

**TESTING PROGRAM
(REMEDIAION REGULATION)**

In accordance with the policy of the board of education, the following regulation shall govern the skill reinforcement and remediation of students who do not obtain a satisfactory grade under the Oklahoma School Testing Program Act as implemented by this school district in policy EK and subsequent regulations.

Students who do not perform satisfactorily on the tests implemented by this school district under the above referenced policy shall be provided opportunities for remediation.

The regular classroom teacher will be notified of all students making an unsatisfactory score in a specific curriculum area. The teacher will refer to the Criterion Referenced Test (CRT) report regarding specific objectives for which the student scored unsatisfactorily. The teacher will correlate activities within the classroom in relation to the Oklahoma Academic Standards objectives to assist the student in preparing for future testing.

Students who fail to obtain a satisfactory score will be offered assistance from certified personnel during Expanded Learning Opportunity (ELO) or advisory periods. Students will also be offered the opportunity to work on the computer network integrated learning system (ILS) in basic skill usage on an individual basis at their level of proficiency. Finally, students will be offered assistance through individual subject area review sessions if requested.

A student who is subject to an individualized education plan (IEP) shall be tested only to the extent specified by the student's IEP.
