

## WEST BEND SCHOOL DISTRICT UPDATE

**July 16, 2025**

### **Complete Back-to-School Registration**

Registration for the 2025-2026 school year for each returning student should be completed by August 8. It is critical for the schools to have the most up-to-date information and for GoRiteway to have transportation details to establish efficient and accurate routes. Thank you for making this registration process a priority.

#### **1) Registration**

Go to [Skyward Family Access](#) to complete back-to-school registration. Make sure all sections, including health, transportation, and emergency contact, are completed. Follow these [instructions](#). (If you are new to the West Bend School District or have forgotten your login information, click on Forgot Your Login/Password and follow the directions to get new credentials.)

Getting bus routes completed as soon as possible is our goal. **Please make sure to complete the Transportation Request portion of registration accurately.**

(Early Learning Program transportation is separate and will be shared with families about one week before school starts.)

**Please complete the registration by Friday, August 8.**

#### **2) Fees**

Fees can be paid through the online portal [RevTrak](#) or by check at a school. The registration fee helps offset the costs of various educational materials and services provided to students such as textbooks, workbooks, technology resources (including student device insurance), classroom supplies, art supplies, and physical education equipment.

Options are available for anyone experiencing financial hardship. Please contact the WBSD business officer at 262-335- 6193 to set up a payment plan. Families eligible for free or reduced-price meals can also complete a [student costs waiver](#) form to request a waiver of fees.

If you have questions about the free and reduced-price meals eligibility, please contact Tom Dembski at [tdembski@wbsd-schools.org](mailto:tdembski@wbsd-schools.org).

## Crisis Materials on Website

Even though school is not in session, the West Bend School District continues to support students and families with resources that are available anytime on the district website. The **Student Services Department** has curated tools and guides that help parents engage with children about current events, navigate media safely, and foster communication.

[Available resources](#) include:

- Tips for talking with children about current events and difficult topics.
- Guidance on setting parental controls on social media platforms.
- The WBSD Mental Health and Community Resource Guide, which includes information on local counseling, health services, youth programs, and more.

If you have questions or would like support, our Student Services team is available throughout the summer. You can reach out by calling 262-335-5425. Visit [www.west-bend.k12.wi.us](http://www.west-bend.k12.wi.us), then click on the [Student Services](#) section under Departments to access these tools and more.

# DESIGN AND CONSTRUCTION UPDATE

## Construction is On Time and On Budget

Construction on the safety/security and other updates at McLane and Green Tree Elementary Schools is on time and on budget. Highlights include:

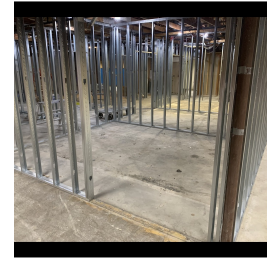

### McLane

- All major demolition work has been completed, with the exception of window removal, which will be conducted closer to the installation timeframe.
- Contractors have completed all concrete floor cutting and removal for new plumbing.
- Installation of electrical conduits for electrical systems, security systems, and fire protection infrastructure is taking place.
- Preparation for the window replacement project is underway, with staging and installation plans being developed.
- Construction of new interior walls as part of the secure entry sequence, office area, and nurse's space is underway.

### Green Tree

- Demolition work has been completed throughout the building, with the exception of exterior doors and windows.
- In-floor plumbing rough-in work has been completed and passed inspection.
- The majority of internal framing is complete, with only some restroom areas remaining.

- Electrical conduit rough-ins are being completed and drywall installation is expected to begin next week.
- All flooring requiring replacement due to in-ground plumbing work has been removed, and preparation for new flooring installation has been completed.
- Wiring for security upgrades is nearly complete, the wall between the former main vestibule area and the new office area is being opened to accommodate the new secure entrance sequence and windows.
