hour in-depth course focuses on content review embedded in strategy practice. You will get a thorough review of Algebra & Geometry key concepts along with English grammar, punctuation, and usage review. You will learn test-taking strategies for all four sections and take sample tests.

### The Teachers

Lisa Andrews teaches Math at Saint Thomas Aquinas.

Dianne O'Bryan teaches ACT Prep at Blue Valley.

Together we have offered ACT Prep at Saint Thomas Aquinas for over 20 years.

### The Schedule

We meet for six weeks on Sundays leading up to the STA school day test.

Time: 12:00 - 3:00

Dates: Jan 18, Jan 25, Feb 1, Feb 8, Feb 15, Feb 22

Optional make-up/practice session on Thur, Feb 19, 7:00-8:30 pm.

We meet in room 209 at Aquinas. Use North commons doors to enter.

### Content + Strategies = Success

This is our formula for success. Have you forgotten some of the grammar rules you learned years ago? What about the properties of triangles? Or the features of parabolas? Maybe it's been a while since you analyzed sentence structure. We devote 18 hours to revisiting the key concepts on the ACT. We also provide detailed strategies for handling the Science Reasoning, Reading, English, and Math tests. You will receive retired ACT tests and an ACT Prep book for practice.

### Class size is limited.

Please email [landrews@stasaints.net](mailto:landrews@stasaints.net) to save your spot.

Our course is offered only once each semester.

Course cost: \$375

### Upcoming Test Dates

- **Tues, Feb 24:** All Aquinas Juniors will take the ACT at school. No registration required.
- **Sat, Feb 14 & Sat, April 11:** National ACT test days. Register at [act.org](http://act.org)
