STUDENT OPPORTUNITY FUND

Hewlett-Woodmere Student Opportunity Fund

The Student Opportunity Fund has helped students defray the costs associated with:

- College application fees
- Environmental trips
- Field trips for all grade levels
- Senior trips
- The Long Island Experience
- Foreign language and cultural outings
- Extracurricular activities

And more ...

Contributions to the Student Opportunity Fund are always appreciated!

It is only through the thoughtful donations of our community members and friends that this worthwhile program is able to continue to offer assistance to our students in need.

Established in 2005, the primary mission of the Student Opportunity Fund is to provide financial assistance to Hewlett-Woodmere students and their families to ensure that as many children as possible can participate in school-related events. The Student Opportunity Fund can help defray the costs associated with after-school activities, field trips, foreign exchange programs, and many other enriching experiences, programs, and activities.

A Great Gift Idea!

Contributions to the Student Opportunity Fund may be made in recognition of, or in memory of, a staff member, student, community member or friend of the Hewlett-Woodmere community.
The Student Opportunity Fund is an ideal way to recognize a staff or community member in lieu of a gift at any time, including the holiday season.
