

SOUTH RIVER

PRESCHOOL ENROLLMENT

Eligibility

South River's full-day preschool program is available at no cost to South River residents who are three and four years old.

Children must have turned 3 by October 1, 2026 to be eligible.

About

Using the research-based Tools of the Mind curriculum, our program supports early literacy, math, self-regulation, and social-emotional development through purposeful play and hands-on learning. Children build confidence, independence, and essential school-readiness skills in a nurturing environment that supports the whole child.
