Today's Purpose

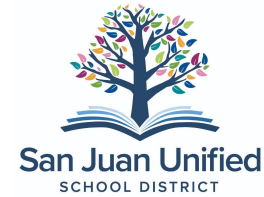

Gather feedback and identify which **environmental** topics and potential impacts should be analyzed in detail in the Environmental Impact Report (EIR) for the Rio Americano High School stadium updates project

California Environmental Quality Act (CEQA)

- Requires disclosure and mitigation of environmental impacts
- Encourage public and agency input throughout process
- Starting with:
 - On what environmental topics should we focus our study?
 - What are some ideas to reduce potential environmental effects?
 - What are ideas for alternative design that would reduce impacts?
- An Initial Study has been prepared to identify *less than significant* impacts and those that are *potentially significant*.
- Preparation of an Environmental Impact Report (EIR)
