If this form is not turned in, parents are required to call the Absence Line at 330-653-1300 to report this absence. The Absence Line can be accessed 24 hours a day and details may be left in advance of the absence. The school is required by the State of Ohio to record days and reasons for student absences.

Please Note: We discourage school absences for the purpose of family vacations. Our curriculum involves a great deal of collaborative work, hands-on experiments, and the use of manipulative materials. In addition, much discussion occurs in the classroom regarding the thinking process. It is very difficult to duplicate these experiences at home or on vacations.

Please return a copy of this form to the main office.
