

GHS FRESHMAN ACADEMY

HIGHLIGHTS & WHAT'S NEXT!

December Recap

FRESHMAN EXPERIENCE = GROWTH, EXPLORATION, AND FUN!

Our students have been exploring all of the opportunities available to them at GHS while on their journeys toward personal and professional growth. Throughout the semester, all students were exposed to the GHS Arts and CTE Pathways with classroom presentations, guest speakers, classroom visits, and hands-on activities, all designed to get them thinking about their futures in high school! They learned about Performing Arts, Film & TV Production, Cybersecurity, Aerospace, Sports Medicine and Robotics, to name a few!

CAPSTONE PROJECT

To wrap up the semester, all students worked on their Capstone Projects, during which they narrowed down their top 3 Pathway choices, did some research on each one, and presented their findings to the class! They are now ready to officially choose their Pathways in January!
