

FIVE-YEAR FINANCIAL FORECAST NOTES AND ASSUMPTIONS

For the Fiscal Years Ending June 30, 2023 through 2027

November 22, 2022

Focused on Teaching and Learning

General

The Ohio Constitution assigns the state the responsibility for a thorough and efficient system of public common schools as adopted in Article VI, section 2, which states, “The General Assembly shall make such provisions, by taxation, or otherwise, as, with the income arising from the school trust fund, will secure a thorough and efficient system of common schools throughout the state; but no religious or other sect, or sects, shall ever have any exclusive right to, or control of, any part of the schools funds of this state.”

Ohio Revised Code (ORC) section 5705.391 and Ohio Administrative Code (OAC) section 3301-92-04 require a Board of Education (BOE) to submit a five-year forecast of operational revenues and expenditures along with assumptions to the Ohio Department of Education (ODE) prior to November 30 of each fiscal year and to update this forecast between April 1 and May 31 of each fiscal year. The Treasurer/CFO submits the forecast. The Board of Education is recognized as the official owner and has ultimate responsibility for its development.

A financial forecast can be broadly defined as the expected financial position and the results of operations and cash flows based on expected conditions. The five-year financial forecast is a key management planning tool designed to aid decision making in establishing and maintaining a prudent level of financial resources to ensure stable tax rates as well as to protect against reducing service levels or raising taxes and fees because of temporary revenue shortfalls or unpredicted one-time expenditures.

Three key objectives of the five-year financial forecast include the following:

- 1) To engage the local board of education and the community in long range planning.
- 2) To serve as a basis for determining the school district’s ability to sign the certificate required by O.R.C. 5705.412, commonly known as the “412 certificate”.
- 3) To provide a method for the ODE and Auditor of State to identify school districts with potential financial problems.

This document details a line-by-line description of the assumptions made in developing the forecast.

Required funds to be included in the forecast are:

- General funds (001)
- Any special cost center associated with general fund money
- Any debt service (002) activity that would otherwise have gone to the general fund
- Student Wellness and Success funds (467) are ***excluded***

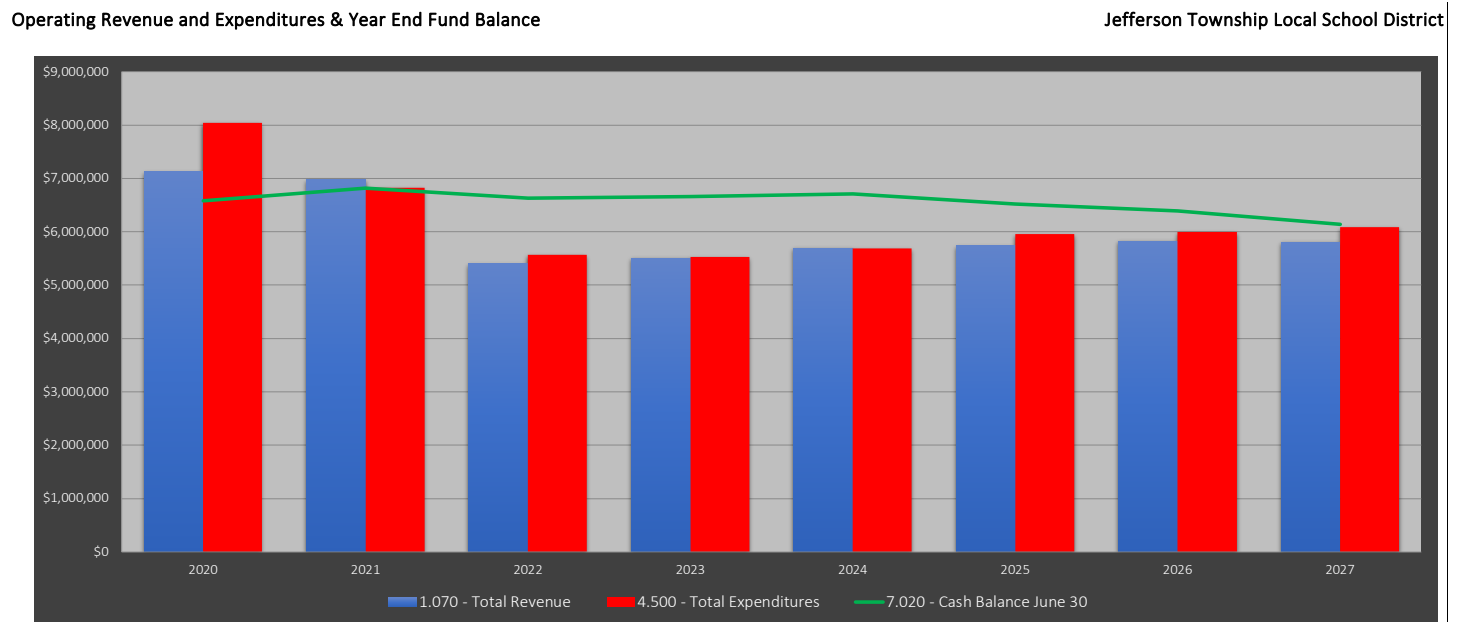

The American Institute of Certified Public Accountants (AICPA) Guide for Prospective Financial Information defines “Particularly Sensitive Assumptions” as having a relatively high probability of variation that would materially affect the financial forecast. This may be due to a relatively high probability of a sizable variation or the probability of a sizable variation which is not as high but a small variation would have a large impact.

The following factors may be classified as such:

- Revenue and Other Financing Sources:
 - ❖ General Property Tax factors include taxable values, tax rates and collection rates.
 - ❖ Unrestricted Grants-In-Aid factors include political forces in the state biennium budget cycle, student enrollment and property/income wealth.
- Expenditures and Other Financing Uses:
 - ❖ Personal Services factors include student enrollment and staffing levels.
 - ❖ Purchased Services factors include educational service center (ESC) instructional support and special education services, transportation, and open enrollment.

Effective Tax Rates

Based on the tax value increases, voted tax rates are reduced proportionately to produce the same amount of revenue as originally approved by the voters. Conversely, if tax values should happen to decrease, voted tax rates are raised proportionately up to the maximum revenue amount approved by the voters. The 6.60 unvoted inside mills is not impacted by tax value changes. District general fund voted levies are below:

Original Year of Passage	Term	Year Levy Was Last Approved	2022 Full Voted/ Amount/Millage	2022 Class I Effective	2022 Class II Effective
1976	Continuing	1976	25.80	7.826636	14.513248
1981	Continuing	1981	7.00	2.696260	3.990938

2008	Continuing	2008	5.00	4.310705	4.508420

Collection Rates

- Class I property consists of agricultural and residential property.
 - ❖ The projected 5-year average annual collection rate is 90.03.
- Class II property consists of public utility real, industrial and commercial property.
 - ❖ The projected 5-year average annual collection rate is 98.14.
- The combined gross collection rate, including delinquencies, is projected at 100.47%

- ✓ The actual 3-year average annual change was 0.4%.
- ✓ The projected 5-year average annual change is 1.3%.

Line 1.020 Personal Property Taxes

Public utility personal property (PUPP) taxes are assessed on electric power and natural gas providers. The assessed value is taxed at the full voted rate of 59.40 mills. Public utilities report personal values annually which may cause substantial fluctuations from year to year.

- Public utility personal property is subject to taxation on their tangible personal property include electric, rural electric, natural gas, pipeline, water works, water transportation, heating, and telegraph companies.
 - ❖ The projected 5-year average annual collection rate is 99.92%.
- The gross collection rate, including delinquencies, is projected at 99.92%

- ✓ The actual 3-year average annual change was 4.3%.
- ✓ The projected 5-year average annual change is 1.1%.

Line 1.035 Unrestricted Grants-in-Aid

The funding of K-12 public elementary and secondary schools in Ohio is a joint effort between the state and local school districts. State foundation funding distributions to school districts are determined by the biennial budget bill. The state budget is adopted in odd numbered years and implemented beginning in even numbered years. Payments are received twice per month.

The 134th General Assembly adopted the FY 2022-2023 biennium budget as Amended Substitute House Bill 110 (HB 110). Due to significant changes to the calculation and payment of state foundation funding the Ohio Department of Education (ODE) made the transition to the new formula in January 2022.

The most significant change in the funding is a move to fund students where they are educated, rather than where they reside. Community school students, STEM school students, students participating in a scholarship program (EdChoice, Cleveland Scholarship, Autism Scholarship, and Jon Peterson Special Needs Scholarship), and students participating in open enrollment will all be directly funded at their educating entity. This change will eliminate the deduction and transfer of funds from resident districts to educating entities for students participating in these school choice options. Historical and projected Total ADM and District Educated Enrollment follows:

The Summary School Finance Payment Report (SFPR) is comprised of the following lines:

State Support

- A. Base Cost – which includes five sub-components:
 - a. Teachers
 - b. Student Support

- Q. Educational Service Center
- R. Other Adjustments
- S. Total Transfers – Sum of lines Q and R.
- T. Net State Funding – Sum of lines P and S.

Under HB 110, the Fair School Funding Plan (FSFP), all the calculated elements of Foundation Funding in FY 2023 are phased-in. Districts receive the phase-in percentage of the difference between the FY 2023 Calculated State Funding and the Base State Funding in addition to the amount identified as Base State Funding.

- Lines A, B, C, E, F, G are phased-in at 33.33%. Line D, DPIA, is phased-in at 14%.

Ohio's Fair School Funding Plan Base Cost State Share Overview - FY 2023

Beginning in FY 2022 Ohio adopted the Fair School Funding Plan (FSFP). Funding is driven by a base cost methodology that incorporates the four components identified as necessary to the education process. The Base Cost is currently calculated for two years using a statewide average from historical actual data.

For Jefferson Township Local School District the calculated Base Cost total is \$3,231,952 in FY 2023.

There are four Base Cost component areas: Direct Classroom Instruction \$1,457,863, Instructional and Student Support \$673,623, Building Leadership and Operations \$442,639, Leadership and Accountability \$657,827. Of the total base cost about 87% is estimated for personnel related cost. Note: Calculations are based upon Financial Planning Software - Assumption Assist.

Casino revenue is also included and projected based upon enrollment and per pupil amounts as follows:

- ❖ 2023=\$65.29; 2024=\$67.25; 2025=\$67.92; 2026=\$68.60; 2027=\$69.28

- ✓ The actual 3-year average annual change was -25.1%.
- ✓ The projected 5-year average annual change is -2.6%.

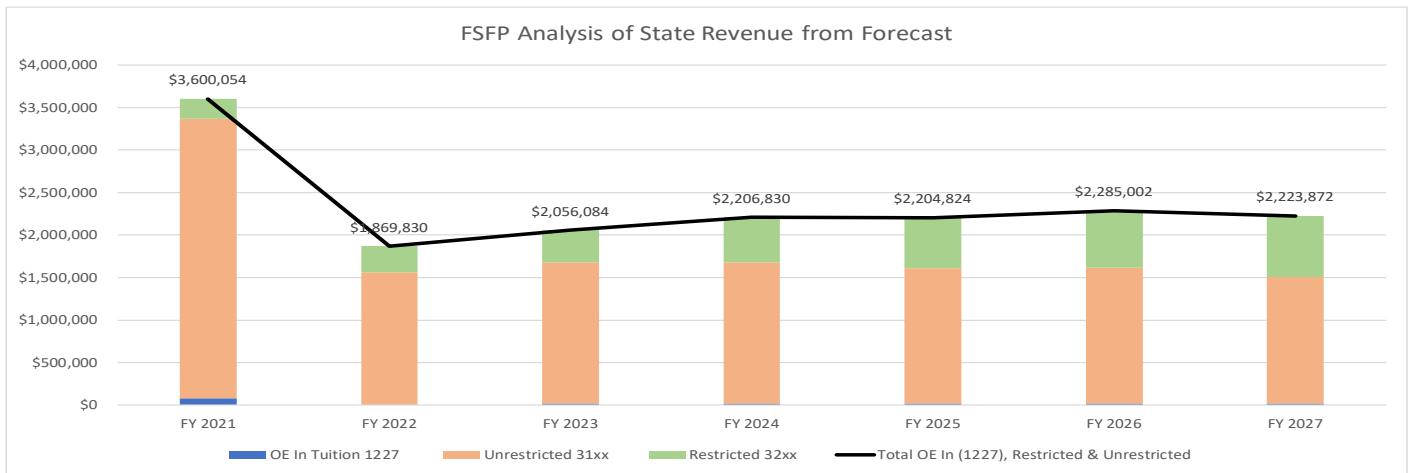

Line 1.040 Restricted State Grants-in-Aid

The new funding formula includes restricted funding elements as indicated below.

- ❖ D. Disadvantaged Pupil Impact Aid (DPIA) - formerly known as Economically Disadvantaged
- ❖ E. English Learners
- ❖ F. Gifted
- ❖ G. Career Technical Education
- ❖ Disclosure. Student Wellness and Success – included in Base Cost

- ✓ The actual 3-year average annual change was 16.3%.
- ✓ The projected 5-year average annual change is 18.0%.

Line 1.050 Property Tax Allocation

This line includes state reimbursement for public utility deregulation (PUD), electric deregulation (KwH), homestead and rollback, and the “ten-thousand-dollar exemption” where businesses are exempt from paying the first \$10,000 of property tax. The reimbursement from the state is made twice a year in November and May.

- ✓ The actual 3-year average annual change was -0.9%.
- ✓ The projected 5-year average annual change is 0.2%.

Line 1.060 All Other Revenues

This line item serves as a category for sources not included above such as investment income, payments in lieu of taxes, facility rentals, fees, tuition and donations. Estimates are based upon historical trends.

- ✓ The actual 3-year average annual change was -29.1%.
- ✓ The projected 5-year average annual change is -0.4%.

Lines 2.010 through 2.060 Other Financing Sources

Included in this category are operating transfers-in and advances-in. Advances-in include returns of money advanced by the General Fund to other funds to cover a short-term end of year deficit balance.

- ✓ The actual 3-year average annual change was 9.5%.
- ✓ The projected 5-year average annual change is -6.0%.

4.500 - Total Expenditures	8,041,935		5,523,369		5,991,646		-25.49%

Line 3.010 Personal Services

The expenditures in this category are for salaries and wages for services rendered for all union and non-union employees. In addition to cost-of-living wage increases, a majority of employees who are paid on a salary schedule receive vertical step increases based on years of experience. Additionally, certified staff can move horizontally between ranges on the salary schedule by furthering their education (i.e. Bachelor’s Degree to Master’s Degree, etc.). Professional staff members are represented by the Jefferson Township Education Association (JTEA). The current contract expires June 30, 2025. Classified staff are represented by Ohio Association of Public School Employees (OAPSE) 674. This contract expired June 30, 2021.

Key personal services factors used in the model are highlighted below:

- Costs for horizontal range increases are between 0.10% and 1.0%.
- JTEA employees will receive a base increase of 3% in fiscal year 2023, and 2% in 2024 and 2025.
- OAPSE employees will receive a base increase of 30% in fiscal year 2023.

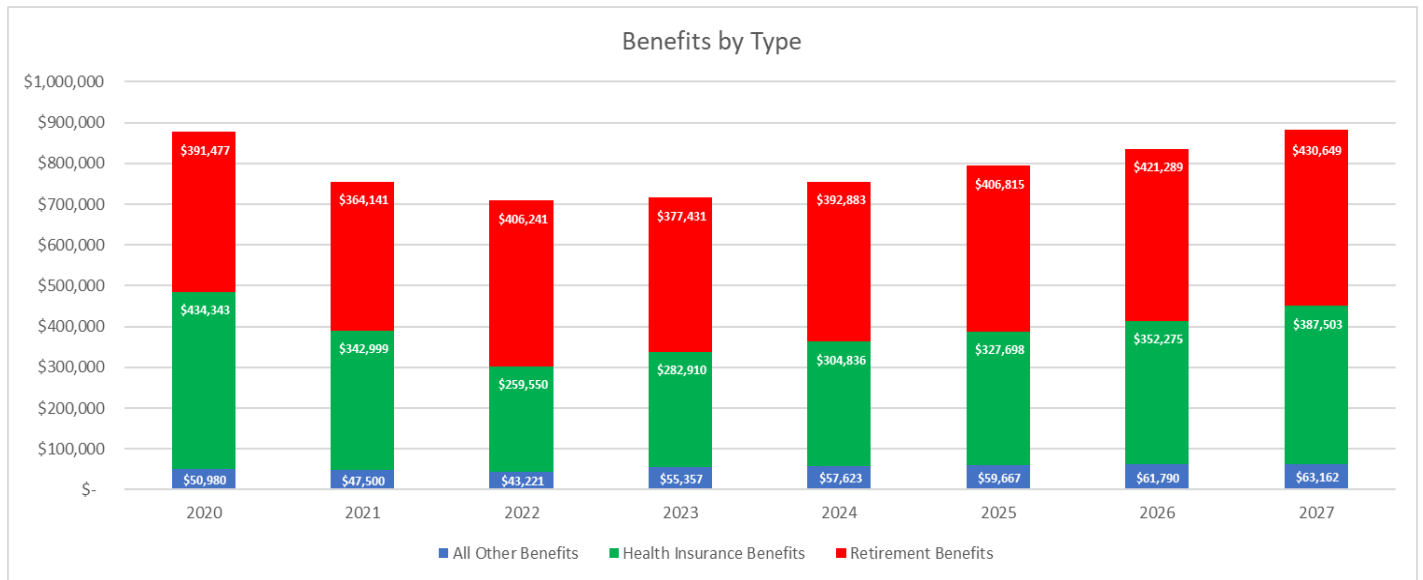

- ✓ The actual 3-year average annual change was -11.4%.
- ✓ The projected 5-year average annual change is 3.4%.

Line 3.020 Employees’ Retirement and Insurance Benefits

Employee benefits include the following:

- Employer retirement payments to the State Teachers Retirement System (STRS) and the School Employees Retirement System (SERS) are equal to 14% of salary. SERS levies a surcharge for part time employees who earn less than \$35,800. There is a cap of 2% of total district payroll. In addition, SERS cannot collect more than 1.5% of the total statewide payroll.
- Health and dental coverage are provided through the Southwest Ohio Educational Purchasing Council.
 - ❖ The 2023 health increase is 8% and future increases are projected at 7.5%.
 - ❖ The 2023 dental increase is 1.5% and future increases are projected at 0%
- The district contributes 80% of the health and dental premium for full-time staff.
- The district contributes 62% or 40% of the health and dental premium for part time staff.
- Workers Compensation continues in a Group Retrospective Rating Program.

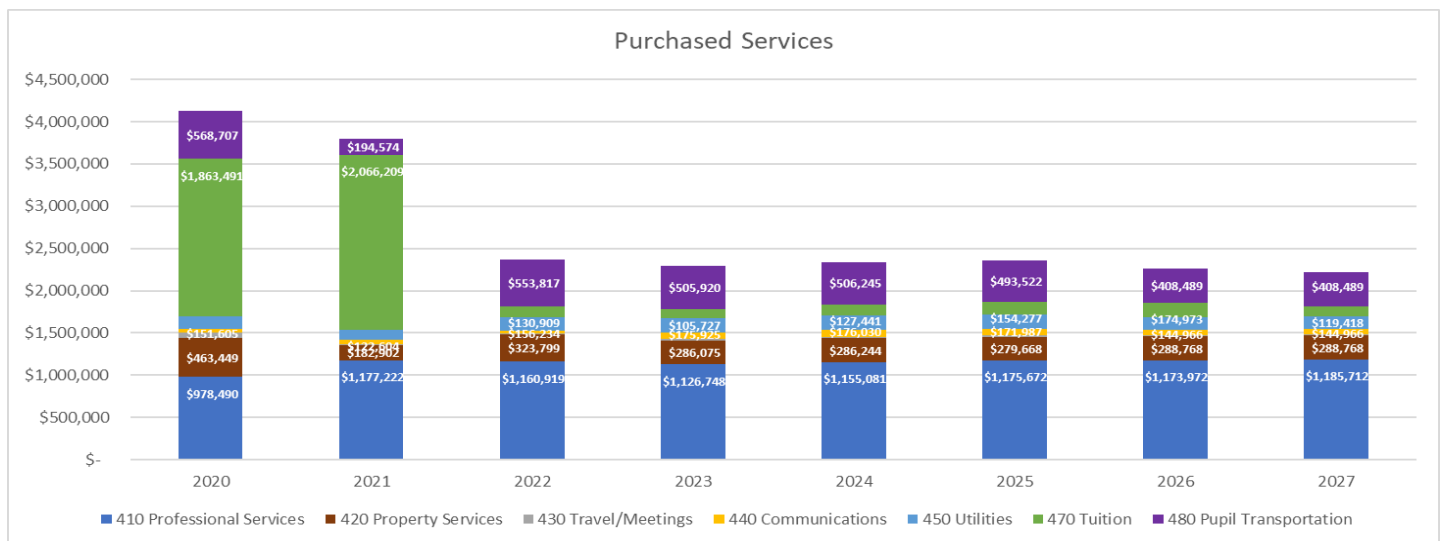

- ✓ The actual 3-year average annual change was -10.0%.
- ✓ The projected 5-year average annual change is 5.3%.

Line 3.030 Purchased Services

This line includes costs for transportation, instructional support services, special education services, contracted services, utilities, legal services, data processing, tuition and professional meeting expenses and lease payments.

The big change in HB110 is a move to fund students where they are educated, rather than where they reside. Community school students, STEM school students, students participating in a scholarship program (EdChoice, Cleveland Scholarship, Autism Scholarship, and Jon Peterson Special Needs Scholarship), and students participating in open enrollment will all be directly funded at their educating entity. This change will eliminate the deduction and transfer of funds from resident districts to educating entities for students participating in these school choice options.

- ✓ The actual 3-year average annual change was -22.8%.
- ✓ The projected 5-year average annual change is -0.7%.

Line 3.040 Supplies and Materials

This line includes general supplies, instructional textbooks, bus fuel, tires and maintenance supplies.

- ✓ The actual 3-year average annual change was 56.5%.
- ✓ The projected 5-year average annual change is 17.5%.

Line 3.050 Capital Outlay

The capital outlay category consists of any item having a life expectancy of five years or more, such as land, buildings, ground improvements, computers/technology, buses, vehicles, furnishings and equipment.

- ✓ The actual 3-year average annual change was 816.2%.
- ✓ The projected 5-year average annual change is 95.1%.

Line 4.300 Other Objects

Expenditures in this category include property tax collection fees, memberships and audit fees.

- ✓ The actual 3-year average annual change was 22.9%.
- ✓ The projected 5-year average annual change is -7.7%.

Lines 5.010 through 5.030 Other Financing Uses

This category includes other financing uses. Operating transfers are amounts transferred to other funds. Advances are a loan from the general fund to another fund to cover a temporary deficit balance. Refunds of prior year receipts are payments received in one fiscal year and returned to original payer in another fiscal year.

- ✓ The actual 3-year average annual change was 328.6%.
- ✓ The projected 5-year average annual change is 37,499.0%.

Line 8.010 Estimated Encumbrances

Encumbrances are legal financial obligations incurred but not paid at fiscal year-end. They are not projected.

Conclusion

State law requires schools to operate with positive cash balances. Additional revenue and/or expenditure reductions will need to be considered prior to years where line 7.020 Cash Balance June 30 is negative. Changes in circumstances and the availability of additional information make this forecast subject to revision. Given the uncertainty of economic factors forecasted years beyond fiscal year 2024 may deviate significantly.
