CHS-CTE Student Expectation Agreement

Attending CTE programs is an excellent opportunity to expand the scope traditionally associated with educational programming at the high school level. We encourage all students to consider various programs that CTE offers during their junior and senior years. Along with the added opportunities provided through participation in CTE programs comes certain responsibilities and expectations that must be followed. Failure to consistently follow the following expectations may result in suspension of a student's right to attend CTE programs for a specified period, up to and including no longer being eligible to continue taking CTE programs.

All AM and PM CTE students are encouraged to ride the bus to/from CTE off-campus programs every school day.

In any instance in which a student is allowed to drive to/from CTE, it is prohibited for students to ride together in a single vehicle to/from CTE. If a student has written permission to drive him/herself to/from CTE, they are ONLY allowed to drive themselves. A first violation of this will result in a 30 day loss of driving privilege to CTE. The second violation will result in the loss of the privilege permanently. Additionally, any student failing their CTE class will lose their driving privileges.

AM CTE students are to immediately enter CHS upon parking their vehicle or stepping off the CTE bus at the end of the morning. If a student needs to return to their car for any reason after entering the school, they MUST go into the office and get permission before doing so.
CTE students should go to their locker to check their bag, jacket, etc. then proceed immediately to the media center and check in with Mrs. McGee until students are dismissed to their next class or lunch. From the media center, students are allowed to request a pass to another location in the building. Failure to check-in at the media center will result in a log entry for "skipping".

PM CTE students who drive to CTE are free to end their school day when dismissed from CTE. Students who ride the bus to/from CHS before/after school are encouraged to immediately enter the high school upon stepping off the CTE bus at the end of their day. At this time, students should proceed directly to the media center to check-in with Mrs. McGee.
Students who drive to/from home to/from CHS but take the bus to CTE are allowed to go directly to their car with the expectation that they immediately leave campus. Once a CTE student goes to their car, they are NOT allowed to re-enter the high school and must leave school grounds immediately until the official end of the school day. Any student who goes to any other student's car in the CHS parking lot must also leave school grounds immediately until the official end of the school day.

CTE

Parent/ Guardian Consent Form for a Student Driver

Your high school student is currently enrolled in an "Off Campus" class and has requested permission to drive themselves to the instructional site. Unless notified during the scheduling process your student's high school does provide transportation to and from this site. If you consent to your high school student being allowed to drive their vehicle to and from this class please sign and return this form to the High School office. Please be advised that your consent shall also acknowledge that the district shall have no legal responsibility for any events which may occur while your child is driving to/from the program site and your child will be unsupervised during the travel time. Also, your own personal auto insurance will be primary coverage in the event of any accident and no coverage will be afforded under any school district insurance.

Statement of Consent and Release of Liability

I _____ give permission to _____so that

Parent/ Guardian Name Student Name

he/she may be able to use their personal vehicle to get to and from the off campus class that they are currently enrolled in through _____ High School.

School

I understand that while my high school student is driving his or her own vehicle to and from the instructional site there will be no supervision. I also acknowledge that my own personal auto insurance provides adequate coverage for property damage and bodily injur**y for both the vehicle and its occupants and will be primary coverage in the event of any incident arising out of this self-provided transportation. Accordingly, I hereby release the _____ School District from any and all loss, claim, injury and/or damage**

School

which might occur, arising from the use and operation of the motor vehicle driven by my high school student.
