2024-2025 School Accountability Report Card (Published During the 2025-2026 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/ .
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/ .

2025-26 School Description and Mission Statement

Grovecenter Elementary School is located in West Covina, California on the corner of Badillo Street and Lark Ellen Avenue. The school was built in 1957 and is one of nine elementary schools in the Covina-Valley Unified School District. Total enrollment for the current school year is approximately 550 students. Class size reduction is in place in all Kindergarten through third grade classes. In addition, three Autism Spectrum Disorder classes are located at Grovecenter Elementary School.

Located on the Grovecenter campus is Kids Korner, which is a Covina-Valley Unified School District before and after school care program. As part of our instructional program, fourth and fifth grade students participate in weekly music classes. In addition, TK-5th grade students engage in weekly PE classes, led by a credentialed teacher, with a focus on physical fitness

2025-26 School Description and Mission Statement

skills., The campus also houses a Library Media Center and each classroom provides 1:1 devices for all students. The school library contains over 6,400 volumes and is staffed by a part-time school helper. The Destiny library system is used to maintain students' library books and textbooks.

We are proud of our diverse culture at Grovecenter. 74% of our student population is Hispanic and 9% is Caucasian. Other ethnic groups include African American, Filipino, and Asian, which represents approximately 18% of the school population. 80% of the student population qualifies for Free and Reduced lunch. English is the predominant language, and Spanish-speaking students make up approximately 24% of the population.

Students have access to a variety of instructional materials. In addition to subject area-specific textbooks, other supplemental instructional materials such as maps, textbook support materials, computer software, multimedia materials, and online learning resources are available to support the school's instructional program. Grovecenter has a system of interventions in place to meet the needs of students performing below grade level. A response to the intervention pyramid is used to guide school staff in providing appropriate intervention based on the level of intervention needed and the student's success in the given interventions.

Grovecenter Elementary School is clean, and the grounds are well-maintained. Staff, students, and parents work together to achieve a safe and secure educational environment where students are expected to maintain appropriate behavior at all times. School rules and procedures are distributed and discussed on a regular basis. Additionally, programs such as Spotlight Assemblies, Character Counts, and Principal's Lunch Bunch help promote positive behavior both in and out of the classroom.

Grovecenter continues to meet the educational needs of its students as demonstrated by continued academic achievement results. Staff analyzes its testing data yearly to provide instructional strategies that are most effective for students. Based upon student achievement data, instructional strategies are developed to provide the optimal educational setting for the students. The school-wide instructional focus is the RACE and CUBE strategies and establishes understanding of fluency practice through the newly adopted Eureka Math 2 Program.

GROVECENTER VISION AND MISSION STATEMENT

Grovecenter School's staff, students, families, and community members make up our Professional Learning Community. We are committed to delivering a robust, challenging, and rigorous educational program that fosters the academic and social success of all students within a secure, supportive, and nurturing learning environment. Our goal is for students to be high achievers in academics and character, as well as to be prepared for life in college and beyond.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2025-26 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Covina-Valley Unified School District ensures that textbooks and materials are sufficient, current and available for each student in all core classes. Covina-Valley Unified School District held a Public Hearing in the fall of 2025 and determined that each school within the District has sufficient and good quality textbooks, instructional materials, and science lab equipment, pursuant to the settlement of Williams vs. the State of California. All students, including English Learners are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom or to take home. The governing Board approves all textbook adoptions for grades TK-12, which includes verification that instructional materials are aligned with California Content Standards and the State Frameworks.

School Facility Conditions and Planned Improvements

Grovecenter Elementary School was built in 1957 and modernized in 1994. School facilities are situated on 8.5 acres and span nearly 41,000 square feet. They consist of permanent and portable classrooms, a cafeteria, administrative offices, restrooms, and storage rooms. Grovecenter Elementary School facilities include a Library Media Center that boasts a state-of-the-art computer laboratory, wireless internet and an amplification system. The school has a regularly updated marquee, playground equipment, shade structure and hardcourt. In July 2008 the parking lot was patched and slurry sealed, and traffic/parking markings and curbs painted. All portable classrooms received new carpet in the Summer of 2014. The facility strongly supports teaching and learning through its ample classrooms and playground space.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2025-26 Opportunities for Parental Involvement

Parents and the community are supportive of the educational program at Grovecenter Elementary School. Numerous programs and activities are enriched by the generous contributions made by organizations such as: Assistance League of Covina Valley, Operation Santa Clothes, Covina Sunrise Rotary, In-N-Out, McDonalds, and Panda Express.

The school holds many events throughout the school year, including PTA Family Nights, Back-to-School Night, Open House, Family Literacy Nights, Family Reading Picnic, and Parent Education. The PTA newsletter, monthly calendar, and various flyers are sent home throughout the year to keep parents informed of these events. A Grovecenter Facebook page and Instagram account was developed by PTA in an effort to get information out to parents in a digital format. Grovecenter also sends out a weekly school newsletter, utilizes social media and Parent Square to give parents multiple pathways to access school information and stay connected.

In addition to participating in PTA sponsored events, parents are also encouraged to participate in our School Site Council (SSC), English Language Advisory Committee, and Coffee with the Principal. For classroom based opportunities, parents are encouraged to reach out to their child's teacher for specific ways to support in and outside the classroom.

Parents who wish to participate in Grovecenter Elementary School's leadership teams, school committees, school activities, or become volunteers may contact school office personnel at (626) 974-4400.

2025-26 School Safety Plan

Safety of students and staff is a primary concern at every school throughout the District. Each school complies with laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Fire and disaster drills are conducted regularly throughout the school year. Each school annually participates in the "Great California ShakeOut". The school's Safe School Plans are reviewed annually by a law enforcement officer (usually our School Resource Officers from West Covina and Covina Police Departments). The document is "fluid" and updates are completed as needed. For example, updates are completed if a school discipline policy is added or modified, changes are made to the campus map, additions and/or modifications are made to the telephone trees, etc. All visitors must check in at the school office and wear a visitor badge while on school grounds. During lunch, recesses, and before and after school, staff members supervise students and school grounds, including the cafeteria and playgrounds, to ensure a safe and orderly environment.

Our students' social emotional health is of utmost important in helping them learn and thrive. This school year, we have a counselor and counseling intern on site 3 days of the week to help and support our students. Through a collaborative effort, a wellness classroom was created to help engage students in positive self expressions and affirmations as well as a safe place to speak to a trusted adult. Our school counselor also runs small group counseling, social emotional learning lessons and connect families to resources for mental health.

The Comprehensive School Safety Plan was developed by administrators, other school staff members, and Los Angeles County Office of Education staff members. It is reviewed, approved, and evaluated by the School Site Council in cooperation with local law enforcement in order to comply with Senate Bill 187 of 1997. The plan provides students and staff a means to ensure a safe and orderly learning environment. Components of the Comprehensive School Safety Plan include the following: child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe ingress and egress from school, sexual harassment policy, and suspension and expulsion policies. The plan is reviewed annually with school staff. An updated copy is available to the public at the school and District Office.
