SAINTS CONNECTION

THE OFFICIAL NEWSLETTER OF SAINT THOMAS AQUINAS

THROWBACK NIGHT

Throwback Night is a moment to pause, remember, and feel the weight of the stories that came before us. It is about honoring the generations of St. Joe and Aquinas whose faith, dedication, and love for this community laid the foundation for who we are today as Saint Thomas Aquinas. Every cheer, every lesson learned, every friendship formed has shaped the spirit that still fills our halls.

The impact of those stories lives on in our students, our alumni, and our traditions. By supporting the Legacy Hall, we create a sacred space to remember where we have been, to walk through the memories of those who came before us, and to proudly pass that legacy forward. We stand on their shoulders, grateful for the past, united in the present, and committed to carrying the tradition into the future.

SAINTS COMMUNITY FUND

The Saint Thomas Aquinas community is where we see the love of God in action. Our community is a place where our students feel a connection that is bigger than themselves. Your gift ensures our students are provided opportunities in the classroom, through campus ministry, on the stage, and on the court/field to discover their God-given gifts.

MAKE A DIFFERENCE HERE!

Serva Fidem:

Serva Fidem is Latin for "keep the faith" and it began at a high school in Iowa called Dowling Catholic. It exists to fill the gap between head knowledge and heart knowledge in regard to faith and a personal relationship with Jesus Christ. It's an optional small group ministry where groups of 5-6 students come together each week with a volunteer adult faith mentor. Our hope is that these small groups provide an authentic space for each student involved to ask the deepest questions in their hearts and to establish a lasting, personal relationship with God, and their friends, that they can carry with them for life.

How can you help and support?

First, we ask for your prayers. We have a daily prayer team that prays for this ministry and we believe it is prayer that will truly help this ministry bear fruit. I would invite you to consider signing up [Serva Fidem Mentorship Team!](#) You'll continue to receive updates on how the ministry is going and monthly prayer intentions.

Our next step is to discern and personally invite students to join a group with their friends. The goal would be to start several small groups this semester with growth in the second semester. We hope you will prayerfully consider making a difference in our student's faith journey!
