

Adelante Charter School: Five Year Focus on Excellence

Strategic initiatives that build on our strong foundation by assessing needs, aligning systems, and driving continuous improvement with measurable results across our school community.

Our Mission and Biliteracy Pathway

> The mission of Adelante Charter School is to develop biliterate, multi-cultural students whose strong academic and cultural foundations prepare them to meaningfully participate and provide leadership in their families, their community and their world to create a more just and equitable society.

Our 90:10 biliteracy model strategically blends Spanish and English instruction across grade levels to foster true linguistic and cultural proficiency.

This gradual transition ensures strong academic Spanish foundations while building proficiency in Spanish and English.
