Emergent Bilingual (EB)	194	41.72%

Strengths

- Diverse student population
- GPK8 has a very diverse teacher and staff environment

Problem Statements Identifying Demographics Needs

Problem Statement	Root Cause
1 ★ High percentage of economically disadvantaged and at-risk students	Parents of economically disadvantaged students seek out charter schools more often than others
2 ★ High percentage of English language learners.	About 41.72% of our students are EL/EB.
3 ★ Lack of experienced and certified teachers.	Difficult recruiting & retaining certified teachers.
4 ★ Inefficient progress monitoring of students' data and progress on computer programs	PD needed on how to use the data and how to monitor students usage on such programs.

Student Learning

Summary

Based on our interim and TTAP data for the 2024-2025 school year. Projection for STAAR is based on the data below.

Interim Assessment Data

6th Grade ELAR

DNM - 33% Approaches - 23% Meets - 19% Masters - 24%

6th Grade Math

DNM - 41% Approaches - 45% Meets - 11% Masters - 3%

7th Grade ELAR

DNM - 36% Approaches - 14% Meets - 20% Masters - 30%

7th Grade Accelerated Math (TTAP)

DNM - 65% Approaches - 24% Meets - 9% Masters - 2%

8th Grade ELAR

DNM - 41% Approaches - 29% Meets - 11% Masters - 20%

8th Grade Algebra I

DNM - 56% Approaches - 20% Meets - 10% Masters - 14%

8th Grade Social Studies (TTAP)

DNM - 52% Approaches - 48% Meets - 20% Masters - 5%

8th Grade Science

DNM - 38% Approaches - 23% Meets - 12% Masters - 27%

A comparison of STAAR 2023-2024 and the interim data shows the following:

6th grade increased in Did Not Meet for Reading; increased in Masters for Math and Reading;

7th grade increased in Did Not Meet for Reading; increased in Masters for Reading;

8th grade decreased in Did Not Meet for Social Studies; increased in Meets and Masters;

8th grade increased in Did Not Meet for Science; increased in Masters;

8th grade increased in Did Not Meet for Algebra I;

Strengths

Increase in Masters for 6th grade Math and Reading; 7th grade Reading; 8th grade Social Studies and Science.

School Processes & Programs

Summary

We use a number of sources to find high caliber staff such as our campus website, university career fairs, and Region 10 and 11 job fairs. Our interview process clearly outlines the mission, philosophy, and expectations for our school. We have recruited teachers from Spain and China to teach our trilingual model. ILTexas will continue to work with Region 10 & 11 and the district to actively find qualified teacher candidates to fill positions within the school. Teachers have the professional freedom to be innovative and creative. They have opportunities to have input into decision making on campus.

We will have wonderful ethnic diversity in our faculty/staff population; we are truly international. We have faculty/staff from Mexico, Puerto Rico, Spain, China, Philippines, and more.

Finding highly qualified teachers to teach our trilingual model has required the charter to look outside of the US for teachers. This year we have the recruitment of teachers from Spain, Philippines, and China. This year we have also increased the number of teachers who received the Teacher Incentive Allotment (TIA). This has resulted in significant salary increases for teachers, making our salary more competitive with local ISDs.

We will have a professional learning community and an atmosphere of collegiality. Our grade level teams plan together work towards common goals. Our staff members are able to rely on each other for support, suggestions, and assistance.

Our parents work in a partnership with teachers by engaging in open communication through a weekly newsletter, emails, and phone calls. Our PTO assists with events that will better connect parents to the school community.

The student council, the voice of the students, will engage in monthly meetings with the principal for an open discussion about the school. These conversations allow the students to highlight the positive as well as identify areas of improvement within the school.

A focus on modeling, monitoring and enforcing the 3 Bs.

Campus leadership will work with staff to develop a course of action so that all students have the opportunity to successfully meet grade-level academic performance gains and STAAR performance gains. Teachers will follow the TEKS RS Scope and Sequence and curriculum for all core subject areas, as well as participate in activities designed to analyze data based on the state, district and local assessments. Teachers will meet with instructional coaches weekly to review the lesson plans for the following week. The focus will be on alignment and rigor.

3rd and 4th grade students will take STAAR Reading and Mathematics tests and 5th graders will take STAAR Reading, Mathematics and Science. Students will MAP in grades 2nd-5th. All students K-5th will take district progress measurement assessments and students in STAAR tested grade levels will take state Interim assessments. Critical thinking and problem-solving skills will be emphasized in all core subject areas. All students will complete the monthly IStation assessment.

Economically disadvantaged, LEP and at-risk student population groups who have established a pattern of non-mastery will be targeted for remediation. Small group instruction, tutorials, parent-teacher conferences and consistent written and oral communication between home and school will ensure that home and school work together provide the necessary support to students to bring about student success. ILTexas GP will provide student support services as outlined in IEPs, and 504 accommodations for qualifying students.

Organize and foster a positive and safe environment that is conducive to meeting the needs of all students, staff and parents.

All teachers have been trained on how to best use current technology students have to best support their learning.

All staff members have been provided a laptop. We have document cameras and Interactive/whiteboards in all classrooms. In addition, all students in grades 3 through 5 are provided their own Chromebooks. Students in Kinder to 2nd grade are provided a class set of Chromebooks.

Strengths

We will have a learning community and an atmosphere of collegiality. Our grade level teams plan together work towards common goals. Our staff members are able to rely on each other for support, suggestions, and assistance.

Our parents work in a partnership with teachers by engaging in open communication through a weekly newsletter, emails, and phone calls. Our PTO has been formed and assists with events that will better connect parents to the school community.

Teachers utilize technology daily in their instruction.

Students in grade K-5 have access to Chromebooks for class/home assignments.

Students can utilize technology for homework assignments and projects

Utilize media specialist to coach teachers in the effective use of technology as an instructional tool.

We are guided by the TEKS and follow TEKS RS. Teachers are required to use these resources to guide their planning, instruction and assessment. Teachers plan with their grade level teams. Teachers have dedicated Data analysis days every 6 weeks to review student levels and instructional needs. They also have extended time daily to meet with grade level team or partner teachers.

- Teachers have the support of partners and team members,
- Teachers plan lessons, activities and assessments together as a team,
- Teachers have access to several on-line programs: Mathia, IStation, etc.
- Teachers utilize Eduphoria
- Teachers have the support of the District Content Coaches
- Additional instructional assistants
