

# BOSC PEAR

## DID YOU KNOW?

- Bosc Pears are a fruit with a long curved stem and an elongated neck that gradually ends in a rounded bottom.
- Bosc Pears have a golden auburn-colored skin. The creamy, off-white flesh is tender yet crisp with a honey aroma.
- Bosc Pears have a pleasantly sweet flavor with hints of fall spices.
- One Bosc Pear provides a good dose of the daily vitamin C you need.

## FUN FACT!

The Pear is native to the coastal temperate regions of Western Europe, North Africa, and Asia.
