## Summer 2026 at Providence Day School

*Times may change, but the power of play is timeless.*

For 30 years, Providence Day has helped children grow powerful through summer camp opportunities in sports, academics, art, technology, and more.

Our camp staff includes many well-loved PD teachers and coaches as well as trusted camp partners such as CreativeKids and SmArt Educational Art. With individualized attention and unflinching enthusiasm, they will make sure your child discovers the joys of summer camp in a safe, inclusive environment. Choose from half-day or full-day options that suit your family's schedule, then leave the rest to us!

# CAMP SCHEDULE

We offer nine sessions of programming beginning **June 1, 2026**. You can choose morning, afternoon, or full-day camps, or mix and match half-day camps to create an all-day adventure.

The following pages list our camps alphabetically. We've included all the details at a glance — dates, times, rising grade levels, and prices. We've indicated our NEW programs,

too, for campers who are ready for something fresh. Carpool drop-off and pick-up zones will be sent to families just before camp begins. For camp descriptions, our summer website is your best resource. Each camp listing includes a detail page including what to bring to camp as well as a bio of the camp director. Go to [Summer.ProvidenceDay.org/Dates-Rates](https://Summer.ProvidenceDay.org/Dates-Rates).

Looking for something more academic? PD Academy is our traditional summer school where you'll find courses like Health, P.E and SAT Prep for middle and high schoolers. Check out PD Academy on [page 7](#).

The selections have been carefully curated and the favorites fill up fast, so grab a pencil, print a copy of our convenient Camp Planner at [Summer.ProvidenceDay.org/Dates-Rates](https://Summer.ProvidenceDay.org/Dates-Rates) and start planning your summer NOW!

## NEW: **I D E A S** at Providence Day

Guided by our expert Providence Day IDEAS team, each camp is crafted to encourage exploration, develop practical skills, and inspire students to think in new and innovative ways.
