Mondays & Wednesdays	Tuesdays & Thursdays	Fridays
<ul style="list-style-type: none"> • K-2 Mini Sports • K-2 STEAM Crew • 3-5 Ballet Folklorico • 3-5 Inclusive Technology Workshop 	<ul style="list-style-type: none"> • K-2 Bricks 4 Kidz • K-2 Girl Scouts Afterschool • 3-5 Sports Jam • 3-5 STEAM Crew 	<ul style="list-style-type: none"> • K-2 Mini Sports • 3-5 Cooking Club

Ballet Folklorico

Learn traditional dances of Mexico! Master Teaching Artists teach you to perform elegant dances in vibrant costumes while making new friends of different backgrounds as you celebrate culture!

Girl Scouts Afterschool

Build confidence while having fun in an environment meant to allow them to try, fail, grow and succeed. All program participants will work toward legacy badges like Artist, Citizen, First Aid, and Girl Scout Way. In addition, new and updated badges like Coding, Entrepreneurship, Home Scientist, Outdoor Art Creation, Space and much more.

Bricks 4 Kidz

Learn, build, and play with LEGO® Bricks. Classes are designed to teach the fundamentals of S.T.E.M. (science, technology, engineering and mathematics) education. Each student makes and takes home a custom minifigure!

Inclusive Technology Workshop

We will code in scratch, learn about photography, paint, make slime, make a tessellation, an Engineering project, do stop motion and more!

Sports Jam

Spend the session participating in sports to build a wide range of skills and have fun! Sports may consist of but are not limited to soccer, basketball, flag football, group activities and free-play games

Cooking Club

We cook easy, accessible, and healthy meals with attention to growing our pallet, trying new things, learning basic kitchen skills and an appreciation for individual preference and need. Safety and fun are high priorities!

Mini Sports

Its never to early to start playing sports! Participants will spend the session participating in different sports to build a wide range of skills and have fun!

STEAM Crew

Explore Science, Technology, Engineering, Art, and Math through hands-on projects, exciting experiments, and interactive lessons. From building robots and making slime to creating art, exploring music production, and even trying out beginner AI projects, every day brings something new! *This program is being offered at no cost due to funding from Tacoma Creates.

Programs are subject to change. Please check the Compass App for the most up-to-date information.

About the program

Parks Tacoma and community partners have come together to offer fun, meaningful after school activities to elementary school students.

Beyond the Bell activities take place at all of Tacoma's elementary schools from when school gets out to 5:45pm on program days. To learn more about the program visit BeyondtheBellTacoma.org.

Register on COMPASS

Register on COMPASS (the TPS Family App), and visit the activities page to see program options at your student's school and sign up.
