FOR IMMEDIATE RELEASE

Forsyth County Schools Achieves 100% Pathway Completion Rate

Forsyth County Schools (FCS) continues to demonstrate excellence in preparing students for college, career, and life, achieving a 100% Career, Technical and Agricultural Education (CTAE) pathway completion rate and a 100% Fine Arts pathway completion rate.

These outcomes reflect the district's commitment to providing students with meaningful, real-world learning experiences that connect passion, purpose, and preparation for future success.

"When students are given opportunities to explore their interests and apply their learning in authentic ways, they thrive," said Dr. Mitch Young, Superintendent. "Our 100% CTAE and Fine Arts pathway completion rates reflect the hard work of our students and the dedication of our educators to ensuring students are prepared for college, careers, and life."

According to the Georgia Department of Education, the graduation rate for students completing a CTAE pathway rose to 98.45%, exceeding the overall state graduation rate by more than 11 percentage points. This statewide trend underscores the powerful role Career Pathways play in keeping students engaged and preparing them for success after graduation.

Forsyth County Schools CTAE and Fine Arts programs span a wide range of skills, providing students with opportunities to explore interests, earn industry-recognized credentials, and apply learning in authentic settings. These pathways support the district's mission of ensuring all students are prepared for postsecondary opportunities, whether they choose to enter the workforce, pursue technical training, or attend college.

###

Forsyth County Schools is a premier school district in metro Atlanta, serving 55,300+ students representing 129 countries and 69 languages.
