

FRESHMAN ACADEMY

HIGHLIGHTS & WHAT'S NEXT!

October Recap

FRESHMAN EXPERIENCE = GROWTH, DISCOVERY, AND FUN!

Our students have been exploring all of the opportunities available to them at GHS while on their journeys of personal and professional growth!

EXPLORING CTE

Students continued their Pathway Rotations in Freshman Experience this month. They learned about the Film & TV Production, Sports & Entertainment Marketing, and Mental & Social Health Technician Pathways.

As part of these experiences, the students got to visit the future Film & TV Production classroom and studio, and they filmed their own short videos! They also got to learn from industry professionals in the field of marketing, and did some exciting hands-on activities in class to get a taste of what their experience might look like in each Pathway. What a blast!

November Look-Ahead
