The district will provide an opportunity for tribes and parents of Indian children to provide their views on the district's educational program and activities, including recommendations on the needs of their children and on how the district may help those children realize the benefits of the district's education programs and activities. As a part of this requirement, the district will:

 - Modify the method of and time for soliciting Indian views, if necessary, to ensure the maximum participation of tribes and parents of Indian children.

Parents of Indian children and the tribe may submit comments directly to the superintendent or designee via email, mail, or telephone at any time during business hours. - C. At least annually, the district will assess the extent to which Indian children participate on an equal basis with non-Indian children in the district's education program and activities. As a part of this requirement, the district will:
- Share relevant information related to Indian children's participation in the district's education program and activities with tribes and parents of Indian children, and
 - Allow tribes and parents of Indian children the opportunity and time to review and comment on whether Indian children participate on an equal basis with non-Indian children.

The district will monitor and review school data regarding Indian children participation in academic and co-curricular activities to assess the extent of the children's participation in the district's educational programs on an equal basis.

The district will share summaries of the results of this assessment with the parents of Indian children and tribes at the monthly Parent Advisory Committee meeting one month after the results have been compiled. Tribal officials and parents may discuss the extent to which Indian children participate with non-Indian children during the meeting. Additionally, parents of Indian children and tribal officials may express their views on participation through direct communication with district officials at that meeting, or by writing or telephoning the superintendent or designee at any time during business hours.

- D. Based upon the results of any assessment or input described in A. through F., the district will determine whether it is necessary to modify its policy and/or procedure.

Parents and tribes may provide input by direct written correspondence with the superintendent or designee at any time during business hours. The superintendent or designee will determine whether any such recommendations shall be implemented within a reasonable time. Upon any decision to modify policy and/or procedure, the district will provide the affected tribes and parents of Indian children with written notice regarding the nature of the changes.

By the end of each school year, the district will respond in writing to comments and recommendations made by tribes or parents of Indian children. If multiple comments address the same topic, the district may group those comments together in responding to them.
