Growing Tomorrow's Leaders Today

Condit Elementary School

Q2 Meeting Date: 1.7.2026

1. Welcome
2. Safety Committee Updates
    a. Mr. Greenberg discussed the following post that was made on ParentSquare before break, it indicated that beginning Tuesday January 6th, parents and guardians must drop students off **outside the building** and allow them to walk inside on their own. This includes the **front secure vestibule**, which must remain clear during arrival. When adults enter or linger in the vestibule during arrival, it can create safety concerns and interfere with our secure entry procedures.
3. Enrollment Projection vs. Actual and impact on school budget
    a. Mr. Greenberg shared that Condit exceeded the district enrollment projection by 10 students, adding more funds to the general budget. Additionally, Mr. Greenberg shared that the current attendance rate is 97.2%, which is higher than last year where we ended at 96.8%. The school receives the percentage of their budget that matches the attendance rate. Better attendance equals more funds.
    b. Question: Since attendance rate is so important, can we do an incentive for attendance? Mr. Greenberg shared that perhaps finding strategic times when attendance is a struggle would be a good time to have an incentive. Ms. Sanchez, Condit Wraparound Specialist, shared she could look at past data to help identify some of those times.
4. Campus Action Plan

a. Mr. Greenberg shared the status of two indicators that were complete. 100% of ARDs were held on time during the first semester and the average SPOT score in the Instruction domain exceeded the 8.5 point goal for MOY. The remaining indicators of success are still pending based on MOY NWEA testing and/or EOY data. NWEA MOY testing happens next week, so we will have some data points around those.

5. Policy Review
    a. There were no policies to review at this time
6. POSSIP Survey Feedback
    a. Mr. Greenberg shared that there were 90 total respondents on the last survey, with 95% of parents indicating they were happy with the school at this time; another 4% indicated they were mostly happy with the school at this time, and 0% indicated they were not happy with the school at this time.
    b. Among the concerns voiced were the ease of use of parent square, the permission slip regarding Hazel health, the amount of screen time students are experiencing at younger grade levels, and short deadlines for students to complete work.
    c. Among positive comments were teachers being creative with difficult lessons, teachers being patient with children, helping children feel understood, the amazing staff, a great school culture, school communication, our friendly front office, and specific praise for individual teachers.
7. Follow up items
    a. No follow up items at this time
8. Comments, concerns, & questions
    a. Shout out to the Dads Club for the flags in the main hallway. The iFest setting looks great and kids are really enjoying seeing the flags when they walk in each day. Mr. Greenberg shared that this is a shift from the flags outside, so he was concerned about how it would unfold, but it has been

great this week. Mr. Greenberg also shared there were issues last year with a flag being removed on consecutive weekends.

b. Classrooms are not being cleaned well on a regular basis, kinder classrooms are a specific issue. Mr. Greenberg shared that the district has allocated 1 BSM and 2 custodians based on our square footage. Mr. Greenberg also shared that he continues to share issues with facilities services in hopes they will find a solution. There has been a staffing change, so there are hopes that will help.
