Oral Health Notification Letter
(Letter to be provided with the Oral Health Assessment Form)

(USE DISTRICT LETTERHEAD AND COMPLETE APPROPRIATE SECTIONS)

Dear Parent or Guardian:

Having a healthy mouth helps your child do well in school. To make sure your child is ready for school, California law *Education Code* Section 49452.8, requires that your child have an oral health assessment or dental check-up in his or her first year in public school (kindergarten or first grade). Every child needs an oral health assessment from a licensed dentist or other licensed or registered dental health professional, and a completed Oral Health Assessment form (attached to this letter) to meet this requirement.

If your child has not had an oral health assessment in the past 12 months, they will need one before May 31. Take the attached form to your child's dentist to complete, if your child had an oral health assessment or dental check-up in the past 12 months. The following information will help you find a dentist:

1. You can call the Medi-Cal Telephone Service Center at 1-800-322-6384 or visit Smile California - Find a Dentist (https://smilecalifornia.org/find-a-dentist/) to find a dentist that accepts Medi-Cal. For help enrolling your child in Medi-Cal, you can apply by mail, go in person to your local Social Services office, or online at Apply for Medi-Cal (https://www.dhcs.ca.gov/services/medi-cal/pages/applyformedi-cal.aspx)

2. For additional resources that may be helpful, contact your local public health department, click Apply for Health Coverage (https://www.dhcs.ca.gov/services/medi-cal/Pages/CountyOffices.aspx) to find yours.

When you take your child to the dentist, bring the attached form to be completed.

If you cannot take your child for an oral health assessment, please fill out the separate Waiver of Oral Health Assessment Requirement form, and return the form.

Please return the form to your child's school. Your child's identity will not be in any report. Schools keep students' health information private. You can get more copies of the form at your child's school or on-line from the California Department of Education. (https://www.cde.ca.gov/ls/he/hn/oralhealth.asp)

We want your child to be healthy and ready for school! Even though they fall out, baby teeth are very important. Children need healthy baby teeth to eat, talk, smile, and feel good about themselves. Children with cavities may have pain, difficulty eating, stop smiling, and have problems paying attention and learning at school.

Here is important advice to help your child stay healthy:

- Take your child to the dentist. Dental check-ups can help keep your child's mouth healthy and pain free.
- Choose healthy foods for the entire family, like fresh fruits and vegetables.
- Brush teeth at least twice a day with toothpaste that contains fluoride.
- Limit candy and sweet drinks like punch, juice or soda. Sweet drinks and candy contain a lot of sugar, which causes cavities and leaves less room for your child to have healthy foods and drinks. Give your child healthy choices like water, milk, and fruit instead.

If you have questions about the oral health assessment requirement, please contact the school nurse at your child's school.

Thank you!

Oral Health Assessment Form

California law (*Education Code* Section 49452.8) says every child must have a dental check-up (assessment) by May 31st of his/her first year in public school. A California licensed dental professional must do the check-up and fill out Section 2 of this form. If your child had a dental check-up in the last 12 months, ask your dentist to fill out Section 2. If you are unable to get a dental check-up for your child, fill out the separate Waiver of Oral Health Assessment Requirement Form.

This assessment will let you know if there are any dental problems that need attention by a dentist. This assessment will also be used to evaluate our oral health programs. Children need good oral health to speak with confidence, express themselves, be healthy and, ready to learn. Poor oral health has been related to lower school performance, poor social relationships, and less success later in life. For this reason, we thank you for making this contribution to the health and well-being of California's children.

Please bring your California Immunization Record or other official record from your healthcare provider with you to register your child.
As of January 1, 2018, the state no longer allows Personal Belief Exemptions for required immunizations, which include exemptions for religious beliefs. A temporary or permanent medical exemption to one or more of the immunizations may be granted under certain circumstances if a licensed physician (M.D. or D.O.) provides a written statement which states:

- That the physical condition or medical circumstances of the child are such that the required immunization(s) is not indicated
- Which vaccines are being exempted
- Whether the medical exemption is permanent or temporary
- The expiration date, if the exemption is temporary

2. **PHYSICAL EXAM**: Children must have a PHYSICAL EXAM upon first grade entry. The law allows for the health examination to be completed up to18 months prior to entry into first grade or within 90 days after entry into first grade. We will include this exam form for your future reference.

3. **ORAL HEALTH ASSESSMENT**: The law, AB1433, requires that children entering public school for the first time, in kindergarten or first grade, are to have a dental checkup by May 31 of the first school year. The evaluation must be completed by a licensed dental professional. Oral health evaluations that occurred within the 12 months prior to school entry also meet this requirement. Please bring your completed Oral Health Assessment form to the school when you register your child or upon completion of the child's next dental examination.

4. **MEDICATION POLICY**: All medication must have the appropriate signed forms. Medication must be stored in the health office. Please refer to InfoSnap for further instructions on the policy and to print the forms if needed.
