Saint Olaf Catholic School – Proudly Serving Grades PreK through Eighth Grade

Pre-Kindergarten 3 Opening Fall 2026 in Bountiful, Utah!

Saint Olaf Catholic School has proudly served families in Davis County for 65 years. Since 1960, Saint Olaf has educated generations of students, nurturing children into well-rounded learners and critical thinkers.

Small class sizes allow teachers to provide individualized attention, enrichment, and support. English Language Arts instruction across all grade levels emphasizes problem solving, creativity, and collaboration. Students engage with a wide variety of texts to strengthen comprehension and interpretation and learn to communicate ideas clearly by support claims with evidence while thoughtfully evaluating the reliability of sources.

STEM (science, technology, engineering, and math education) is woven into daily learning in all grades. Through hands-on experiences, students build intuition and creativity while approaching challenges with confidence. Brainstorming, testing ideas, and analyzing results foster critical thinking and problem-solving.

The school's Technology Lab provide Middle School students with engaging, hands-on experiences in coding, robotics, and electronics. Older students explore programming basics and troubleshooting while also learning responsible digital habits, including online safety, information evaluation, and healthy technology use.

Our Christ-centered faith guides us every day. Students participate in religious education daily, attend weekly church services, and support the wider community with service projects and fundraisers.

Saint Olaf students also enjoy enriching physical education, music, and art classes.. After-school opportunities include sports, choir, private string lessons, Student Council, and yearbook. Extended Day Care is available onsite for enrolled students.

We invite you to attend the Saint Olaf Catholic School Open House on Sunday, January 25, 2026, from 12:30–2:00 p.m. Saint Olaf is a qualifying provider for Utah Fits All Scholarships, offering eligible students up to \$8,000 in tuition assistance. For more information, call 801-295-5341 or visit stolafs.org.
