

Cherokee High School Parental Involvement Calendar

July 2025 – May 2026

Cherokee High School is a very small Title I school. While not all of these parental involvement opportunities involve every parent in the school, they are all opportunities for parents to visit our school or community locations and take part in events and activities relating to their child's education at Cherokee High School. As always, our offices are always available to schedule and facilitate parent/teacher conferences and parent/counselor conferences for academic or behavior questions or concerns.
