2024-2025 School Accountability Report Card (Published During the 2025-2026 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/ .
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/ .

2025-26 School Description and Mission Statement

Northview High School has a strong focus on instruction, school culture, and thriving participation in extracurricular activities. We provide a relevant, high-quality education that inspires our diverse student body to be life-long learners who are prepared for college or career opportunities in a global society. Our staff is committed to providing all students with the necessary skills and knowledge to become problem solvers who effectively collaborate, critically think, and communicate. Northview High School sits on 43 acres in the northwest section of the City of Covina within the San Gabriel Valley. As one of three comprehensive high schools in the Covina-Valley Unified School District, Northview has a student enrollment of close to 1,240 students and 123 staff members. Northview offers 19 varsity sports that have won numerous league and CIF championships, as well as award-winning Cheer and Band programs. Nineteen Advanced Placement (AP) courses are offered to freshmen,

2025-26 School Description and Mission Statement

sophomores, juniors, and seniors, and Northview is one of the few schools in the area that offers the AP Capstone program. To better prepare students for the rigor of Advanced Placement, we offer the Pre-AP program for every 9th and 10th-grade student in English, World History, Chemistry, and Biology.

Northview High School offers the following CTE Pathways for students: (FAME) Fine Arts, Media, and Entertainment, including Animation, Visual Commercial Art, and Film/Video Production; Health Science and Medical Technology; Public Services; Information Technology and Education; Engineering Design. Northview's FAME pathway has led students to careers at KTLA, CBS, ABC, and Disney, and is a recipient of the California School Boards Association (CSBA) Golden Bell Award for its approach to fostering student excellence in media arts and broadcast journalism.

Students in need of specialized instruction are mainstreamed as much as possible into the general education setting per their IEP goals. Northview has significantly increased co-teach courses within the core courses, which allows special education teachers to work collaboratively with general education teachers in order to plan instruction and provide more support for special education students.

The percentage of students meeting CSU/UC requirements has remained steady: 63% in 2018, 72.6% in 2019, 69.2% in 2020, 73.2% in 2021, 66% in 2022, 70.3% in 2023, 67.4% in 2024, and 72.0% in 2025.

Based on previous WASC recommendations, the school is committed to our WASC Critical Areas for follow-up, which includes:

#1: Continue to ensure all students are college and/or career-ready.

#2: Continue to provide interventions to increase the proficiency of all populations in core classes with an emphasis on ELA and Math

#3: Increase universal access across all core curricula for our SPED and English Learners (ELL) populations.

NORTHVIEW VISION STATEMENT

Northview High School is committed to empower students who will gain independence to be resilient life-long learners who have the social-emotional and educational skills necessary to succeed in a global society.

NORTHVIEW MISSION STATEMENT

The core purpose of Northview High School is to build an inclusive community of compassionate problem solvers who effectively collaborate, communicate and critically think.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2025-26 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Covina-Valley Unified School District ensures that textbooks and materials are sufficient, current, and available for each student in all core classes. Covina-Valley Unified School District held a Public Hearing in the fall of 2025 and determined that each school within the District has sufficient and good quality textbooks, instructional materials, and science lab equipment, pursuant to the settlement of Williams vs. the State of California. All students, including English Learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom or to take home. The governing Board approves all textbook adoptions for grades TK-12, which includes verification that instructional materials are aligned with California Content Standards and the State Frameworks.

School Facility Conditions and Planned Improvements

Northview High School was built in 1960 and modernized in 1994. School facilities are situated on 43 acres and span more than 155,000 square feet. They consist of permanent and portable classrooms, a cafeteria, administrative offices, restrooms, and storage rooms. Large-scale modernizations are taking place as well as daily upkeep of facilities such as restrooms, cafeteria, classrooms, and offices. The site is checked by a safety team monthly and the work order system is effective and efficient for general upkeep of all areas of the school. The gym modernization included a new hardwood floor, bleachers, air-conditioning, upgraded snack stand, a new digital scoreboard with message board, state-of-the-art computerized audio/visual equipment, upgraded handicap accessible restrooms, and new sports equipment. A new wrestling room has been added as the program is expanding and was completed in December 2016. Our cafeteria facility is set to remodel this school year with new furniture, graphics, and serving locations. We have completed a new front entrance to the school. We have completed a new all-weather track and turf football field. A pool has been added to the site along with a pool house, locker room, and snack bar. A brand new quad with a ship as a stage has been added this year, along with the renovation of the library and a science lab.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2024-25 Career Technical Education Programs

The Career and Technical Education (CTE) courses offered by Northview High School adhere to the relevant CTE course standards and provide a rigorous curriculum, complemented by hands-on work experience. The CTE courses provide a vehicle for students to develop the knowledge and skills needed to become educated and employable. The programs offer comprehensive offerings that integrate academic knowledge with occupation-specific skills and employability.

The Career Technical Education Advisory Committee validates current courses and provides additional recommendations in order to maintain a relevant CTE program. The Advisory Committee meets three times a year and includes representation from all pathways, as well as Cal Poly Pomona and Mt. San Antonio College (Mt. SAC).

The Industries represented on the Advisory Committee include the following:

- Agriculture and Natural Resources
- Arts, Media, and Entertainment
- Building and Construction
- Business and Finance
- Health Science and Medical Technology
- Hospitality, Tourism, and Recreation
- Information and Communication Technology
- Public Services

2024-25 Career Technical Education Programs

NVHS offers CTE courses in Arts, Media, and Entertainment (Professional Theater, Animation, Visual Commercial Art, and Film/Video Production); Health Science and Medical Technology; Building and Construction; Public Services; and Information Technology and Education. The following CTE courses are offered at NVHS:

Arts, Media, and Entertainment - Animation:

1. Introduction to Animation 1
2. Digital Animation
3. Advanced Digital Animation

Arts, Media, and Entertainment - Visual Commercial Art:

1. Photo Communication Art
2. Digital Photography II
3. Graphic Design

Arts, Media, and Entertainment - Film/Video Production:

1. Video Production
2. Digital Filmmaking
3. TV Broadcasting Journalism Production
4. Video Production II

Public Services:

1. Advanced Forensic Science
2. Administration of Justice I
3. Administration of Justice III

Education, Child Development, and Family Services

1. Intermediate Education
2. Advanced Education

Health Science and Medical Technology:

1. Medical Careers
2. Body Systems and Disorders
3. Medical Assisting

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2024-25 California Physical Fitness Test Participation Rates

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2025-26 Opportunities for Parental Involvement

Family support is an integral part of the educational process. Without this vital link, the goals set in the Mission and Vision statements of the school would be unachievable. Making parents feel welcome in the school is important and has been at the core of our strategy to send the message that family involvement is essential to advance the educational program. To promote parent involvement in their children's education, communication to parents occurs weekly through Parent Square emails. Other

2025-26 Opportunities for Parental Involvement

methods of communication include the Weekly Newsletter, Back to School Night, Showcase, Northview's website, and social media. Parents are informed of every statewide assessment tool currently used by the school. Daily communication between school and home takes place as teachers, counselors, and administrators call home to deal with individual student needs. The school-home communication tool, Parent Square, allows teachers to share positive comments, homework assignments, attendance, and discipline concerns with parents on a daily basis. AERIES Parent Portal is an online way for parents and students to access up-to-the-minute grade status of their children.

A coordinated effort between the community and the school provides a safe and nurturing environment for all children. Parents are leaders in decision-making in the PTSA, LCAP Advisory Committee, Booster/Support Groups, School Site Council, ELAC, and DELAC meetings. Northview also hosts "Coffee with the Principal" meetings throughout the year which provides families with opportunities for parents to learn about programs, ask questions, and provide feedback directly to administrators and counselors. Actively working together with student and parent organizations help to support the successful implementation of our Mission and Vision. Parents who wish to participate in Northviews' school committees, school activities, or become volunteers may contact school office personnel at (626) 974-6120.

2025-26 School Safety Plan

Northview High School's Comprehensive School Safety Plan was developed by administrators, school staff members, and Los Angeles County Office of Education staff members. It is reviewed, approved, and evaluated by the School Site Council in cooperation with local law enforcement. The plan is designed to ensure a safe and orderly learning environment for students and staff. Components of the Comprehensive School Safety Plan include the following: child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe ingress and egress from school, sexual harassment policy, and suspension and expulsion policies. The plan is reviewed annually with school staff and School Site Council, and an updated copy is available to the public at the school and district office.

At Northview High School, the safety of students and staff is our primary concern, and we take pride in our safe learning environment. Four campus supervisors and three administrators monitor the campus daily. Six campus custodians maintain a clean, sanitary, and safe campus. We have security cameras installed across campus, and we work closely with the Covina Police Department through our School Resource Officer. All visitors must check in at the school office to be screened by the Raptor Visitor Management System, and wear a visitor's badge while on school grounds. Our discipline policies curtail fighting and bullying, and are included in the Student Handbook that every student is responsible for reviewing and following. The school's Disaster Preparedness Plan includes steps for ensuring student and staff safety during a disaster. Staff members are trained in procedures and roles, and fire, lock down, and disaster drills are conducted regularly throughout the school year - including participation in the annual "Great California ShakeOut." Recently, with staff collaboration and input, we modified and streamlined our evacuation routes, and made improvements to fences and gates to allow safer ingress and egress. Every classroom now has the Disaster Preparedness Plan in a red folder on a clipboard hanging by the door for easy access. The Disaster Preparedness Plan is reviewed annually.

2022-23 Secondary Average Class Size and Class Size Distribution

This table displays the 2022-23 average class size and class size distribution. The columns titled "Number of Classes" indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Subject	Average Class Size	Number of Classes with 1-22 Students	Number of Classes with 23-32 Students	Number of Classes with 33+ Students

Fiscal Year 2024-25 Types of Services Funded

In addition to State general funding, Covina-Valley Unified School District receives State and Federal grant funding for special programs:

- Title I, II, III, IV
- Special Education
- Home-to-School Transportation
- Carl Perkins
- Expanded Learning Opportunities
- Universal PreKindergarten Planning & Implementation
- A-G Success
- Arts, Music & Instructional Materials
- Educators Effectiveness
- Homeless Children and Youth
- Learning Recovery
- Career Technical Education Incentive Grant(CTEIG)
- Strong Workforce
- Golden Pathways
- Middle College and Dual Opportunities
- CCAP College and Careers
- CAI California Apprentice Grant

* California Community Schools Partnership Program (CCSPP)

* Arts and Music in Schools (Prop 28 - AMS)

* ESSA Comprehensive Support & Improvement (CSI)

These funds are used for personnel, materials, supplies, equipment, parent involvement, and professional development to help close the achievement gap for all students. Personnel costs include Title I Intervention teachers, EL TOSA, additional counselor hours, and additional hours for before/after school tutoring. Materials and supplies include supplemental reading, math, the arts, CTE, and mental health programs.

Professional Development

Covina-Valley provides over 90 days of dedicated professional development each year. Professional development aligns with the Local Control Accountability Plan (LCAP), Common Core State Standards, student needs, and professional needs. Professional Development is provided during the school day and on modified Tuesdays.

The district provided professional development in the following areas:

* Eureka Math (19 days)

Professional Development

- * Principal Workshops (26 days)
- * Technology Mentor (11 days)
- * Convocation (1 day)
- * Reading Intervention (14 days)
- * Math Intervention (3 days)
- * Twig Science (4 days)
- * New Teacher Orientation (2 days)
- * Iready (11 days)
- * Focused Schools (1 day)
