

Crosby Independent School District

Crosby High School

2024-2025 Campus Improvement Plan

Mission Statement

The mission of the District and therefore, the mission of Crosby High School is to produce literate, responsible citizens capable of learning and applying academic and social skills successfully in any life setting. The District is committed to preparing our students for the challenges they face in the 21st century in a safe and nurturing environment.

Vision

The vision of Crosby High School is that Crosby High School educators will make a positive impact on the lives and learning of all students every day.

Value Statement

We value family and community while realizing that not every student has the support needed to enhance school efforts. We value the roles that educators play in fulfilling the needs of students. In Crosby, we value what every person brings to the table, from bus drivers to maintenance workers, to cafeteria and custodial staff to teachers who serve on the front lines. Evidence of the regard we have for staff can be found in efforts by the board and district administration to provide competitive salaries and benefits for all district staff. Compensation is reviewed annually and compared with other school districts. Simply put, we want to provide the best for the students of this community. We also value the roles played by those who support the efforts of this districts. Community members, Chamber of Commerce and Crosby Education Foundation are vital contributors of time, attention and finances that enhance our work with students.

Comprehensive Needs Assessment

Demographics

Summary

- Overall growth continues at Crosby High School. Currently, there are 2187 students enrolled at Crosby High School.
- Significant growth has been documented in our Hispanic and Economically Disadvantaged student populations.
- As the demographics of the Crosby community continue to grow and change, Crosby High School will need to adjust instruction and other educational programming accordingly.
- CHS attendance rate falls below the district's expectation of 96%.
- There has been an increase of 9th grade students entering CHS as Emergent Bilingual students. These learners need additional programming support.
- Only a few parents are involved in daily campus/school activities throughout the school day.
- Many teachers do not understand the environment and/or culture that our students grow up in.

Strengths

Crosby High School continues to graduate more students than the state average, and graduation rates for Economically Disadvantaged and EB students rose from 2015 to 2024.

As these different subpopulations have grown, educational programming has been added to help these students continue to close the achievement gap.

Student Learning

Summary

- Academic Growth in Algebra 1 scores and TELPAS testing scores.
- Students identified as Special Education have made improvements, but remain to struggle in gaining credits needed to graduate.
- Teachers across all disciplines must work to improve in unit/lesson design, higher order questioning, personalization, and student engagement.
- Students who are retesters have very low passing percentages.
- Students entering the 9th grade are struggling both academically and emotionally in their transition to high school.

Strengths

Tier 1 classroom instruction does seem to be having a positive effect on EOC passing rates of first time testers. First time testers passing rates did improve across the board.

EOC scores are at or above the the state average.

We established a student master intervention tracking document for ensuring no student who needs intervention falls through the cracks. This document also tracks qualitative data and integrates unstructured data in order to help make decisions that will impact student performance.

School Processes & Programs

Summary

Crosby High School has a strong focus on vertical alignment, TEKS based curriculum and best practice. Formal instruments for assessment, such as, unit exams and milestones are used to gauge growth and content mastery. Local assessments are designed using the EOC as a model to ensure tight alignment. Structurally built-in interventions are provided to address gaps in learning and support Tier I instruction. Student progress is tracked through Eduphoria, Skyward and Schoology. An emphasis is placed on students monitoring their own progress through classroom data tracking practices as well as Schoology and Skyward.

Every effort is made to hire highly qualified teachers whenever possible. Transition assistance in the form of mentors, subject level teams and on-going new teacher training are provided for all new teachers.

Teachers teach the state mandated TEKS in all subject areas. Teachers are provided with PLC for subject area planning (vertical and horizontal alignment). Instruction continues to move more toward a student centered instruction model and less teacher centered. Milestones are used to obtain disaggregated data for more individualized instruction. All EOC area test data will be maintained in Eduphoria for comprehensive analysis.

CHS is a 1 to 1 campus with every student being issued an iPad. All classrooms have smart projectors and Apple TV. Wireless nodes in every classroom help sustain a very reliable wireless access system. The campus also has digital response clickers and Mobi Interwrite systems for teachers to check out. Teachers and students utilize Schoology as a digital learning platform to enhance teacher efficiency and effectiveness, as well as, student engagement.

CHS students need help using the technology they have been given.

Honors and AP teachers need more vertical teaming to address the needs of GT students.

New or struggling teachers do not always know what "right" looks like in the classroom.

Strengths

New Hybrid Calendar

Common planning periods for EOC teachers

PLC time on Fridays that instructional staff work.

Competitive salary schedule

District curriculum coordinators for the 3 core subject areas

Vertical team meetings during PLC with CMS

Students have 1 to 1 MacBooks/ipads, as well as smart projectors and Apple TV in every classroom

Perceptions

Summary

There is an enormous amount of school pride with both students and faculty. Students feel safe and parents feel welcome. Faculty and staff have developed common organizational core values and guiding principles. Students are provided a common set of high expectations during the first week of school. An atmosphere of mutual respect is common within the campus community. Both students and staff are held accountable to a shared set of high expectations. Societal and cultural differences are respected. Developing an openness and trust for teachers to explore new ideas, take risks and attempt new out of the box instructional strategies in their classrooms. The campus also has a campus morale committee that plans fun events for the staff and provides recommendations to the building principal.

More student leaders and teachers are needed to positively contribute (volunteering, sponsoring clubs and involvement in campus activities) to the overall campus culture and climate.

Students need more of a voice in the organizational leadership of the campus.

Strengths

Small campus family atmosphere

Standing Campus Morale Committee

Organizational core values and high expectations

Goal 2

College or Career Readiness

Graduates of Crosby High School will be prepared for success after high school by being adequately prepared for either college or work force success.

Performance Objective 1

Crosby HS will increase the percentage of students achieving college and career readiness. Achievement of this performance objective can be evidenced in the HB 3 College, Career, and Military Readiness 5 - Year Board Goals.

Evaluation Data Source: Increase in passing rates on SAT, ACT, TSI, and AP exams. Increase in Industry based certifications.

Summative Evaluation: Significant progress made toward meeting Performance Objective

Next Year's Recommendation: Added focus on college entrance exams and continue to work on IBC's.

Strategy 1

Evaluation of Senior Transcripts CHS will assess the transcripts of all Seniors by the conclusion of the Fall semester to determine if they meet the College and Career Readiness Standards. Each senior will have a personalized plan in place to achieve these standards by the end of the academic year.

Strategy's Expected Result/Impact: Students will be on the correct path with a vetted plan.

Title I Summary

Title I - Previous

1.1 Comprehensive Needs Assessment

The campus cabinet will meet and discuss all campus needs relating to instruction, staff, facilities, students, and resources.

We have an established goal of 96% for attendance at CHS. We need to have follow through on incentives and attendance policies.

We will continue to focus on PD for teachers in order to increase the level of our Tier I instruction.

We will continue to improve our targeted instructional teaching and interventions in Reading and in Math.

We will focus on the needs of the individual sub-pops.

2.1 Campus Improvement Plan developed with appropriate stakeholders

The campus improvement committee includes all required stakeholders per TEA rules and the CIP will be reviewed, revised, and updated with input from stakeholders representing all areas.

2.2 Regular monitoring and revision

Campus leadership will consistently monitor and revise the campus improvement plan. The plan will be reviewed in December, February, and April. A summative review follows in June.

2.3 Available to parents and community in an understandable format and language

The plan will be available to parents and community on the website and available for pickup in the front office in English and Spanish.

2.4 Opportunities for all children to meet State standards

We are providing tutorials and interventions in order to reach all students that need accelerated instruction, EB students, and retesters. Student progress will be monitored through a variety of formative and summative assessment methods. Academic supports and interventions will be implemented with all student groups when the need is identified.

2.5 Increased learning time and well-rounded education

We created a new bell schedule with increased class time and we have an initiative for bell to bell instruction. The instruction will be TEKS aligned in all classrooms and will provide tutorial and intervention programs for all students who are in need of additional support. CHS also provides a wide variety of extra-curricular and co-curricular activities that complement the

academic programs.

2.6 Address needs of all students, particularly at-risk

We are addressing the needs of all students through intervention, a creative master schedule, and high impact tutorials. CHS provides a wide variety of programs that address academic, behavioral, social-emotional, and health/wellness needs of students.

3.1 Annually evaluate the schoolwide plan

We will annually evaluate the plan and revise it quarterly.

4.1 Develop and distribute Parent and Family Engagement Policy

We have developed and we will distribute the Parent and Family Engagement Policy.

4.2 Offer flexible number of parent involvement meetings

We have hosted parents for open house, freshman orientation, and senior parent meetings. We are planning Title 1 training meetings and family engagement events for the fall and spring semester.

5.1 Determine which students will be served by following local policy

Crosby High School is a Title 1 campus
