January 9, 2026

Dear Bayonne Community,

New Jersey Governor Philip Murphy signed a bill into law yesterday banning cell-phones in schools. This is what we know so far: As per the law – the New Jersey Department of Education must first develop specific guidelines and enforcement guidelines.

We await the New Jersey Department of Education updates, guidance, and regulations on this new law so that we can act accordingly. Look for more information.

Go Bees!

Sincerely,

John J. Niesz
Superintendent of Schools
