

# "FOMO" DIGITAL LEARNING CLASSES

## Goodbye Projector, Hello BenQ!

Jan. 22 | Admin Bldg. | 4:45–5:45pm **FOMO Live!**

Come say hi to the new guy—the BenQ Interactive Flat Panel! These interactive displays are set to replace all PISD classroom projectors over the next two years. Participants will learn how to sign in, annotate lessons, and display content from multiple devices with ease.

## Create, Collaborate, & Innovate with Canva

Jan. 27 | Virtual – MS Teams Webinar | 3:30 & 4:45 pm

In this interactive session, learn how to easily design engaging visuals, create collaborative projects, and explore Canva's powerful generative AI tools—all available via this district-supported tool.

## Intro to iPads

Jan. 28 | Admin Bldg. | 4:45–5:45 pm **FOMO Live!**

We'll get hands-on with the iPad basics—swiping between apps, charging up your gear (Apple Pencil included!), installing apps from Self Service, and mirroring to Apple TV—so your workflow is smooth.

## AI In PLCs: How Teams use AI Together

Feb. 10 | Virtual – MS Teams Webinar | 3:30 & 4:45 pm

This session focuses on ways PLCs can leverage approved AI tools to support targeted questioning, lesson planning, and differentiation. Participants will explore tools such as Pear Start and Google Gemini to build shared AI workflows, co-create TEKS-aligned exemplar tasks, and more!

## Intro to iPads

Mar. 11 | Admin Bldg. | 4:45–5:45 pm **FOMO Live!**

We'll get hands-on with the iPad basics—swiping between apps, charging up your gear (Apple Pencil included!), installing apps from Self Service, and mirroring to Apple TV—so your workflow is smooth.

## Make Learning Visible with Seesaw (Elementary)

Mar. 24 | Virtual – MS Teams Webinar | 3:30 pm

Explore how to use Seesaw to bridge the gap between initial instruction and meaningful student reflection. Learn to move beyond digital worksheets by leveraging multimodal tools that capture the "how" and "why" behind student work.

# FOMO DIGITAL LEARNING CLASSES

## Pear Assessment & Friends (Secondary)

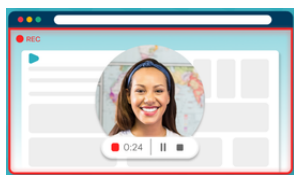

Mar. 24 | Virtual - MS Teams Webinar | 4:45 pm

Discover how Pear Assessment integrates with the Pear ecosystem (Pear Start and Pear Practice) to streamline student knowledge checks. Easily create formative assessments and access real-time data to drive instruction.

## Video-Based Student Discussions with WeVideo ClassFeed

April 14 | Virtual - MS Teams Webinar | 3:30 & 4:45 pm

Learn how to transform static assignments into interactive, social-style feeds where students share their thinking through video. You will learn to create secure "Quick Recording" prompts that encourage peer-to-peer feedback and collaborative reflection.

## BenQ Board - Beyond the Basics

May 6 | Admin Bldg. | 4:45-5:45 pm **FOMO Live!**

*For experienced BenQ users; not for beginners.*

Explore advanced features that elevate instructional efficiency and interactivity. Maximize native apps for deeper student engagement, manage files seamlessly across cloud platforms, and leverage more built-in tools.

## End of Year Clean Up (Elementary)

May 12 | Virtual - MS Teams Webinar | 3:30 pm

**Google Classroom, GoGuardian, & Seesaw**

Let's navigate a step-by-step checklist that will help you clean up these programs as you transition from one school year to the next. Walk away with great tips to assist you in keeping your digital life organized, clutter-free, and efficient for a new year.

## End of Year Clean Up (Secondary)

May 12 | Virtual - MS Teams Webinar | 4:45 pm

**Google Classroom, GoGuardian, & Google Drive**

Let's navigate a step-by-step checklist that will help you clean up these programs as you transition from one school year to the next. Walk away with great tips to assist you in keeping your digital life organized, clutter-free, and efficient for a new year.
