LWSD is proud to serve a growing and diverse community. With more than 30,500 students in 57 schools, LWSD moved from the sixth-largest school district in the state to the second largest in a period of just five years. ## CURRICULUM

Redmond High School is a four-year high school with an approximate total enrollment of 2,400 students. A class size limit of 32 exists for most class sections. Students have a number of course levels from which to choose. Students can take advantage of Honors, Advanced Placement, Dual Credit (where a class has been accredited by a local college for both high school and college credit), full or part-time enrollment in Running Start (a dual enrollment program where college courses are taken at local community colleges), and the WANIC Skill Center (which offers year-long, advanced-level Career and Technical Education programs based on rigorous academic and industry standards). Students may enroll in as many AP/Honors classes as their high school schedule will accommodate. While most AP classes are offered every year, several others are typically offered every other year. In the 2025-2026 school year, LWSD high schools transitioned down to a 6 period day. For multiple years prior, LWSD high schools were operating on a 7 period day schedule.

## GRADING

During a typical school year, one-half credit is granted for satisfactory completion of each semester course that meets four times per week. In the 2025-2026 school year, LWSD high schools adopted a modified block schedule. Each class meets twice a week for a block period, and twice a week for a shorter period. Each semester, classes meet for 18 weeks. A passing grade is a "D." Beginning in the year 2020 to current, students who do not pass their class are assigned an "N" (No Credit). Grade Point Average is computed using semester grades for all high school level classes. N (No credit), S (Satisfactory), and P (Pass) marks are excluded from calculation of GPA. W (Withdraw) indicates the student did not complete the class and is also excluded from GPA calculation.
