Update and Extension for Spartan Schools Applications

January 8, 2026

Dear Parents and Students,

We are thrilled to share an exciting opportunity for our students to join the **Spartan Schools of Business and Finance, Technology, and Visual and Performing Arts!** These innovative programs are designed to help students explore their passions, earn college credits, develop specialized skills, and prepare them for college and careers.

On December 19th, our 8th grade students participated in a presentation about the incredible programs available through our Spartan Schools. For those who couldn't attend or would like to review the information, the presentation has been posted on the Spartan Schools page on the Township of Ocean Schools website. We encourage you to check it out to learn more about these unique educational opportunities.

We are also excited to announce that the Spartan Schools **application** is linked here [25-26 Spartan Schools Application](#). Students interested in being part of one of our Spartan Schools must complete an application to be considered. We are in the process of updating our Spartan Schools page on the website and the updated information will be available next week.

The application deadline is January 23, 2026. Don't miss out on this chance to take the first step toward joining a program that aligns with your interests, goals and gives you a head start to your future!

We look forward to seeing your applications and welcoming new students to our Spartan Schools family. If you have any questions, please don't hesitate to reach out.

Thank you for your continued support and enthusiasm as we prepare our students for bright futures!

Sincerely,
Gina Hagerman & James Young
