

WELCOME BABY CHASE!

mrs. sylvia's new baby is here!

Mrs. Sylvia and her family recently welcomed a brand-new baby, Chase, and he's already becoming a school favorite—even though he hasn't stepped into the building yet.

Chase is doing great and is mostly known for two things: sleeping a lot and then suddenly deciding that early mornings are the perfect time to be wide awake. While he enjoys long naps during the day, he makes sure everyone is alert before the sun comes up. Clearly, he's already mastered the art of keeping a schedule... his own.

Our teacher is doing well and adjusting to life with a newborn, with plenty of love (and coffee) involved. At home, Chase has an amazing support team—his big brother and sister have been helping out with their new little brother and learning what it's like to have a baby in the house. From lending a hand to sharing smiles, Chase is already surrounded by lots of care and attention.

Everyone is healthy, happy, and enjoying this exciting new chapter. Please join us in congratulating Mrs. Sylvia and her family on welcoming Chase to the world—we can't wait to hear more updates about our smallest new community member!
