

Res Anesthesia Lavespere 2022 REV

Audio	Video
<p>[Dr. Lavespere] Hey. I'm Gabriel Lavespere.</p>	<p>Purple motion background with gold and white L S U Health Shreveport logo in the bottom corner Text: Department of Anesthesiology Residency Program</p>
<p>And one of the things that I would say has really impressed me about our program is the progression that my colleagues and I have made throughout our training here, not only doing procedures, but running cases by ourself. I feel like the amount of time we've had relative to how much we've grown is just really impressive.</p>	<p>Young male doctor with a fair complexion, He has a close cropped beard and mustache with wire rim glasses. He is wearing green scrubs and a blue surgical cap and is sitting on a dark leather couch. Text: Gabriel Lavespere, M D Anesthesiology Graduate</p>
<p>the amount of time we've had relative to how much we've grown is just really impressive. And I definitely think something that if you were to come to our program that you would appreciate as well.</p>	<p>Dr. Lavespere still seated on couch Graphic: White box with purple font: Accelerated skills progression</p>
<p>Another strong point that I would say in our residency program is the amount of camaraderie we have. My co-residents and I love hanging out together and we play basketball a lot. Even some of our attendings come and play basketball with us. Whenever we our schedules align.</p>	<p>Dr. Lavespere still seated on couch Graphic: White box with purple font: Resident and Faculty Interaction</p>
<p>So definitely I think that's a strong point and something I really am proud to speak to about this program.</p>	<p>Dr. Lavespere on couch</p>
