

CITY OF MEDFORD DISPLAY TABLE POLICY

I. Introduction

This Policy governs the City's Display Table(s) located within City Hall ("City Display Tables"). This policy does not apply to any City display tables located in public buildings not under the jurisdiction of the Mayor.

II. Display Tables – Authorized Materials

The Mayor hereby authorizes the following materials to be displayed on City Display Tables:

- City-related materials produced by a City department and approved by the Mayor and/or her designee;
- City flyers relating to City-sponsored or partially City-sponsored events, as approved by the Mayor and/or her designee.

No other materials shall be allowed on City Display Tables. The choice of which materials to display on City Display Tables is governmental speech, communicating a message to the public, to which the strictures of the First Amendment do not apply. The City does not, nor has it ever, intended to create a forum for private expression on the City Display Tables. Rather, the City has designated the community bulletin board located at City Hall as a place for private individuals or organizations to post community information or events or flyers and said forum is not for City of Medford programs, events, or information but is subject to the applicable disclaimers on the community bulletin board.

Adopted by the City, by and through the Mayor: Jan. 7, 2026.

Mayor Breanna Lungo-Koehn
