INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Region 19 Education Service Center

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Region 19 Education Service Center as of and for the year ended August 31, 2022, and the related notes to the financial statements, which collectively comprise the Region 19 Education Service Center's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Region 19 Education Service Center, as of August 31, 2022, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Region 19 Education Service Center and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter

Change in Accounting Principle

As described in Note I to the financial statements, in 2022, Region 19 Education Service Center adopted new accounting guidance, GASB Statement No. 87, *Leases*. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Region 19 Education Service Center's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Region 19 Education Service Center's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Region 19 Education Service Center's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison, and the TRS pension and other post employment benefit information on pages 7 through 20 and 79 through 92 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Region 19 Education Service Center's basic financial statements. The accompanying combining and individual nonmajor fund financial statements and schedule of expenditures of federal and state awards as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and the State of Texas Uniform Grant Management Standards, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and the schedule of expenditures of federal and state awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 12, 2022, on our consideration of Region 19 Education Service Center's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Region 19 Education Service Center's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Region 19 Education Service Center's internal control over financial reporting and compliance.

Gibson Ruddock Patterson, LLC

MANAGEMENT'S DISCUSSION & ANALYSIS

MANAGEMENT'S DISCUSSION AND ANALYSIS

In this section of the Annual Financial and Compliance Report, the management of Education Service Center - Region 19 discusses and analyzes the Center's financial performance for the fiscal year ended August 31, 2022. Please read it in conjunction with the independent auditor's report on page 4 and the Center's Basic Financial Statements which begin on page 21.

FINANCIAL HIGHLIGHTS

- ✚ The Education Service Center – Region 19 implemented GASB No. 87 Accounting for Leases in fiscal year 2022 and GASB No. 75 Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions in fiscal year 2018. Accordingly, the required supplementary lease information and schedules for the Teacher Retirement System of Texas Care Plan are presented in accordance with these statements.
- ✚ There were significant changes in the Government-Wide Statement of Net Position due to the implementation of GASB Statement No. 75 and GASB Statement No. 87, the Education Service Center - Region 19 total assets and deferred outflows of resources exceeded its liabilities and deferred inflows of resources on August 31, 2022, the close of its most recent fiscal year, by \$2,689,917 (net position).
- ✚ Education Service Center - Region 19's total net position increased by \$7,025,898. This amount is comprised of \$7,829,040 increase in the Education Service Center's investment in capital assets net of related debt, and a decrease in unrestricted net position of (\$803,142).
- ✚ As of August 31, 2022, the close of the most current fiscal year Education Service Center - Region 19's governmental funds reported an ending fund balance of \$9,551,173, a decrease of \$3,382,328 over the prior year. About \$1.5 million of this amount (unassigned fund balance) is available for spending at the discretion of Education Service Center - Region 19 and \$7.3 million is committed for building improvements and system upgrades.
- ✚ At the end of the current fiscal year, the unassigned fund balance for the General Fund was \$1.5 million, or about 14% of total General Fund expenditures.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to Education Service Center - Region 19's basic financial statements. The basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. The government-wide financial statements include the Statement of Net Position and the Statement of Activities (on pages 23 and 24). These provide information about the activities of the Center as a whole and present a longer-term view of the Center's property and other financial matters. They reflect the flow of total economic resources in a manner similar to the financial reports of a business enterprise. The Statement of Net Position presents information on all of ESC – Region 19's assets and deferred outflows of resources, and liabilities and deferred inflows of resources, with the difference between them reported as "net position." Over time, increases or decreases in net position can serve as a useful indicator of whether the financial position of ESC - Region 19 is improving or deteriorating. The Statement of Activities presents information showing how Region 19 ESC's net position changed during the most recent fiscal year. Changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

Fund financial statements (starting on page 27) report the Center's operations in more detail than the government-wide statements by providing information about the Center's most significant funds. For governmental activities, these statements tell how services were financed in the short term as well as what resources remain for future spending. They reflect the flow of current financial resources, and supply the basis for the appropriations budget. Fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of Region 19's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

Education Service Center - Region 19 maintains 33 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, Head Start and Capital Projects Fund, all considered being major funds. The remaining 30 funds are combined into a single aggregated presentation.

For proprietary activities, fund financial statements tell how goods or services of the Center were sold to departments within the Center or to external customers and how the sales revenues covered the expenses of the goods or services. ESC - Region 19 maintains two different types of proprietary funds. The Enterprise Fund is used to report the same functions presented as business-type activities in the government-wide financial statements. Region 19 ESC uses the Enterprise Fund to account for the School Zone/Print Shop and for the Allied States Cooperative. Internal service funds are an accounting device used to accumulate and allocate costs internally among Region 19's various functions. The ESC uses internal service funds to account for such activities as Technology Services, Common Area Services, Facilities, Workers Compensation, Unemployment Compensation and Internal Leases. Because these services predominately benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements.

The notes to the financial statements (starting on page 39) provide narrative explanations or additional data needed for full disclosure in the government-wide statements or the fund financial statements. The Federal Awards Section contains data used by monitoring or regulatory agencies for assurance that the Center is using funds supplied in compliance with the terms of grants.

REPORTING THE CENTER AS A WHOLE

Government-Wide Financial Statements

In the Statement of Net Position and the Statement of Activities, we divide the Center into two kinds of activities:

- **Governmental activities**—The Center's basic services are reported here, including professional development activities, instructional technology and media services, field services, school district support, instruction, and other services to Head Start children, maintenance, community services, general administration, and capital projects.
- **Business-type activities**—The Center operates the School Zone which provides a variety of goods and services to area school districts, charter and private schools, non-profit agencies, and the general public as well as internal customers. The store's inventory includes school supplies, office supplies, lamination, dye cutting, poster printing, volume copying, booklet making, business cards, and other services associated with a copy and supply store. The ESC employs a full-time employee to cover printing and copying services and rents high speed equipment in order to provide quality services and quick turn-around time. Additionally, ESC Region 19 administers a national purchasing cooperative, the Allied States Cooperative that provides a full spectrum of goods and services for school districts, city governments, other state governments, county governments, universities, community colleges, non-profits, and special governments.

The analysis of the Center's overall financial condition and operations begins on page 21. Its primary purpose is to show whether the Center is better off or worse off as a result of the year's activities. The Statement of Net Position includes all the Center's assets, deferred outflows of resources, liabilities, and deferred inflows of resources at the end of the year while the Statement of Activities includes all the revenues and expenses generated by the Center's operations during the year. These apply the accrual basis of accounting which is the basis used by private sector companies.

All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid. The Center's revenues are divided into those provided by outside parties who share the costs of some programs, such as registration fees received from workshop participants from outside the Center (charges for services), grants provided by the U.S. Department of Education to assist regional school districts in the instruction of children with disabilities from disadvantaged backgrounds (program revenues), and revenues provided by TEA to provide the core services required by law or for payment of necessary administrative and operational expenses of the Center related to the provision of those services (general revenues). All the Center's assets are reported whether they serve the current year or future years. Liabilities are considered regardless of whether they must be paid in the current or future years.

The Center's net position (the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources) provide one measure of the Center's financial health, or financial position. Over time, increases or decreases in net position are one indicator of whether its financial health is improving or deteriorating. To fully assess the overall health of the Center, however, you should consider non-financial factors as well, such as the condition of the facilities and the likelihood of regional school districts to use the services offered by the Center.

Fund Financial Statements

The fund financial statements begin on page 27 and provide detailed information about the most significant funds—not the Center as a whole. Laws and contracts require the Center to establish some funds, such as grants received under the Head Start programs from the U.S. Department of Health and Human Services. The Center's administration establishes other funds to help it control and manage money for its general operations. The Center's two kinds of funds—governmental and proprietary—require different accounting approaches.

- Governmental funds—Most of the Center's services are reported in governmental funds. These use modified accrual accounting (a method that measures the receipt and disbursement of cash and all other financial assets that can be readily converted to cash) and report balances that are available for future spending. The governmental fund statements provide a detailed short-term view of the Center's general operations and the services it provides. We describe the differences between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds in reconciliation schedules following each of the fund financial statements.
- Proprietary funds—The Center reports the activities for which it charges users (whether outside customers or other units of the Center) in proprietary funds using the same accounting methods employed in the Statement of Net Position and the Statement of Activities. In fact, the Center's enterprise funds (one category of proprietary funds) are the business-type activities reported in the government-wide statements but containing more detail and additional information, such as cash flows. The internal service funds (the other category of proprietary funds) report activities that provide supplies and services for the Center's other programs and activities—such as the Center's technology services, workers compensation, and unemployment compensation programs, facilities management, and common area services, and internal leases.

GOVERNMENT WIDE FINANCIAL ANALYSIS

The Center implemented GASB Statement No. 34 beginning in 2002 and GASB Statement No. 87 in 2022. As in the past, we will present and analyze net position measurements for both this year and last year as required by generally accepted accounting principles and discuss significant changes in the accounts. Our analysis focuses on the net position (Table I) and changes in net position (Table II) of the Center's governmental and business-type activities.

The net position of the Center's governmental activities totaled (\$2,575,866) and unrestricted net position – the part of net position that can be used to finance day-to-day operations without constraints established by enabling legislation or other legal requirements - was (\$74,930,325) at August 31, 2022. This compares to net position of -\$7,373,561) and unrestricted net position of (\$71,879,892) as of August 31, 2021. Region 19 ESC's net position is comprised of \$72.3 million in investment in capital assets. Since these assets are used to provide services to Region 19's clients, these assets are not available for future spending. The remaining balance of unrestricted net position (\$75 million) reflects the adjustment related to the TRS OPEB and Pension postemployment benefits and leases reported.

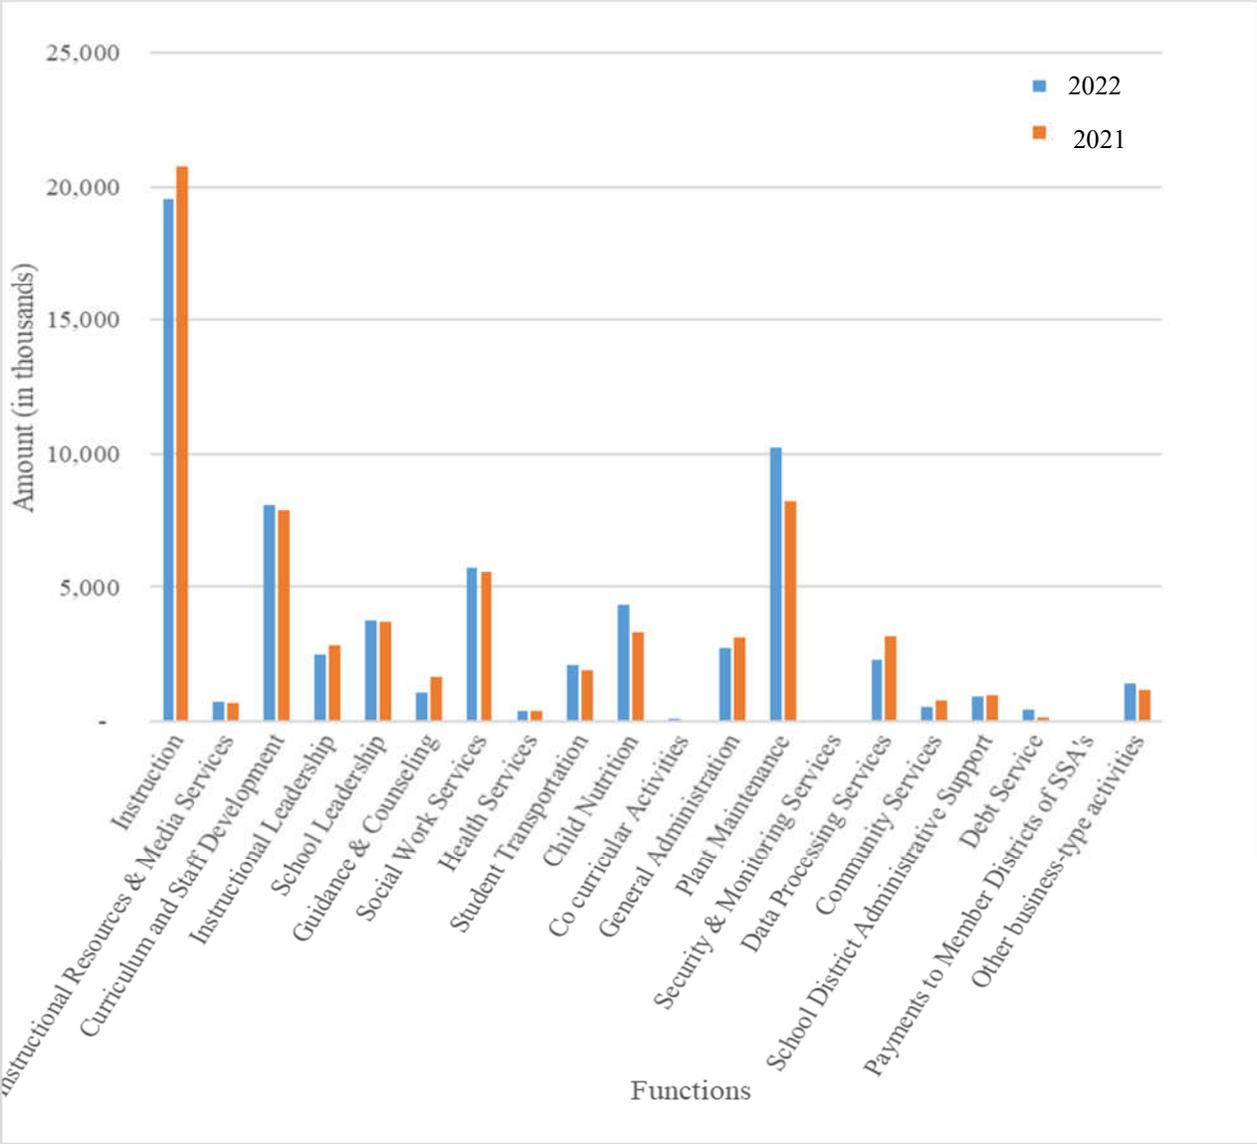

The net position of our business-type activities totaled \$5,265,783 of which \$5.22 million is unrestricted as to its use. This compares to net position of \$3,037,580 of which \$2.97 million is unrestricted as of August 31, 2021. The Education Service Center - Region 19's net position increased by approximately \$7,030,348. This amount is comprised of an increase of \$7,833,490 in capital assets, net of accumulated depreciation, primarily attributed to a combination of net acquisitions (\$11.4 million), less current year depreciation (\$3.2 million), and a decrease of (\$803,142) in unrestricted net position. There was an increase in the net position of the ESC's Business-type Activities in the amount of approximately \$2,228,203, due to an increase in collections of our Allied States Purchasing Cooperative.

FUND FINANCIAL STATEMENT ANALYSIS

At the end of 2022, the Center’s governmental funds as presented on the balance sheet shown on page 28 reported a total fund balance of \$9,551,173 a decrease of \$3,382,328 from last year’s total of \$12,933,501 primarily due to construction costs related to the Conference Center and Naturezeum projects.

	2022	2021	Difference
Current Assets	\$ 26,030	\$ 28,984	\$ (2,954)
Total Assets	26,030	28,984	(2,954)
Current Liabilities	16,478	16,050	428
Total Liabilities	16,478	16,050	428
Fund Balances:			
Prepaid Items	88	32	56
Restricted	66	66	-
Committed	7,309	10,970	(3,661)
Assigned	569	562	7
Unassigned	1,519	1,303	216
Total Fund Balance	9,551	12,933	(3,382)
Total Liabilities and Fund Balance	\$ 26,029	\$ 28,983	\$ (2,954)

The Center’s total revenues in the Statement of Revenues, Expenditures, and Changes in Fund Balance decreased from \$72.7 million in FY 2021 to \$71.7 million in FY 2022. Total local revenue increased by \$399 thousand due primarily to an increase in in person professional development, local special revenue funds, new testing center and membership incentive in the Food Cooperative. State revenues increased about \$68 thousand due to increased funding for the Foundation School Program and state indirect cost revenues. Federal revenues decreased by \$1.5 million. The decrease in federal revenues was largely due to the One Time Covid Head Start grant funding received in grant year 2021. Local revenue in the General Fund increased \$226 thousand and \$134 thousand was related to an increase in local special revenue funds. The following table illustrates the changes in funding allocations to be used for planning purposes flowing through the Texas Education Agency for 2022 and 2021:

Table IV
Education Service Center - Region 19
SAS 701A Allocations Flowing thru TEA

	2022	2021	Difference
State ESC	\$ 243,294	\$ 243,294	\$ -
State Gifted and Talented	11,000	11,000	-
Visually Impaired	184,071	194,757	(10,686)
Non-Educational Community Based Service	31,350	28,500	2,850

Total Federal Allocations	2,474,345	2,292,402	181,943
			-
Total Allocations	\$ 2,944,060	\$ 2,769,953	\$ 174,107

The Center's total expenditures decreased from \$95.6 million in 2021 to \$79.5 million in 2022, total expenditures decreased by \$16.2 million primarily attributable to decreased expenditures in Capital Projects fund. Total expenditures in the General Fund increased by \$309 thousand due to an increase in salaries and health insurance coverage for employees.

THE CENTER'S BUDGET

On August 18, 2022, the Board of Directors adopted the 2022-2023 budget, which included the ESC State Support and the General Fund (the Center's operating funds). These are the budgets the governing board of the Service Center is required by TEA mandate to adopt no later than August 31 each year. The Board approves these budgets at the fund and function level in order to comply with the state's legal level mandate. The Special Revenue Funds are not required to be legally adopted by the board but are presented as additional information and in order to provide the Board with an overall picture of the Center's activities. Amendments must be presented to the board for approval whenever any function within the operating budget increases or decreases. Requests for changes to the budget which do not affect the functions within the approved budget as well as special revenue budget changes are considered transfers and require only managerial approval.

Over the course of the year, the Board of Directors revised the Center's legally adopted budget several times. The Budgetary Comparison Schedule found on page 80 shows the Center's original legally adopted budget as well as its final operating budget. There is a \$2.0 million difference between the original budget and the final one. This is due in part to the addition of budgets to cover the expenses related the construction of Naturezeum, exterior painting appropriation of funds to cover the approved expenditure of fund balance.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

At the end of 2022, the Center had about \$103 million (excluding accumulated depreciation) invested in a broad range of capital assets with unit values over \$5,000, including land, facilities and equipment for instruction, professional development, transportation, administration, and maintenance. The total amount of purchases and deletions represent a net increase of about \$10 million over last year's total capital assets.

This year's additions included:

Appliances	405,518
Podium	22,400
Playground Shade Improvements	24,272
Vehicles & Buses	2,695,162
Maintenance Equipment	101,049
Modulars	605,687
Network Switches & System Upgrades	144,260
Site Renovations Various Sites	7,365,108
Total	<hr/> \$11,363,456

Debt

As of August 31, 2022, the Center's outstanding debt included accrued vacation pay, TRS defined Pension Plan liability and Construction Loan. More detailed information about the Center's long-term liabilities is presented in Note F to the financial statements and Note I.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

The Center does not rely on tax revenues to meet its budget and receives state funding to provide those services required by law (to improve student and school district performance and to enable school districts to operate more efficiently and economically). For fiscal year 2022, this funding totaled \$243,294 of which all was expended. Federal funding remains virtually unchanged. Indirect cost revenue, which funds the business and support activities of the Center for 2022 was 6.626%. This is the rate the Center may charge state and federal programs for indirect costs. For fiscal year 2023, the rate will be 6.277%. These factors were taken into account when adopting the Center's 2022 budget and affect the Center's hiring practices as well as all other programs and activities that the Center engages in. The ESC continues to implement the goals of objectives of our comprehensive Strategic Plan. The practice of calling the entire main building staff together one Friday each quarter for the purpose of disseminating Center-wide information, discussing issues important to the Center as a whole, introducing new staff, participating in team-building exercises, and hearing presentations from various departments or school districts in the Region 19 area will continue in the new fiscal year.

CONTACTING THE CENTER'S FINANCIAL MANAGEMENT

This financial report is designed to provide our clients, grantors, and creditors with a general overview of the Center's finances and to show the Center's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Associate Executive Director for Support Services at Education Service Center - Region 19, 6611 Boeing Drive, El Paso, Texas 79925.

REGION 19 EDUCATION SERVICE CENTER
RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO THE
STATEMENT OF NET POSITION
AUGUST 31, 2022

EXHIBIT C-2

Total Fund Balances - Governmental Funds	\$	9,551,173
<p>The Center uses internal service funds to charge the costs of certain activities, such as self-insurance and printing, to appropriate functions in other funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net position. The net effect of this consolidation is to increase net position.</p>		
		3,269,087
<p>Capital assets used in governmental activities are not financial resources and therefore are not reported in governmental funds. At the beginning of the year, the cost of these assets was \$93,338,358 and the accumulated depreciation was (\$64,439,982). In addition, long-term liabilities, including loans payable, are not due and payable in the current period, and, therefore are not reported as liabilities in the funds. The net effect of including the beginning balances for capital assets (net of depreciation) and long-term debt in the governmental activities is to increase net position.</p>		
		53,199,099
<p>Current year capital outlays and long-term debt principal payments are expenditures in the fund financial statements, but they should be shown as increases in capital assets and reductions in long-term debt in the government-wide financial statements. The net effect of including the 2022 capital outlays and debt principal payments is to increase net position.</p>		
		7,395,664
<p>Included in the items related to debt is the recognition of the Center's proportionate share of the net pension liability required by GASB 68. The net position related to TRS included a deferred resource outflow in the amount of \$10,003,924, a deferred resource inflow in the amount of \$18,728,728 and a net pension liability in the amount of \$16,468,443. This resulted in a decrease in net position.</p>		
		(25,193,247)
<p>Included in the items related to debt is the recognition of the District's proportionate share of the net OPEB liability required by GASB 75. The net position related to TRS included a deferred resource outflow in the amount of \$6,712,235, a deferred resource inflow in the amount of \$23,336,690, and a net OPEB liability in the amount of \$30,942,197. This resulted in a decrease in net position.</p>		
		(47,566,652)
<p>The 2022 depreciation expense increases accumulated depreciation. The net effect of the current year's depreciation is to decrease net position.</p>		
		(3,230,990)
Net Position of Governmental Activities	\$	(2,575,866)

REGION 19 EDUCATION SERVICE CENTER
 RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES,
 AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES
 FOR THE YEAR ENDED AUGUST 31, 2022

EXHIBIT C-4

Total Net Change in Fund Balances - Governmental Funds	\$	(3,382,328)
The District uses internal service funds to charge the costs of certain activities, such as self-insurance and printing, to appropriate functions in other funds. The net income (loss) of internal service funds are reported with governmental activities. The net effect of this consolidation is to increase net position.		425,659
Current year capital outlays and long-term debt principal payments are expenditures in the fund financial statements, but they should be shown as increases in capital assets and reductions in long-term debt in the government-wide financial statements. The net effect of removing the 2022 capital outlays and debt principal payments is to increase net position.		7,391,214
Depreciation is not recognized as an expense in governmental funds since it does not require the use of current financial resources. The net effect of the current year's depreciation is to decrease net position.		(3,230,990)
GASB 68 required that certain plan expenditures be de-expended and recorded as deferred resource outflows. These contributions made after the measurement date of the plan caused the change in ending net position to increase by \$2,936,168. Contributions made before the measurement date and during the previous fiscal year were also expended and recorded as a reduction in net pension liability. This caused a decrease in the change in net position totaling \$2,759,454. Finally, the proportionate share of the TRS pension expense on the plan as a whole had to be recorded. The net pension expense increased the change in net position by \$1,589,791. The net result was an increase in the change in net position.		1,766,505
GASB 75 required that certain plan expenditures be de-expended and recorded as deferred resource outflows. These contributions made after the measurement date of the plan caused the change in ending net position to increase by \$642,203. Contributions made before the measurement date and during the previous fiscal year were also expended and recorded as a reduction in net OPEB liability. This caused a decrease in the change in net position totaling \$626,836. Finally, the proportionate share of the TRS OPEB expense on the plan as a whole had to be recorded. The net OPEB expense increased the change in net position by \$1,812,168. The net result was an increase in the change in net position.		1,827,635
Change in Net Position of Governmental Activities	\$	4,797,695

The notes to the financial statements are an integral part of this statement.

REGION 19 EDUCATION SERVICE CENTER

NOTES TO THE FINANCIAL STATEMENTS

AUGUST 31, 2022

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Region 19 Education Service Center (the “Center”) is a service center which provides educational services for Texas schools within the jurisdiction of the Center. The Center operates under the applicable laws and regulations of the State of Texas. It is governed by an eight member Board of Directors (the “Board”) elected by the Board of Trustees of the school districts within the Center’s region. The Center prepares its basic financial statements in conformity with generally accepted accounting principles promulgated by the Governmental Accounting Standards Board and other authoritative sources, and it complies with the requirements of the appropriate version of Texas Education Agency’s *Financial Accountability System Resource Guide* (the “Resource Guide”) and the requirements of contracts and grants of agencies from which it receives funds.

A. Reporting Entity

The Board is elected by the Board of Trustees of the schools within the Center’s region and it has the authority to make decisions, employ the Executive Director, and significantly influence operations. It also has the primary accountability for fiscal matters. The Center is not included in any other governmental “reporting entity” as defined by the Governmental Accounting Standards Board (“GASB”).

B. Government-Wide and Fund Financial Statements

The Statement of Net Position and the Statement of Activities are government-wide financial statements. They report information on all of the Center’s nonfiduciary activities with most of the interfund activities removed. *Governmental activities* include programs supported primarily by charges to school districts for services, state funds, grants and other intergovernmental revenues. *Business-type activities* include operations that rely to a significant extent on fees and charges for support.

In addition to assets, the statement of net position reports a separate section for deferred outflows of resources. This separate financial statement category represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until that time. For pensions and OPEB, these outflows result from pension plan and OPEB contributions made after the measurement date of the net pension and OPEB liabilities and the net differences between projected and actual earnings on pension and OPEB plan investments; results of changes in actuarial assumptions; differences between expected and actual economic experiences; and changes in the Center’s proportional share of net pension and OPEB liabilities. The deferred outflows of resources related to pensions and OPEB resulting from Center contributions subsequent to the measurement date will be recognized as a reduction of the net pension and OPEB liabilities in the next fiscal year. The other pension and OPEB related deferred outflows will be amortized over a systematic and rational method over a closed period.

(Continued)

REGION 19 EDUCATION SERVICE CENTER

NOTES TO THE FINANCIAL STATEMENTS

AUGUST 31, 2022

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement category represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. For pensions and OPEB, these inflows result from pension plan and OPEB changes in actuarial assumptions; differences between expected and actual economic experiences; and changes in the Center's proportional share of net pension and OPEB liabilities. These inflows will be amortized over a systematic and rational method over a closed period. For leases with the Center as lessor, the deferred inflow of resources occurs at the time the value of the leases receivable is measured plus any payment received at or before the commencement of the lease term that relates to future periods. This deferred inflow will be amortized in a systematic and rational manner over the term of the lease.

The fiduciary net position of the Teacher Retirement System of Texas (TRS) has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes for purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, and information about assets, liabilities and additions to/deductions from TRS's fiduciary net position. The Plan's fiduciary net position has been determined on the same basis as that used by the Plan. Benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

The fiduciary net position of the Teacher Retirement System of Texas (TRS) TRS Care Plan has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes for purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to other post-employment benefits, OPEB expense, and information about assets, liabilities and addition to/deductions from TRS Care's fiduciary net position. Benefit payments are recognized when due and payable in accordance with the benefit terms. There are no investments as this is a pay-as-you-go plan and all cash is held in a cash account.

The Statement of Activities demonstrates how other people or entities that participate in programs the Center operates have shared in the payment of the direct costs. The "charges for services" column includes payments made by parties that purchase, use, or directly benefit from goods or services provided by a given function of the Center. Examples include teacher certification, staff development, media production, etc. The "grants and contributions" column includes amounts paid by organizations outside the Center to help meet the operational or capital requirements of a given function. Examples include grants under the Head Start Act. If a revenue is not a program revenue, it is a general revenue used to support all of the Center's functions.

Interfund activities between governmental funds and between governmental and proprietary funds appear as due to or due from on the Governmental Fund Balance Sheet and Proprietary Fund Statement of Net Position and as other financing sources and other uses on the Governmental Fund Statement of Revenues, Expenditures and Changes in Fund Balance and on the Proprietary Fund Statement of Revenues, Expenses and Changes in Fund Net Position. All interfund transactions between governmental funds and between governmental and internal service funds are eliminated on the government-wide statements.

(Continued)

REGION 19 EDUCATION SERVICE CENTER

NOTES TO THE FINANCIAL STATEMENTS

AUGUST 31, 2022

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The fund financial statements report on the financial condition and results of operations for two fund categories - governmental and proprietary. The Center considers some governmental funds as major and reports their financial condition and results of operations in a separate column.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations; they usually come from exchange or exchange-like transactions. All other revenues are nonoperating. Operating expenses can be tied specifically to the production of goods and services, such as material and labor and direct overhead. Other expenses are nonoperating.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements use the economic resources measurement focus and the accrual basis of accounting, as do the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Right-to-use lease liabilities are calculated at the present value of the reasonably certain expected payments to be made over the term of the leases and the interest included in the lease payments are recorded as an expense.

Governmental fund financial statements use the current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus, current assets, deferred outflows of resources, current liabilities, deferred inflows of resources, and fund balances are included on the balance sheet. Operating statements of these funds present net increases and decreases in current assets (i.e., revenues and other financing sources and expenditures and other financing uses).

The modified accrual basis of accounting recognizes revenues in the accounting period in which they become both measurable and available, and it recognizes expenditures in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest and principal on long-term debt and leases, which is recognized when due. The expenditures related to certain compensated absences and claims and judgments are recognized when the obligations are expected to be liquidated with expendable available financial resources. The Center considers all revenues available if they are collectible within 60 days after year end.

Revenues from local sources consist primarily of services provided to districts and teachers, lease revenue, and interest income from leases. Revenues received from the State are recognized under the susceptible-to-accrual concept. Miscellaneous revenues are recorded as revenue when received in cash because they are generally not measurable until actually received. Investment earnings and interest from leases are recorded as earned, since they are both measurable and available.

Grant funds are considered to be earned to the extent of expenditures made under the provisions of the grant. Accordingly when such funds are received, they are recorded as unearned revenues until related and authorized expenditures have been made. If balances have not been expended by the end of the project period, grantors sometimes require the Center to refund all or part of the unused amount.

(Continued)

REGION 19 EDUCATION SERVICE CENTER

NOTES TO THE FINANCIAL STATEMENTS

AUGUST 31, 2022

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The Proprietary Fund Types are accounted for on a flow of economic resources measurement focus and utilize the accrual basis of accounting. This basis of accounting recognizes revenues in the accounting period in which they are earned and become measurable and expenses in the accounting period in which they are incurred and become measurable. With this measurement focus, all assets and deferred outflows of resources, and all liabilities and deferred inflows of resources, associated with the operation of these funds are included on the fund Statement of Net Position. For deferred inflow of resources from leases, the revenue is recognized over the term of the underlying lease. The fund equity is segregated into net investment in capital assets, restricted net position, and unrestricted net position.

D. Fund Accounting

The Center reports the following major governmental funds:

- The **General Fund** - The general fund is the Center's primary operating fund. It accounts for all financial resources except those required to be accounted for in another fund.
- **Head Start Special Revenue** - This fund is used to account for the services provided to economically disadvantaged pre-school children so that they can be prepared for school.
- **Capital Projects Fund**- This fund is used to account for the construction activity related to the parking garage and conference center.

The Center reports the following major proprietary fund:

4. **Allied States Cooperative** - This fund is used to account for the Center's activities of its national governmental purchasing cooperative which competitively bids and awards contracts to local, regional, and national vendors in compliance with local, state, and federal procurement laws and regulations. In return the Center receives a percentage of the activity between vendors and members.

Additionally, the Center reports the following fund types:

GOVERNMENTAL FUNDS:

1. **Special Revenue Funds** - These funds account for resources restricted to specific purposes by a grantor or contributor. Most federal and some state financial assistance is accounted for in a special revenue fund and sometimes unused balances must be returned to the grantor at the close of specified project periods.
2. **Permanent Funds** - The Center has no Permanent Funds.

(Continued)

REGION 19 EDUCATION SERVICE CENTER

NOTES TO THE FINANCIAL STATEMENTS

AUGUST 31, 2022

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

PROPRIETARY FUNDS:

3. **Internal Service Funds** - These funds are used to account for goods or services provided by one department to other departments of the Center on a cost-reimbursement basis. The Center operates seven Internal Service Funds. They are Computer Operations and Technology Support, Facilities, Common Area Service, Starlight Event Center, Internal Leases, and two insurance funds that cover Workers' Compensation and Unemployment claims. The charges for space rental to various programs are determined by a building use fee and a space rental costs form filed with TEA.

ENTERPRISE FUNDS:

4. **Cyber Café** - This fund is used to account for transactions related to food prepared for employees at the Central Office location.
5. **School Zone / Print Shop** - This fund is used to account for transactions related to sales of classroom supplies and printing and related services to educators, schools, and the general public.

E. Other Accounting Policies

1. For purposes of the statement of cash flows for proprietary funds, the Center considers highly liquid investments to be cash equivalents if they have a maturity of three months or less when purchased.
2. Temporary investments are recorded at fair value and consist of investments in registered investment pools, including investments in the Texas Local Government Investment Pool (TexPool), Texas CLASS Investment Pool, and Lone Star Investment Pool. The Center accrues interest on temporary investments based on terms and effective interest rates of the specific investments.
3. All investments are stated at fair value based on quoted market prices as of year end. If applicable, premiums and discounts on investments are amortized or accreted using the straight-line method, which approximates the interest method, over the terms of the related securities.
4. The funds of the Center must be deposited and invested under the terms of a contract, contents of which are set out in the **Depository Contract Law**. The depository bank places approved pledged securities for safekeeping and trust with the Center's agent bank in an amount sufficient to protect Center funds on a day-to-day basis during the period of the contract. The pledge of approved securities is waived only to the extent of the depository bank's dollar amount of Federal Deposit Insurance Corporation ("FDIC") insurance.
5. The **Public Funds Investment Act** (Government Code Chapter 2256) contains specific provisions in the areas of investment practices, management reports and establishment of appropriate policies. Among other things, it requires the Center to adopt, implement, and publicize an investment policy. That policy must address the following areas: (1) safety of principal and liquidity, (2) portfolio diversification, (3) allowable investments, (4) acceptable risk levels, (5) expected rates of return, (6) maximum allowable stated maturity of portfolio investments, (7) maximum average dollar-weighted maturity allowed based on the stated maturity date for the portfolio, (8) investment staff quality and capabilities, (9) and bid solicitation preferences for certificates of deposit.

REGION 19 EDUCATION SERVICE CENTER

NOTES TO THE FINANCIAL STATEMENTS

AUGUST 31, 2022

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Statutes authorize the Center to invest in (1) obligations of the U.S. Treasury, certain U.S. agencies, and the State of Texas; (2) certificates of deposit, (3) certain municipal securities, (4) money market savings accounts, (5) repurchase agreements, (6) bankers' acceptances, (7) mutual funds, (8) investment pools, (9) guaranteed investment contracts, (10) and common trust funds. The Act also requires the Center to have independent auditors perform test procedures related to investment practices as provided by the Act. Management asserts that the Center is in substantial compliance with the requirements of the Act and with local policies.

6. Additional policies and contractual provisions governing deposits and investments for the Center are specified below:

Credit Risk:

Deposits - Credit risk is not applicable to deposits.

Temporary Investments (Cash Equivalents) - To limit the risk that an issuer or other counterparty to an investment will not fulfill its obligations, the Center limits investments in commercial paper, corporate bonds, mutual bond funds, and public funds investment pools to those that have received top ratings issued by nationally recognized statistical rating organizations (NRSROs). As of August 31, 2022, the Center's investments in TexPool, Texas CLASS, and LoneStar - Corporate Overnight Fund and Government Overnight Fund investment pools were rated AAAM by Standard & Poor's. The LoneStar - Corporate Overnight Plus Fund investment pool was rated AAAM by Standard & Poor's.

Investments - To limit the risk that an issuer or other counterparty to an investment will not fulfill its obligations, the Center limits investments in Certificates of Deposit in one or more federally insured depository institutions to amounts, principal and accrued interest, fully covered by federal insurance. As of August 31, 2022, the Center's negotiable Certificates of Deposit were fully covered by federal insurance and therefore credit risk is not applicable. The Center's money market fund was rated AAAM by Standard & Poor's.

Custodial Credit Risk:

Deposits - State law requires governmental entities to contract with financial institutions in which funds will be deposited to secure those deposits with insurance or pledged securities with a fair value equaling or exceeding the amount on deposit at the end of each business day. Since the Center complies with this law, it has minimal custodial credit risk for deposits.

Temporary Investments (Cash Equivalents) - To limit the risk that, in the event of the failure of the counterparty to a transaction, a government will not be able to recover the value of investment or collateral securities that are in possession of an outside party, the Center requires counterparties to register the securities in the name of the Center and hand them over to the Center or its designated agent. This includes securities in securities lending transactions. Investment pools are not exposed to custodial credit risk because their existence is not evidenced by securities that exist in physical or book-entry form.

(Continued)

REGION 19 EDUCATION SERVICE CENTER

NOTES TO THE FINANCIAL STATEMENTS

AUGUST 31, 2022

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investments - To limit the risk that in the event of the failure of the counterparty to a transaction, the Center will not be able to recover the value of investment or collateral securities that are in possession of an outside party, the Center's policy provides that the custodian of the Center's Certificates of Deposit and money market fund is an entity described by Government code 2257.041, or registered with the Securities and Exchange Commission (SEC) and operates pursuant to SEC Rule 15c3-3.

Concentration of Credit Risk:

Deposits - Concentration of credit risk is not applicable to deposits.

Temporary Investments (Cash Equivalents) - To limit the risk of loss attributed to the magnitude of a government's investment in a single issuer, the Center's policy states that the portfolio must be diversified. Concentration of Credit Risk is not applicable to investment pools since the purpose of these pools is to diversify the Center's investment portfolio.

Investments - To limit the risk of loss attributed to the magnitude of a government's investment in a single issuer, the Center's policy states that the portfolio must be diversified. The money market funds represent less than 1% of the Center's total cash and investment balances. Because the Center's Certificates of Deposit are fully covered by federal insurance and money market funds are exempt, concentration of credit risk is not applicable.

Interest Rate Risk:

Deposits - Interest rate risk is not applicable to deposits.

Temporary Investments (Cash Equivalents) and Investments - To limit the risk that changes in interest rates will adversely affect the fair value of the investments, the Center requires its investment portfolio to have stated maturities of less than two years from the time of purchase.

Foreign Currency Risk:

Deposits - The Center limits the risk that changes in exchange rates will adversely affect a deposit by avoiding deposits denominated in a foreign currency.

Temporary Investments (Cash Equivalents) and Investments - The Center limits the risk that changes in exchange rates will adversely affect the fair value of an investment by avoiding investment pools or securities which are denominated in a foreign currency.

7. The Center reports inventories of supplies for School Zone at cost. Supplies are recorded as expenses when they are consumed.
8. The Center's receivable from leases as lessor are measured at the present value of the lease payments expected to be received during the lease term. Under the lease agreements, the Center may receive variable lease payments, which will be recorded as an inflow of resources in the period the payment is received.

(Continued)

REGION 19 EDUCATION SERVICE CENTER

NOTES TO THE FINANCIAL STATEMENTS

AUGUST 31, 2022

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

9. It is the Center's policy to permit some employees to accumulate earned but unused vacation benefits. All vacation pay is accrued when incurred in the government-wide and proprietary fund financial statements.
10. Prepaid items on the balance sheet are accounted for using the consumption method and are recognized as expenditures over the periods in which the service is provided.
11. Capital assets, which include land, buildings, furniture and equipment, right-to-use lease assets, and vehicles are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the Center as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Buildings, furniture and equipment, and vehicles of the Center are depreciated using the straight line method over the following estimated useful lives which were recommended by the Association of School Board Officials (ASBO). Right-to-use lease assets are amortized in a systematic and rational manner over the shorter of the lease term or the useful life of the underlying asset. When a lease contains a purchase option the Center chooses to exercise, the lease asset is amortized over the useful life of the underlying asset. The amortization expense is combined with depreciation expense for financial reporting purposes.

<u>Assets</u>	<u>Years</u>
Buildings	50
Building Improvements	25
Heavy and Other Equipment	10-20
Vehicles	8
Office Equipment	5
Computer Equipment	5

12. Net Position on the Statement of Net Position includes the following:

Net investment in capital assets - this component of net position consists of capital assets, net accumulated depreciation and amortization, reduced by any outstanding balances of bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, leasing, or improvement of those assets or related debt will be included in this component of net position.

(Continued)

REGION 19 EDUCATION SERVICE CENTER

NOTES TO THE FINANCIAL STATEMENTS

AUGUST 31, 2022

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Restricted for federal and state programs - this component of net position consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets, which are restricted by federal and state granting agencies.

Unrestricted net position - this component of net position is the net amount of assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted components of net position.

13. The Center reports the following fund balance categories to make the nature and extent of the constraints placed on a government's fund balances more transparent. The following classifications describe the relative strength of the spending constraints:

- **Nonspendable Fund Balance** - Represents amounts that are not in spendable form or are legally or contractually required to be maintained intact, such as inventories.
- **Restricted Fund Balance** - Represents amounts that are restricted to specific purposes, with constraints placed on the use of resources by (a) external creditors, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.
- **Committed Fund Balance** - Represents amounts that are restricted for purposes which the Board of Directors, the Center's highest level of decision-making authority, has designated their use. These amounts are committed through a formal resolution, requiring funds to be used only for specific purposes. These amounts can only be re-allocated by the same formal action that was taken to originally commit those amounts. The Board of Directors shall take action to commit funds for a specific purpose prior to the end of the fiscal year.
- **Assigned Fund Balance** - Represents amounts that are constrained by the government's intent to be used for specific purposes, but are neither restricted nor committed. The governing body has delegated authority to the Executive Director and Associate Executive Director of Support Services. Should the Board opt not to commit any balances, it will implicitly defer to the designee to make appropriate assignments.
- **Unassigned Fund Balance** - Represents amounts that are available for any purpose and have not been restricted, committed, or assigned for specific purposes. Positive amounts are reported only in the general fund.

The Board of Directors establishes (and modifies or rescinds) fund balance commitments by passage of a formal resolution. Assigned fund balance is established by the Executive Director or Associate Executive Director of Support Services through adoption or amendment of the budget as intended for specific purpose.

(Continued)

REGION 19 EDUCATION SERVICE CENTER

NOTES TO THE FINANCIAL STATEMENTS

AUGUST 31, 2022

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

When an expenditure is incurred for purposes for which both restricted and unrestricted (committed, assigned, or unassigned) fund balance is available, the Center considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the Center considers amounts to have been spent first out of committed amounts, followed by assigned amounts, and then unassigned amounts when expenditures are incurred for purposes of which amounts in any of those unrestricted fund balance classifications could be used, unless the Board of Directors or designee have provided otherwise in their commitment or assignment actions.

14. In the fund financial statements, certain governmental funds report restrictions of the entire fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Since the entire fund balance is restricted for these funds, all assets are in essence restricted for their specified purpose.
15. Since Internal Service Funds support the operations of the governmental funds, they are consolidated with the governmental funds in the government-wide financial statements. The expenditures of governmental funds that create the revenues of internal service funds are eliminated to avoid “grossing up” the revenues and expenses of the Center as a whole.
16. When the Center incurs an expense for which it may use either restricted or unrestricted resources, it uses the restricted resources first unless unrestricted resources will have to be returned because they were not used.
17. The Data Control Codes refer to the account code structure prescribed by TEA in the *Financial Accountability System Resource Guide*. Texas Education Agency requires Education Service Centers to display these codes in the financial statements filed with the Agency in order to ensure accuracy in building a Statewide data base for policy development and funding plans.
18. In accordance with the Resource Guide, the Center has adopted and installed an accounting system which meets at least the minimum requirements prescribed by the Texas State Board of Education and approved by the State Auditor. Specifically, the Center’s accounting system uses codes and the code structure presented in the Resource Guide. Mandatory codes are recorded in the order provided in the Resource Guide.
19. The Center receives substantial amounts of funding from special revenue sources. The majority of this money is cost reimbursement to the Center by the federal government or the Texas Education Agency. The portion of revenue allowable for indirect cost is credited as revenue to the General Fund and as a reduction to revenue in the Special Revenue Fund, as appropriate.

The Center does not allocate indirect costs to other functions in the Statement of Activities. These costs are reported in Function 41, General Administration.

(Continued)

REGION 19 EDUCATION SERVICE CENTER

NOTES TO THE FINANCIAL STATEMENTS

AUGUST 31, 2022

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

20. Preparation of these financial statements in conformity with generally accepted accounting principles requires the use of management's estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.
21. The Center implemented GASB Statement No. 87, *Leases*, which requires recognition of certain lease assets and liabilities for leases that previously were classified as operating leases. The standard introduces new terminology for lease arrangements, calling them a right-to-use lease and is defined as a contract that conveys control of another entity's nonfinancial asset as specified in the contract for a period of time in an exchange or exchange-like transaction. See Note D. Receivables for information regarding the Center as lessor and Note E. Capital Assets and Note I. Right-to-Use Lease Liabilities for information regarding the Center's right-to-use lease assets and the related liabilities.

II. RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

A. Explanation of Certain Differences Between the Governmental Fund Balance Sheet and the Government-Wide Statement of Net Position

Exhibit C-2 provides the reconciliation between the fund balance for total governmental funds on the governmental fund balance sheet and the net position for governmental activities as reported in the government-wide statement of net position. One element of that reconciliation explains that capital assets are not financial resources and are therefore not reported in governmental funds. In addition, long-term liabilities, including the Center's proportionate share of the net pension and OPEB liabilities, are not due and payable in the current period and are not reported as liabilities in the funds.

B. Explanation of Certain Differences Between the Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balances and the Government-wide Statement of Activities

Exhibit C-4 provides a reconciliation between the net changes in fund balance as shown on the governmental fund statement of revenues, expenditures, and changes in fund balances and the changes in net position of governmental activities as reported on the government-wide statement of activities. One element of that reconciliation explains that current year capital outlays are expenditures in the fund financial statements, but should be shown as increases in capital assets in the government-wide statements. This adjustment affects both the net position balance and the change in net position. In addition, certain pension expenditures were de-expended and the Center recorded its proportionate share of the pension and OPEB expense.

REGION 19 EDUCATION SERVICE CENTER

NOTES TO THE FINANCIAL STATEMENTS

AUGUST 31, 2022

III. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

A. Budgetary Data

The Board adopts an "appropriated budget" for the General Fund. The Center is required to present the adopted and final amended budgeted revenues and expenditures for this fund. The Center compares the final amended budget to actual revenues and expenditures. The General Fund Budget report appears in Exhibit G-1. The Board does not legally adopt a budget for special revenue funds since the budgets are designated by the grantor. As such, a budget to actual comparison is not presented in required supplementary information for the major special revenue funds.

The following procedures are followed in establishing the budgetary data reflected in the financial statements:

1. Prior to the regularly scheduled Board meeting in August, the Center prepares a budget for the next succeeding fiscal year beginning September 1. The operating budget includes proposed expenditures and the means of financing them.
2. A meeting of the Board is then called for the purpose of adopting the proposed budget. At least ten days' public notice of the meeting must be given.
3. On August 19, 2021, the budget was legally enacted through passage of a resolution by the Board. Once a budget is approved, it can only be amended at the function and fund level by approval of a majority of the members of the Board. Amendments are presented to the Board at its regular meetings. Each amendment must have Board approval. As required by law, such amendments are made before the fact, are reflected in the official minutes of the Board, and are not made after fiscal year end. Because the Center has a policy of careful budgetary control, several amendments were necessary during the year. No expenditures were made prior to approval of the budget.
4. Each budget is controlled by the budget coordinator at the revenue and expenditure function/object level. Budgeted amounts are as amended by the Board. All budget appropriations lapse at year end.

REGION 19 EDUCATION SERVICE CENTER

NOTES TO THE FINANCIAL STATEMENTS

AUGUST 31, 2022

IV. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS

A. Deposits and Temporary Investments

At August 31, 2022, the carrying amount of the Center’s general fund and special revenue fund deposits, (cash and interest-bearing savings accounts) were \$1,176,293 and \$33,937, and the total bank balance was \$2,866,187. In addition, petty cash of \$1,073, \$150, and \$601 was recorded in the general fund, Head Start, and internal service funds, respectively. The Center’s cash deposits at August 31, 2022, were entirely covered by FDIC insurance or by pledged collateral held by the Center’s agent bank in the Center’s name. However, there were instances during the year, including the date of the highest combined balance, when there were uninsured and uncollateralized balances, resulting from the timing of a deposit. The proper collateralization was obtained the next business day. Up to date, the Center has not experienced any losses in any of its accounts.

In addition, the following is disclosed regarding coverage of combined balances on the date of highest deposit:

- a. Depository: Wells Fargo - El Paso, Texas.
- b. The highest combined balances of cash and savings accounts amounted to \$6,061,824 and occurred during the month of January 2022.
- c. The total amount of FDIC coverage at the time of the largest combined balance was \$283,931.
- d. The estimated market value of securities pledged as of the date of the highest combined balance on deposit was \$2,021,029.

The Center also held cash at NBH Bank, an institution other than the depository bank, in a managed deposit account. The bank places deposits in various institutions, all of which are FDIC insured. The carrying amount of this capital project fund deposit was \$1,990,314 at August 31, 2022.

The Center’s temporary investments included in cash and cash equivalents at August 31, 2022, are shown below at fair value, which approximates the value of the pool shares:

<u>Temporary Investments</u>	<u>Fair Value</u>	<u>WAM (in days)</u>	<u>Rating (S&P)</u>
TexPool*	\$ 4,993,237	90	AAAm
Texas CLASS**	2,398,099	68	AAAm
Lone Star Corporate Overnight Fund*	62,184	54	AAAm
Lone Star Corporate Overnight Plus Fund**	95,400	65	AAAf
Lone Star Government Overnight Fund*	70,199	87	AAAm
Total	<u>\$ 7,619,119</u>		
Allocated To:			
General Fund	\$ 6,032,153		
Internal Service Funds	<u>1,586,966</u>		
Total	<u>\$ 7,619,119</u>		

* - measured at amortized cost

** - measured at fair value

(Continued)

REGION 19 EDUCATION SERVICE CENTER

NOTES TO THE FINANCIAL STATEMENTS

AUGUST 31, 2022

IV. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS (Continued)

TexPool is a local government investment pool in the State of Texas. The State Comptroller of Public Accounts oversees TexPool. There is also a TexPool Advisory Board, composed of participants, which advises on TexPool’s investment policy and approves fee increases. Texas Class (Texas Cooperative Liquid Assets Securities System Trust) is a pooled investment program administered by Public Trust Advisors, LLC. Texas Class is governed by the Board of Trustees comprised of active members and elected by the participants and is guided by the Advisory Board. The Lone Star Investment Pool is administered by First Public, LLC. The investment managers for the pool are American Beacon Advisors and Standish Investments Corporation. The custodian bank is State Street Bank.

For those pools measured at amortized cost, management is not aware of the presence of any limitations or restrictions on withdrawals such as redemption notice periods, maximum transaction amounts, and the qualifying external investment pool's authority to impose liquidity fees or redemption gates.

B. Investments

The Center maintains a fixed income portfolio with Wells Fargo Bank. At August 31, 2022, the portfolio consisted of negotiable Certificates of Deposit at six different financial institutions. The fair value of each individual Certificate of Deposit is less than \$250,000 and approximates the par value and accrued interest, which are fully covered by federal insurance. The portfolio also includes a money market fund as listed below:

<u>Investment</u>	<u>Fair Value</u>	<u>General Fund</u>	<u>WAM (in days)</u>	<u>Rating (S&P)</u>
Certificates of Deposit	\$ 1,468,366	\$ 1,468,366	406	Not Rated
BlackRock Federal Fund / Institutional	748	748	17	AAAm
	<u>\$ 1,469,114</u>	<u>\$ 1,469,114</u>		

The Center categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The Center had the following recurring fair value measurements as of August 31, 2022:

- Negotiable Certificates of Deposit of \$1,468,366 are valued using market closing prices under the market approach (Level 2 inputs).
- BlackRock Federal Fund / Institutional shares are reported at fair value which approximates \$1.00 per share (Level 1 inputs).

IV. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS (Continued)

C. Interfund Balances and Transfers

Interfund balances are a result of normal operations and are cleared out periodically. Management intends to pay out these balances within one year.

Interfund balances at August 31, 2022, consisted of the following amounts:

	Due from Other Funds	Due to Other Funds
General Fund:		
General Fund	\$ 56,191	\$ 56,191
Head Start Fund	2,488,635	-
Capital Projects Fund	1,858,874	-
Nonmajor Governmental Funds	2,720,348	140,874
Internal Service Funds	443,371	1,936,802
Allied States Cooperative	-	3,723,153
Nonmajor Enterprise Funds	-	940,631
Total General Fund	7,567,419	6,797,651
Head Start Fund:		
General Fund	-	2,488,635
Capital Projects Fund:		
General Fund	-	1,858,874
Nonmajor Governmental Funds:		
General Fund	140,874	2,720,348
Internal Service Funds:		
General Fund	1,936,802	443,371
Allied States Cooperative:		
General Fund	3,723,153	-
Nonmajor Enterprise Funds:		
General Fund	940,631	-
Total	\$ 14,308,879	\$ 14,308,879

(Continued)

REGION 19 EDUCATION SERVICE CENTER

NOTES TO THE FINANCIAL STATEMENTS

AUGUST 31, 2022

IV. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS (Continued)

Interfund transfers generally fall within two categories: (1) transfers to cover future obligations, and (2) transfers to cover operating expenditures/deficits in accordance with Center’s policy or legal requirements. Interfund transfers do not require repayment.

Interfund transfers for the year ended August 31, 2022, consisted of the following amounts:

	Transfer In	Transfer Out
Capital Projects Fund:		
Allied States Cooperative	\$ 224,591	\$ -
Nonmajor Enterprise Funds:		
Nonmajor Enterprise Funds	22,605	22,605
Allied States Cooperative:		
Capital Projects Fund	-	224,591
Internal Service Funds	-	415,709
Total Allied States Cooperative	-	640,300
Internal Service Funds:		
Allied States Cooperative	415,709	-
Total	\$ 662,905	\$ 662,905

The internal service funds also transferred completed Construction-in-Progress to the general fund in the amount of \$269,804, which was recognized at the Government-Wide level.

NOTES TO THE FINANCIAL STATEMENTS

AUGUST 31, 2022

IV. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS (Continued)

D. Other Receivables

Other Receivables as of August 31, 2022, consisted of the following:

Due From	General Fund	Internal Service Funds	Allied States Cooperative	Nonmajor Enterprise Funds	Total
School Districts and Other Local Governments	\$ 229,953	\$ -	\$ -	\$ -	\$ 229,953
Region 17 Education Service Center	250,649	-	-	-	250,649
Participants of Certification Programs	41,740	-	-	-	41,740
Event Center Rentals	-	53,357	-	-	53,357
Leases Receivable	-	94,269	-	-	94,269
Various Vendors through Coop	-	-	770,540	-	770,540
Miscellaneous Other Receivables	-	-	-	130	130
Total	522,342	147,626	770,540	130	1,440,638
Less: Allowance for Doubtful Accounts	-	-	(243,092)	-	(243,092)
Total, net	\$ 522,342	\$ 147,626	\$ 527,448	\$ 130	\$ 1,197,546

The Other Receivables balance in the Allied States Cooperative Enterprise Fund is reported net of the allowance for doubtful accounts. All other receivable balances are reported at gross value. Management has determined that an allowance for doubtful accounts is not necessary for fair presentation.

As listed in the table above, the Center reports leases receivable as part of other receivables. In February of 2022, the Center as lessor entered into one lease agreement for certain portions of the Center's administrative building. The lease term is for 5 years and monthly payments are \$8,957. The lease receivable is measured at the present value of the future minimum rent payments expected to be received during the lease term using a discount rate of 3.32%. During fiscal year 2022, the Center recognized \$54,932 in lease revenue and \$7,767 in interest revenue related to the lease. At August 31, 2022, the Center reports a total receivable of \$440,991, with a current portion of \$94,269 and a noncurrent portion of \$346,722. A related deferred inflow of resources of \$438,065 will be recognized as revenue over the lease term.

F. Changes in Long-Term Liabilities

Long-term liability activity for the year ended August 31, 2022, was as follows:

	Restated Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year
Governmental Activities:					
Other liabilities					
Compensated absences	\$ 125,969	\$ 14,946	\$ (24,346)	\$ 116,569	\$ -
Leases payable	2,339,382	1,430,622	(446,066)	3,323,938	555,199
Loans payable	11,091,220	4,208,780	(270,000)	15,030,000	540,000
Total other liabilities	<u>\$ 13,556,571</u>	<u>\$ 5,654,348</u>	<u>\$ (740,412)</u>	<u>\$ 18,470,507</u>	<u>\$ 1,095,199</u>

G. Compensated Absences

Upon retirement or death of certain employees, the Center pays any accrued vacation leave in a lump sum cash payment to such employee or his/her estate.

H. Loans from Direct Borrowing

On July 20, 2020, the Center entered into a construction loan agreement with NBH Bank (the “Lender”) for \$15,300,000. The Center agreed to construct, furnish, and equip a conference center facility and parking garage with the loan and with other available funds which they deposited with the Lender. The loan is secured by a lien on the facility and pledge of the construction fund assets and unencumbered revenues.

The loan payments will consist of principal (ranging from \$255,000 to \$325,000), plus interest and will be due semiannually beginning June 1, 2022. The loan will mature on June 1, 2030, with a balloon payment of \$10,690,000. Interest is calculated based on the balance of the loan at a fixed rate of 3.32%. The current requirements for loan principal and interest expenditures are accounted for in the general fund. Total interest paid during the fiscal year ending August 31, 2022, related to this loan was \$432,373.

Year Ending August 31,	Bonds Payable		Total
	Principal	Interest	
2023	\$ 540,000	\$ 501,898	\$ 1,041,898
2024	535,000	485,795	1,020,795
2025	555,000	466,303	1,021,303
2026	575,000	447,453	1,022,453
2027	595,000	427,930	1,022,930
2028 - 2030	12,230,000	1,161,024	13,391,024

IV. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS (Continued)

I. Right-to-Use Lease Liabilities

Effective September 1, 2021, the Center implemented GASB 87 and recorded the right-to-use lease assets and the related lease liabilities for the remaining life of the existing leases. Management utilized interest rates ranging from 1.103% to 5.361% to calculate the net present value and established a right-to-use lease liability of \$2,339,382 for existing leases at August 31, 2021. The Center also entered into new leases during the year of \$1,430,622. The right-to-use lease assets are being amortized over the remaining term of the leases using straight-line method. Commitments under right-to-use lease agreements for facilities, equipment, and copiers include lease terms from three to thirty six years. The Center is required to make monthly payments during the lease term. During the fiscal year ending August 31, 2022, total principal paid by the Center was \$446,066 and total interest paid by the Center was \$101,475. Future payments are as follows:

Year Ending June 30,	Principal Payments	Interest Payments	Total Requirements
2023	\$ 555,199	\$ 103,394	\$ 658,593
2024	575,361	83,232	658,593

2048 - 2052	316,372	103,087	419,459
2053 - 2058	455,817	47,534	503,351
Total	<u>\$ 3,323,938</u>	<u>\$ 1,341,566</u>	<u>\$ 4,665,504</u>

J. Defined Benefit Pension Plan

Plan Description: The Center participates in a cost-sharing multiple-employer defined benefit pension that has a special funding situation. The plan is administered by the Teacher Retirement System of Texas (TRS). It is a defined benefit pension plan established and administered in accordance with the Texas Constitution, Article XVI, Section 67 and Texas Government Code, Title 8, Subtitle C. The pension trust fund is a qualified pension trust under Section 401(a) of the Internal Revenue Code. The Texas Legislature establishes benefits and contribution rates within the guidelines of the Texas Constitution. The pension's Board of Trustees does not have the authority to establish or amend benefit terms.

All employees of public, state-supported educational institutions in Texas who are employed for one half or more of the standard work load and who are not exempted from membership under Texas Government Code, Title 8, Section 822.002 are covered by the system.

(Continued)

REGION 19 EDUCATION SERVICE CENTER

NOTES TO THE FINANCIAL STATEMENTS

AUGUST 31, 2022

IV. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS (Continued)

Pension Plan Fiduciary Net Position: Detailed information about the Teacher Retirement System's fiduciary net position is available in a separately-issued Annual Comprehensive Financial Report (ACFR) that includes financial statements and required supplementary information. That report may be obtained on the internet at https://www.trs.texas.gov/TRS_Documents/acfr-2021.pdf; by writing to TRS at 1000 Red River Street, Austin, TX 78701-2698; or by calling (512) 542-6592.

Benefits Provided: TRS provides service and disability retirement, as well as death and survivor benefits, to eligible employees (and their beneficiaries) of public and higher education in Texas. The pension formula is calculated using 2.3 percent (multiplier) times the average of the five highest annual creditable salaries times years of credited service to arrive at the annual standard annuity except for members who are grandfathered, the three highest annual salaries are used. The normal service retirement is at age 65 with 5 years of credited service or when the sum of the member's age and years of credited service equals 80 or more years. Early retirement is at age 55 with 5 years of service credit or earlier than 55 with 30 years of service credit. There are additional provisions for early retirement if the sum of the member's age and years of service credit total at least 80, but the member is less than age 60 or 62 depending on date of employment, or if the member was grandfathered in under a previous rule. There are no automatic post-employment benefit changes; including automatic COLAs. Ad hoc post-employment benefit changes, including ad hoc COLAs can be granted by the Texas Legislature as noted in the Plan description above.

State law requires the plan to be actuarially sound in order for the legislature to consider a benefit enhancement, such as a supplemental payment to the retirees. The pension became actuarially sound in May 2019 when the 86th Texas legislature approved the TRS Pension Reform Bill (SB12) that provided gradual contribution increases from the state, participating employers and active employees for the fiscal years 2019 through 2024.

Contributions: Contribution requirements are established or amended pursuant to Article 16, section 67 of the Texas Constitution which requires the Texas legislature to establish a member contribution rate of not less than 6% of the member's annual compensation and a state contribution rate of not less than 6% and not more than 10% of the aggregate annual compensation paid to members of the system during the fiscal year. Texas Government Code section 821.006 prohibits benefit improvements, if as a result of the particular action, the time required to amortize TRS' unfunded actuarial liabilities would be increased to a period that exceeds 31 years, or, if the amortization period already exceeds 31 years, the period would be increased by such action. Actuarial implications of the funding provided in this manner are determined by the System's actuary.

Employee contribution rates are set in state statute, Texas Government Code 825.402. The TRS Pension Reform Bill (Senate Bill 12) of the 86th Texas Legislature amended Texas Government Code 825.402 for member contributions and increased employee and employer contribution rates for fiscal years 2020 through 2025.

REGION 19 EDUCATION SERVICE CENTER

NOTES TO THE FINANCIAL STATEMENTS

AUGUST 31, 2022

IV. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS (Continued)

	<u>Contribution Rates</u>	
	Plan Fiscal Year	
	2021	2022
Member	7.7%	8.00%
Non-Employer Contributing Entity (State)	7.5%	7.75%
Employers	7.5%	7.75%

<u>Contributions Required and Made</u>	
2022 Employer Contributions	\$ 2,936,168
2022 Member Contributions	2,852,843
2021 Plan Year NECE On-Behalf Contributions (State)	389,369

Contributors to the plan include active members, employers, and the State of Texas as the only non-employer contributing entity. The State is the employer for senior colleges, medical schools and state agencies, including TRS. In each respective role, the State contributes to the plan in accordance with State Statutes and the General Appropriations Act (GAA).

As the non-employer contributing entity for public education and junior colleges, the State of Texas contributes to the retirement system an amount equal to the current employer contribution rate times the aggregate annual compensation of all participating members of the pension trust fund during that fiscal year reduced by the amounts described below which are paid by the employers. Employers (public school, junior college, other entities or the State of Texas as the employer for senior universities and medical schools) are required to pay the employer contribution rate in the following instances:

- On the portion of the member's salary that exceeds the statutory minimum for members entitled to the statutory minimum under Section 21.402 of the Texas Education Code.
- During a new member's first 90 days of employment.
- When any part or all of an employee's salary is paid by federal funding sources, a privately sponsored source, from non-educational and general, or local funds.
- When the employing district is a public junior college or junior college district, the employer shall contribute to the retirement system an amount equal to 50 percent of the state contribution rate for certain instructional or administrative employees; and 100 percent of the state contribution rate for all other employees.

(Continued)

REGION 19 EDUCATION SERVICE CENTER

NOTES TO THE FINANCIAL STATEMENTS

AUGUST 31, 2022

IV. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS (Continued)

Included in the employer contributions amount listed above for fiscal year 2022, the Center paid \$2,957 in retiree surcharges and \$606,204 for the Public Education Employer Contribution. These two additional surcharges an employer is subject to are summarized as follows:

- When employing a retiree of the Teacher Retirement System, the employer shall pay both the member contribution and the state contribution as an employment after retirement surcharge.
- All public schools, charter schools and regional education service centers must contribute 1.6 percent of the member’s salary beginning in fiscal year 2021, gradually increasing to 2 percent in fiscal year 2025.

Actuarial Assumptions: The actuarial valuation was performed as of August 31, 2020. Update procedures were used to roll forward the total pension liability to August 31, 2021. The total pension liability is determined by an annual actuarial valuation. The actuarial methods and assumptions were selected by the Board of Trustees based upon analysis and recommendations by the System’s actuary. The Board of Trustees has sole authority to determine the actuarial assumptions used for the Plan. The actuarial methods and assumptions were primarily based on a study of actual experience for the three year period ending August 31, 2017 and were adopted in July 2018. The following table discloses the assumptions that were applied to this measurement period:

Valuation Date	August 31, 2020 rolled forward to August 31, 2021
Actuarial Cost Method	Individual Entry Age Normal
Asset Valuation Method	Fair Value
Single Discount Rate	7.25%
Mortality Assumption	The active mortality rates were based on 90 percent of RP 2014 Employee Mortality Tables for males and females with full generational mortality. The post-retirement mortality rates were based on the 2018 TRS of Texas Healthy Pensioner Mortality Tables with full generational projection using the ultimate improvement rates from the most recently published projection scale U-MP.
Long-term expected Investment Rate of Return	7.25%
Municipal Bond Rate as of August 2021	1.95%. - The source for the rate is the Fixed Income Market Data/Yield Curve/Data Municipal Bonds with 20 years to maturity that include only federally tax-exempt municipal bonds as reported in Fidelity Index’s “20-Year Municipal GO AA Index”
Last year ending August 31 in Projection Period (100 years)	2120
Inflation	2.30%
Salary Increases	3.05% to 9.05% including inflation
Ad hoc post-employment benefit changes	None

REGION 19 EDUCATION SERVICE CENTER

NOTES TO THE FINANCIAL STATEMENTS

AUGUST 31, 2022

IV. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS (Continued)

The actuarial methods and assumption used in the determination of the total pension liability are the same assumptions used in the actuarial valuation as of August 31, 2020. For a full description of these assumptions please see the actuarial valuation report dated November 9, 2020.

Discount Rate: A single discount rate used to measure the total pension liability was 7.25 percent. The single discount rate was based on the expected rate of return on pension plan investments of 7.25 percent. The projection of cash flows used to determine the discount rate assumed that contributions from active members, employers and the non-employer contributing entity will be made at the rates set by the Legislature during the 2019 legislative session. It is assumed that future employer and state contributions will be 8.50 percent of payroll in fiscal year 2020 gradually increasing to 9.55 percent of payroll over the next several years. This includes all employer and state contributions for active and rehired retirees.

Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The long-term expected rate of return on pension plan investments is 7.25 percent and was determined using a building-block method in which best-estimates ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

NOTES TO THE FINANCIAL STATEMENTS

AUGUST 31, 2022

IV. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS (Continued)

Discount Rate Sensitivity Analysis: The following table presents the Net Pension Liability of the plan using the discount rate of 7.25 percent, and what the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.25 percent) or one percentage point higher (8.25 percent) than the current rate.

	1% Decrease 6.25%	Current Single Discount Rate 7.25%	1% Increase 8.25%
Center's proportionate share of the net pension liability	\$ 35,986,162	\$ 16,468,443	\$ 633,649

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions: At August 31, 2022, the Center reported a liability of \$16,468,443 for its proportionate share of the TRS's net pension liability. This liability reflects a reduction for State pension support provided to the Center. The amount recognized by the Center as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the Center were as follows:

The Center's proportionate share of the collective net pension liability	\$ 16,468,443
State's proportionate share that is associated with the Center	<u>2,323,588</u>
Total	<u><u>\$ 18,792,031</u></u>

The net pension liability was measured as of August 31, 2020 and rolled forward to August 31, 2021 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Center's proportion of the net pension liability was based on the Center's contributions to the pension plan relative to the contributions of all employers to the plan for the period September 1, 2020 through August 31, 2021.

At August 31, 2021 the employer's proportion of the collective net pension liability was 0.0646671825% which was an increase of 0.0024046282% from its proportion measured as of August 31, 2020.

Changes since the Prior Actuarial Valuation: There were no changes in assumptions since the prior measurement date.

There were no changes in benefit terms that affected measurement of the total pension liability during the measurement period.

For the year ended August 31, 2022, the Center recognized pension expense of \$9,289 and revenue of \$9,289 for support provided by the State.

The amount of pension expense recognized by the Center in the reporting period was \$1,178,952.

(Continued)

REGION 19 EDUCATION SERVICE CENTER

NOTES TO THE FINANCIAL STATEMENTS

AUGUST 31, 2022

IV. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS (Continued)

At August 31, 2022, the Center reported its proportionate share of the TRS's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 27,559	\$ 1,159,391
Changes in actuarial assumptions	5,821,273	2,537,576
Net difference between projected and actual investment earnings	-	13,808,576
Changes in proportion and difference between Center's contributions and proportionate share of contributions	1,218,924	1,223,185
Center contributions to TRS subsequent to the measurement date	2,936,168	-
Total	\$ 10,003,924	\$ 18,728,728

The \$2,936,168 reported as deferred outflows of resources related to pensions resulting from Center contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending August 31, 2023.

The net amounts of the Center's balances of deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended August 31	Pension Expense
2023	\$ (2,099,692)
2024	(2,103,981)
2025	(3,345,637)
2026	(4,152,195)
2027	17,284
Thereafter	23,249
	\$ (11,660,972)

Changes in Net Pension Liability:

	Beginning Balance	Additions	Reductions	Ending Balance
Net Pension Liability	\$ 33,346,554	\$ -	\$ 16,878,111	\$ 16,468,443

The General Fund is used to liquidate the pension liability.

NOTES TO THE FINANCIAL STATEMENTS

AUGUST 31, 2022

IV. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS (Continued)

Payable to the Pension Plan: At August 31, 2022, the Center reported a payable of \$529,208 to the pension plan for the outstanding amount of contractually required contributions related to past service costs. Member contributions included in this payable were \$260,845.

K. Defined Other Post-Employment Benefit Plan

Plan Description: The Center participates in the Texas Public School Retired Employees Group Insurance Program (TRS-Care). It is a multiple-employer, cost-sharing defined Other Post-Employment Benefit (OPEB) plan that has a special funding situation. The plan is administered through a trust by the Teacher Retirement System of Texas (TRS) Board of Trustees. The TRS-Care program was established in 1986 by the Texas Legislature.

The TRS Board of Trustees administers the TRS-Care program and the related fund in accordance with Texas Insurance Code Chapter 1575. The Board of Trustees is granted the authority to establish basic and optional group insurance coverage for participants as well as to amend benefit terms as needed under Chapter 1575.052. The Board may adopt rules, plans, procedures, and orders reasonably necessary to administer the program, including minimum benefits and financing standards.

OPEB Plan Fiduciary Net Position: Detail information about the TRS-Care’s fiduciary net position is available in the separately-issued TRS Annual Comprehensive Financial Report (ACFR) that includes financial statements and required supplementary information. That report may be obtained on the internet at <https://www.trs.texas.gov/TRS Documents/acfr-2021.pdf>; by writing to TRS at 1000 Red River Street, Austin, TX 78701-2698; or by calling (512) 542-6592.

Benefits Provided: TRS-Care provides health insurance coverage to retirees from public schools, charter schools, regional education service centers and other educational districts who are members of the TRS pension plan. Optional dependent coverage is available for an additional fee.

Eligible non-Medicare retirees and their dependents may enroll in TRS-Care Standard, a high-deductible health plan. Eligible Medicare retirees and their dependents may enroll in the TRS-Care Medicare Advantage medical plan and the TRS-Care Medicare Rx prescription drug plan. To qualify for TRS-Care coverage, a retiree must have at least 10 years of service credit in the TRS pension system. There are no automatic post-employment benefit changes; including automatic COLAs.

The premium rates for retirees are reflected in the following table:

TRS-Care Monthly Plan Premium Rates				
	Medicare		Non-Medicare	
Retiree or Surviving Spouse	\$	135	\$	200
Retiree and Spouse		529		689
Retiree or Surviving Spouse and Children		468		408
Retiree and Family		1,020		999

(Continued)

REGION 19 EDUCATION SERVICE CENTER

NOTES TO THE FINANCIAL STATEMENTS

AUGUST 31, 2022

IV. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS (Continued)

Contributions: Contribution rates for the TRS-Care plan are established in state statute by the Texas Legislature, and there is no continuing obligation to provide benefits beyond each fiscal year. The TRS-Care plan is currently funded on a pay-as-you-go basis and is subject to change based on available funding. Funding for TRS-Care is provided by retiree premium contributions and contributions from the state, active employees, and school districts based on active employee compensation. The TRS Board of trustees does not have the authority to set or amend contribution rates.

Texas Insurance Code, section 1575.202 establishes the state’s contribution rate which is 1.25 percent of the employee’s salary. Section 1575.203 establishes the active employee’s rate which is 0.65 percent of salary. Section 1575.204 establishes an employer contribution rate of not less than 0.25 percent or not more than 0.75 percent of the salary of each active employee of the public or charter school. The actual employer contribution rate is prescribed by the Legislature in the General Appropriations Act. The following table shows contributions to the TRS-Care plan by type of contributor.

	<u>Contributions Rates</u>	
	<u>2021</u>	<u>2022</u>
Active Employee	0.65%	0.65%
Non-Employer Contributing Entity (State)	1.25%	1.25%
Employers	0.75%	0.75%
Federal/private Funding remitted by Employers	1.25%	1.25%
2022 Employer Contributions	\$ 642,303	
2022 Member Contributions	231,793	
2021 Plan Year NECE On-behalf Contributions (State)	839,578	

In addition to the employer contributions listed above, there is an additional surcharge all TRS employers are subject to, regardless of whether or not they participate in the TRS-Care OPEB program. When employers hire a TRS retiree, employers are required to pay to TRS Care a monthly surcharge of \$535 per retiree. During the year ended August 31, 2022, the Center did not hire retirees and therefore paid no retiree surcharges.

TRS-Care received supplemental appropriations from the State of Texas as the Non-Employer Contributing Entity in the amount of \$5,520,343, in fiscal year 2021 for consumer protections against medical and health care billing by certain out-of-network providers.

REGION 19 EDUCATION SERVICE CENTER

NOTES TO THE FINANCIAL STATEMENTS

AUGUST 31, 2022

IV. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS (Continued)

Actuarial Assumptions: The actuarial valuation was performed as of August 31, 2020. Update procedures were used to roll forward the Total OPEB Liability to August 31, 2021. The actuarial valuation of the OPEB plan offered through TRS-Care is similar to the actuarial valuation performed for the pension plan, except that the OPEB valuation is more complex. The demographic assumptions were developed in the experience study performed for TRS for the period ending August 31, 2017. The following assumptions and other inputs used for members of TRS-Care are based on an established pattern of practice and are identical to the assumptions used in the August 31, 2020 pension actuarial valuation that was rolled forward to August 31, 2021:

Rates of Mortality	General Inflation
Rates of Retirement	Wage Inflation
Rates of Termination	Salary Increases
Rates of Disability Incidence	

Additional Actuarial Methods and Assumptions:

Valuation Date	August 31, 2020 rolled forward to August 31, 2021
Actuarial Cost Method	Individual Entry Age Normal
Inflation	2.30%
Single Discount Rate	1.95% as of August 31, 2021
Salary Increases	3.05% to 9.05%, including inflation
Demographic Assumptions	The rates of mortality, retirement, termination and disability incidence are identical to the assumptions used to value the pension liabilities of TRS. The demographic assumptions were developed in the experience study performed for TRS for the period ending August 31, 2017.
Mortality Assumption	The active mortality rates were based on 90% of the RP-2014 Employee Mortality Tables for males and females. The post-retirement mortality rates for healthy lives were based on the 2018 TRS of Texas Healthy Pensioner Mortality Tables. The rates were projected on a fully generational basis using the ultimate improvement rates from mortality projection scale MP-2018.

REGION 19 EDUCATION SERVICE CENTER

NOTES TO THE FINANCIAL STATEMENTS

AUGUST 31, 2022

IV. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS (Continued)

Health Care Trend Rates	Initial medical trend rates of 8.50% for Medicare retirees and 7.10% for non-Medicare retirees. Initial prescription drug trend rate of 8.50% for all retirees. Initial trend rates decrease to an ultimate trend rate of 4.25 over a period of 12 years.
Election Rates	Normal Retirement: 65% participation prior to age 65 and 40% participation after age 65; 25% of pre-65 retirees are assumed to discontinue coverage at age 65
Aging Factors	Based on plan specific experience.
Expenses	Third-party administrative expenses related to the delivery of health care benefits are included in the age-adjusted claims costs.
Ad hoc post-employment benefit changes	None
Other Information:	
Notes	Assumption changes include a discount rate change from 2.33% as of August 31, 2020 to 1.95% as of August 31, 2021.

Discount Rate: A single discount rate of 1.95 percent was used to measure the Total OPEB Liability. There was a decrease of 0.38 percent in the discount rate since the previous year. Because the plan is essentially a “pay-as-you-go” plan, the single discount rate is equal to the prevailing municipal bond rate. The projection of cash flows used to determine the discount rate assumed that contributions from active members and those of the contributing employers and the non-employer contributing entity are made at the statutorily required rates. Based on those assumptions, the OPEB plan’s fiduciary net position was projected to *not be able* to make all future benefit payments of current plan members. Therefore, the municipal bond rate was used for the long-term rate of return and was applied to all periods of projected benefit payments to determine the total OPEB liability.

The source of the municipal bond rate is the Fidelity “20-year Municipal GO AA Index” as of August 31, 2021 using the Fixed Income Market Data/Yield Curve/Data Municipal bonds with 20 years to maturity that include only federally tax exempt municipal bonds.

REGION 19 EDUCATION SERVICE CENTER

NOTES TO THE FINANCIAL STATEMENTS

AUGUST 31, 2022

IV. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS (Continued)

Discount Rate Sensitivity Analysis: The following schedule shows the impact on the Net OPEB Liability if the discount rate used was 1 percentage point lower than and 1 percentage point higher than the discount rate that was used in measuring the Net OPEB Liability.

	1% Decrease in Discount Rate 0.95%	Current Single Discount Rate 1.95%	1% Increase in Discount Rate 2.95%
Center's proportionate share of the Net OPEB Liability:	\$ 37,323,420	\$ 30,942,197	\$ 25,919,968

Healthcare Cost Trend Rates Sensitivity Analysis: The following schedule shows the impact on the Net OPEB Liability if a healthcare trend rate that is 1% less than and 1% greater than the health trend rates assumed.

	1% Decrease in Healthcare Trend Rate	Current Single Healthcare Trend Rate	1% Increase in Healthcare Trend Rate
Center's proportionate share of the Net OPEB Liability:	\$ 25,062,155	\$ 30,942,197	\$ 38,831,754

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEBs: At August 31, 2022, the Center reported a liability of \$30,972,197 for its proportionate share of the TRS-Care's Net OPEB Liability. This liability reflects a reduction for State OPEB support provided to the Center. The amount recognized by the Center as its proportionate share of the net OPEB liability, the related State support, and the total portion of the net OPEB liability that was associated with the Center were as follows:

The Center's proportionate share of the collective Net OPEB Liability	\$ 30,942,197
State's proportionate share that is associated with the Center	<u>41,455,649</u>
Total	<u><u>\$ 72,397,846</u></u>

The Net OPEB Liability was measured as of August 31, 2020 and rolled forward to August 31, 2021 and the Total OPEB liability used to calculate the Net OPEB Liability was determined by an actuarial valuation as of that date. The employer's proportion of the Net OPEB Liability was based on the employer's contributions to the OPEB plan relative to the contributions of all employers to the plan for the period September 1, 2020 through August 31, 2021.

At August 31, 2021, the employer's proportion of the collective Net OPEB Liability was 0.0802141898%, which was a decrease of 0.0023304289% from its proportion measured as of August 31, 2020.

(Continued)

REGION 19 EDUCATION SERVICE CENTER

NOTES TO THE FINANCIAL STATEMENTS

AUGUST 31, 2022

IV. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS (Continued)

Changes Since the Prior Actuarial Valuation – The following were changes to the actuarial assumptions or other inputs that affected measurement of the Total OPEB liability since the prior measurement period:

- The discount rate changed from 2.33 percent as of August 31, 2020 to 1.95 percent as of August 31, 2021. This change increased the Total OPEB Liability.

There were no changes to benefit terms that affected measurement of the Total OPEB liability during the measurement period.

For the year ended August 31, 2022, the Center recognized OPEB expense of \$(1,530,030) and revenue of \$(1,530,030) for support provided by the State.

The amount of OPEB expense recognized by the Center in the reporting period was \$(2,715,362).

At August 31, 2022, the Center reported its proportionate share of the TRS-Care’s deferred outflows of resources and deferred inflows of resources related to other post-employment benefits (OPEB) from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 1,332,208	\$ 14,978,188
Changes in actuarial assumptions	3,427,212	6,543,702
Difference between projected and actual investment earnings	33,593	-
Changes in proportion and difference between the Center’s contributions and the proportionate share of contributions	1,276,919	1,814,800
Contributions paid to TRS-Care subsequent to the measurement date	642,303	-
Total	\$ 6,712,235	\$ 23,336,690

The \$642,303 reported as deferred outflows of resources related to OPEB resulting from Center contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the year ended August 31, 2023.

(Continued)

REGION 19 EDUCATION SERVICE CENTER

NOTES TO THE FINANCIAL STATEMENTS

AUGUST 31, 2022

IV. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS (Continued)

The net amounts of the employer’s balances of deferred outflows and inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year Ended August 31:	OPEB Expense Amount
2023	\$ (3,412,495)
2024	(3,413,253)
2025	(3,413,046)
2026	(2,598,566)
2027	(1,495,901)
Thereafter	(2,933,497)
	\$ (17,266,758)

Changes in Net OPEB Liability:

	Beginning Balance	Additions	Reductions	Ending Balance
Net OPEB Liability	\$ 29,607,135	\$ 1,961,717	\$ 626,665	\$ 30,942,187

The General Fund is used to liquidate the OPEB Liability.

Payable to the OPEB Plan: At August 31, 2022, the Center reported a payable of \$79,891 to the OPEB plan for the outstanding amount of contractually required contributions related to past service costs. Member contributions included in this payable were \$21,194.

Medicare Prescription Drug Program: The Medicare Prescription Drug, Improvement, and Modernization Act of 2003, which was effective January 1, 2006, established prescription drug coverage for Medicare beneficiaries known as Medicare Part D. One of the provisions of Medicare Part D allows for the Texas Public School Retired Employee Group Insurance Program (TRS-Care) to receive retiree drug subsidy payments from the federal government to offset certain prescription drug expenditures for eligible TRS-Care participants. Medicare Part D contributions made on behalf of the Center’s employees for the year ended August 31, 2022, 2021 and 2020 were \$146,974, \$155,526, and \$140,236, respectively. These amounts are recorded as equal revenues and expenditures in the governmental fund financial statements of the Center.

REGION 19 EDUCATION SERVICE CENTER

NOTES TO THE FINANCIAL STATEMENTS

AUGUST 31, 2022

IV. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS (Continued)

L. Health Care Coverage

The Center participates in TRS Active Care, sponsored by the Teacher Retirement System of Texas, and administered by Aetna. TRS Active Care provides health care coverage to employees (and their dependents) of participating public education entities. Authority for the plan can be found in the Texas Insurance Code, Title 1, Subtitle H, Chapter 1579, and in the Texas Administrative Code, Title 34, Part 3, Chapter 41. This is a premium based plan. Payments are made on a monthly basis for all covered employees. During the year ended August 31, 2022, the Center contributed approximately \$500 per month per employee to the Plan. There were no other liabilities associated with the Plan.

M. Workers' Compensation

As required by law, the Center has acquired adequate workers' compensation insurance coverage contracted through Claims Administrative Service, Inc. The Center has chosen to participate in a political subdivision risk pool, which means that the Center shares its exposure with other school districts and public entities with similar employee populations. Currently, the Center employs more than 1,000 full-time and part-time employees, and pays about \$444,540 in workers' compensation premium annually. This premium is considered sufficient by Claims Administrative Services, Inc. and no contingent liability is required to be reported. This total amount paid for workers' compensation costs is approximately 1.15% of annual payroll.

N. Unemployment Self-insurance Fund

During the year ended August 31, 2022, the Center met its statutory unemployment compensation obligations by participating as a self-funded member of the Texas Association of School Boards (TASB) Risk Management Fund (the Fund). The Fund was created and is operated under the provisions of the Interlocal Cooperation Act, Chapter 791 of the Texas Government Code and Chapter 504, Texas Labor Code. All members participating in the Fund execute Interlocal Agreements that define the responsibilities of the parties.

As a self-funded member of the TASB Risk Management Fund, Region 19 ESC is solely responsible for all claims costs, both reported and unreported. The Fund provides administrative services to its self-funded members including claims administration and customer service.

The Fund engages the services of an independent auditor to conduct a financial audit after the close of each year on August 31. The audit is accepted by the Fund's Board of Trustees in February the following year. The Fund's audited financial statements as of August 31, 2020, are available on the TASB Risk Management Fund website and have been filed with the Texas Department of Insurance in Austin.

Q. Fund Balance

As of August 31, 2022, fund balances were composed of the following:

	General Fund	Capital Projects	Nonmajor Governmental Funds	Total
<u>NonSpendable:</u>				
Prepaid Items	\$ 87,847	\$ -	\$ -	\$ 87,847
<u>Restricted:</u>				
ESC Certification Program	-	-	56,189	56,189
ESC Teacher Recruitment	-	-	10,250	10,250
Total Federal and State Grant Restrictions	-	-	66,439	66,439
<u>Committed:</u>				
Parking Garage and Conference Center	3,762,525	-	-	3,762,525
Loan Principal and Interest	1,100,000	-	-	1,100,000
Total Construction	4,862,525	-	-	4,862,525
Network, Virtual, and Data Storage	290,000	-	-	290,000
Building Interior/Exterior Upgrades	1,350,000	-	-	1,350,000
Other Equipment	806,000	-	-	806,000
Total Capital Expenditures for Equipment	2,446,000	-	-	2,446,000
<u>Assigned:</u>				
Professional Conferences	569,059	-	-	569,059
Total Other Assigned Fund Balance	569,059	-	-	569,059
<u>Unassigned:</u>				
Unassigned Fund Balance	1,519,303	-	-	1,519,303
Total	\$ 9,484,734	\$ -	\$ 66,439	\$ 9,551,173

Fund 790 (Internal Leases) ended the year with a deficit net position. This was expected based on the nature of the new lease accounting rules, but should reverse itself over the term of the leases. However, the general fund will cover any amounts necessary.

R. Encumbrances

The Center had no outstanding encumbrances at August 31, 2022.

(Continued)

REGION 19 EDUCATION SERVICE CENTER

NOTES TO THE FINANCIAL STATEMENTS

AUGUST 31, 2022

IV. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS (Continued)

S. Commitments and Contingencies

Litigation - The Center is the defendant in a number of lawsuits arising principally in the normal course of operations. The Center maintains insurance, and the deductible may be \$25,000 per claim to cover the various lawsuits. In the opinion of the management, the outcome of these lawsuits will not have a material effect on the accompanying basic financial statements and accordingly, no provision has been accrued.

Federal and State Funding - Region 19 Education Service Center participates in numerous state and federal grant programs which are governed by various rules and regulations of the grantor agencies; therefore, to the extent that the Center has not complied with the rules and regulations governing the grants, refunds of any money received may be required and the collectibility of any related receivable at August 31, 2022, may be impaired.

T. Risk Management

The Center is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Board maintains insurance policies acquired from independent insurance carriers covering all structural property, automobiles, dishonesty, errors and omissions, boiler and machinery, personal property, and general liability. There have been no significant reductions in insurance coverage from prior years and settlements have not exceeded insurance coverage.

For the year ended August 31, 2022, Region 19 Education Service Center carried insurance for building and contents in the amount of \$73,565,137 with a deductible ranging from \$25,000 per occurrence to \$100,000 for wind, hail, or storm damage. Flood or earthquake deductible is \$50,000. Automobile liability coverage is limited to \$300,000 per occurrence with no deductible.

U. Related Party Transactions

From time to time, the Center may enter into transactions with related parties through the normal course of business. If a Board member has a conflict of interest, proper documentation is completed and he/she is required to abstain from any discussion or voting regarding the matter. Management is not aware of any material related party transactions during the fiscal year ending August 31, 2022.

V. Shared Services Arrangements

The Center is the fiscal agent for a Shared Services Arrangement (“SSA”) which provides support for migrant students across the area. According to guidance provided in TEA’s Resource Guide, the Center has accounted for the fiscal agent’s activities of the SSA in Special Revenue Fund 301, Shared Services Arrangements - ESEA Title I, Part C - Education of Migratory Children.

(Continued)

REGION 19 EDUCATION SERVICE CENTER

NOTES TO THE FINANCIAL STATEMENTS

AUGUST 31, 2022

IV. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS (Continued)

Expenditures of the SSA are summarized below:

Clint I.S.D.	\$	62,804
Canutillo I.S.D.		52,714
Tornillo I.S.D.		47,206
La Fe Preparatory School		1,555
El Paso Academy		2,170
Burnham Wood Charter Schools		950
Dell City I.S.D.		<u>522</u>
Total	\$	<u>167,921</u>

W. Restatement

As part of the Center's implementation of GASB No. 87, a restatement was necessary to establish the opening balances as of September 1, 2021, for the right-to-use lease assets and the right-to-use lease liabilities in the amount of \$2,339,382. The restatement had no impact on net position.

X. New Accounting Pronouncements

The Center has not completed the process of evaluating the impact on its financial position that will result from adopting the following Governmental Accounting Standards Board (GASB) Statements:

- GASB No. 91, *Conduit Debt Obligations*, effective for periods beginning after December 15, 2021. GASB No. 91 requires issuers to disclose information about their conduit debt obligations.
- GASB No. 94, *Public-Private and Public-Public Partnerships and Availability Arrangements*, effective for periods beginning after June 15, 2022. GASB No. 94 improves financial reporting by addressing issues related to public private and public-public partnership arrangements (PPPs) as well as availability payment arrangements (APAs).
- GASB No. 96, *Subscription-Based Information Technology Arrangements (SBITA)*, effective for fiscal years beginning after June 15, 2022. GASB No. 96 defines a subscription-based information technology arrangement, establishes that a SBITA results in a right-to-use subscription asset and a corresponding subscription liability, and provides the capitalization criteria for outlays other than subscription payments.
- GASB No. 99, *Omnibus 2022*, effective for fiscal years beginning after June 15, 2022 and 2023, depending on the topic. GASB No. 99 enhances comparability in accounting and financial reporting and improves the consistency of authoritative literature by addressing practice issues and adding guidance on accounting and financial reporting for financial guarantees.

REGION 19 EDUCATION SERVICE CENTER

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION BUDGET AND ACTUAL - GENERAL FUND

FOR THE YEAR ENDED AUGUST 31, 2022

Budgets and Budgetary Accounting

The Board adopts an "appropriated budget" for the General Fund. The Center is required to present the adopted and final amended budgeted revenues and expenditures for this fund. The Center compares the final amended budget to actual revenues and expenditures. The General Fund Budget report appears in Exhibit G-1. The Board does not legally adopt a budget for special revenue funds since the budgets are designated by the grantor. As such, a budget to actual comparison is not presented in required supplementary information for the major special revenue funds.

The following procedures are followed in establishing the budgetary data reflected in the financial statements:

1. Prior to the regularly scheduled Board meeting in August, the Center prepares a budget for the next succeeding fiscal year beginning September 1. The operating budget includes proposed expenditures and the means of financing them.
2. A meeting of the Board is then called for the purpose of adopting the proposed budget. At least ten days' public notice of the meeting must be given.
3. On August 19, 2021, the budget was legally enacted through passage of a resolution by the Board. Once a budget is approved, it can only be amended at the function and fund level by approval of a majority of the members of the Board. Amendments are presented to the Board at its regular meetings. Each amendment must have Board approval. As required by law, such amendments are made before the fact, are reflected in the official minutes of the Board, and are not made after fiscal year end. Because the Center has a policy of careful budgetary control, several amendments were necessary during the year. No expenditures were made prior to approval of the budget.
4. Each budget is controlled by the budget coordinator at the revenue and expenditure function/object level. Budgeted amounts are as amended by the Board. All budget appropriations lapse at year end.

Expenditures in Excess of Appropriations

During the fiscal year ended August 31, 2022, the Center had expenditures in excess of appropriations in the general fund in Function 23 - School Leadership of \$1,625 and in Function 71 - Debt Service of \$.516,031. This was primarily related to loan payments that were originally paid out of the Capital Projects fund deemed to be more appropriately recorded in the General fund.

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION FOR OPEB

FOR THE YEAR ENDED AUGUST 31, 2022

Changes of Benefit Terms Since the Prior Measurement Period

There were no changes of benefit terms that affected measurement of the total OPEB liability during the measurement period.

Changes Since the Prior Actuarial Valuation

The following were changes to the actuarial assumptions or other inputs that affected measurement of the Total OPEB liability since the prior measurement period:

- The discount rate changed from 2.33 percent as of August 31, 2020 to 1.95 percent as of August 31, 2021. This change increased the Total OPEB Liability.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Directors
Region 19 Education Service Center

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Region 19 Education Service Center, as of and for the year ended August 31, 2022, and the related notes to the financial statements, which collectively comprise Region 19 Education Service Center's basic financial statements, and have issued our report thereon December 12, 2022.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Region 19 Education Service Center's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Region 19 Education Service Center's internal control. Accordingly, we do not express an opinion on the effectiveness of Region 19 Education Service Center's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Region 19 Education Service Center's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE
FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL
OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE AND THE
STATE OF TEXAS UNIFORM GRANT MANAGEMENT STANDARDS

To the Board of Directors
Region 19 Education Service Center

Report on Compliance for Each Major Federal and State Program

Opinion on Each Major Federal Program

We have audited Region 19 Education Service Center's compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* and the State of Texas Uniform Grant Management Standards that could have a direct and material effect on each of Region 19 Education Service Center's major federal and state programs for the year ended August 31, 2022. Region 19 Education Service Center's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Region 19 Education Service Center complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended August 31, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and the State of Texas Uniform Grant Management Standards. Our responsibilities under those standards and the Uniform Guidance and the State of Texas Uniform Grant Management Standards are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Region 19 Education Service Center and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal and state program. Our audit does not provide a legal determination of Region 19 Education Service Center's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Region 19 Education Service Center's federal and state programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Region 19 Education Service Center's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, the Uniform Guidance, and the State of Texas Uniform Grant Management Standards will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Region 19 Education Service Center's compliance with the requirements of each major federal and state program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, the Uniform Guidance, and the State of Texas Uniform Grant Management Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Region 19 Education Service Center's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Region 19 Education Service Center's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance and the State of Texas Uniform Grant Management Standards, but not for the purpose of expressing an opinion on the effectiveness of Region 19 Education Service Center's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and the State of Texas Uniform Grant Management Standards. Accordingly, this report is not suitable for any other purpose.

REGION 19 EDUCATION SERVICE CENTER

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

FOR THE YEAR ENDED AUGUST 31, 2022

SUMMARY OF AUDITOR'S RESULTS

Financial Statements

Type of Auditor's Report issued on whether the financial statements audited were prepared in accordance with GAAP: Unmodified

Internal control over financial reporting:

Were significant deficiencies in internal control disclosed? None reported

Were material weaknesses in internal control disclosed? No

Was any noncompliance disclosed that is material to the financial statements of the auditee, which would be required to be reported in accordance with Government Auditing Standards? No

Federal and State Awards

Internal control over major federal and state award programs:

Were significant deficiencies in internal control over major programs disclosed? Federal - None reported
State - None reported

Were material weaknesses in internal control over major programs disclosed? Federal - No
State - No

Type of auditor's report issued on compliance for the major federal and state programs: Unmodified

Were there any audit findings that the auditor is required to disclose under Title 2 CFR 200.516 Audit findings paragraph (a) or the State of Texas UGMS? Federal Programs - No
State Programs - No

Major Federal Programs:

Head Start:
Assistance Listing No. 93.600

Child and Adult Care Food Program:
Assistance Listing No. 10.558

Special Education - Grants for Infants & Families:
Assistance Listing No. 84.181

Major State Program:

Texas Health and Human Services Commission - Early Childhood Intervention

Dollar threshold used to distinguish between type A and type B programs: Federal - \$1,748,578
State - \$300,000
(grant awarded prior to 1/1/2022)

Did auditee qualified as low-risk auditee under 2 CFR 200.520 Criteria for a low-risk auditee and the State of Texas UGMS? Federal - Yes
State - No

REGION 19 EDUCATION SERVICE CENTER

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AND STATE AWARDS

YEAR ENDED AUGUST 31, 2022

1. GENERAL

For all federal programs, the Center uses the fund types specified in the Texas Education Agency's *Financial Accountability System Resource Guide*.

Special Revenue Funds are used to account for resources restricted to, or committed for specific purposes by a grantor. Federal and state financial assistance generally is accounted for in a Special Revenue Fund. If balances have not been expended by the end of the project period, grantors sometimes require the Center to refund all or part of the unused amount.

The accompanying schedule of expenditures of federal and state awards (the "schedules") include the federal and state award activity of the Center under programs of the federal and state government for the year ended August 31, 2022. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and the Texas Uniform Grant Management Standards. Because the schedules present only a selected portion of the operations of the Center, it is not intended to and does not present the financial position, changes in net position, or cash flows of the Center.

2. BASIS OF ACCOUNTING

Accounting and Financial Reporting

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. The governmental fund types are accounted for using a current financial resources measurement focus. All federal and state grant funds are accounted for either in the General Fund or a Special Revenue Fund which are governmental fund types. With this measurement focus, only current assets, deferred outflows of resources, current liabilities, and deferred inflows of resources generally are included on the balance sheet. Operating statements of these funds present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current assets.

The modified accrual basis of accounting is used for the governmental fund types. This basis of accounting recognizes revenues in the accounting period in which they become susceptible to accrual, i.e., both measurable and available, and expenditures in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on general long-term debt, which is recognized when due, and certain compensated absences and claims and judgments, which are recognized when the obligations are expected to be liquidated with expendable available financial resources.

Federal and state grant funds are considered to be earned to the extent of expenditures made under the provisions of the grant. When grant funds are received before expenditures are made, they are recorded as unearned revenues until earned. Such expenditures are recognized following the cost principles contained in the Uniform Guidance and the State of Texas Uniform Grant Management Standards, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

(Continued)

REGION 19 EDUCATION SERVICE CENTER

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AND STATE AWARDS

YEAR ENDED AUGUST 31, 2022

2. BASIS OF ACCOUNTING (Continued)

Period of Performance

The period of performance for federal and state grant funds for the purpose of liquidation of outstanding obligations made on or before the ending date of the federal project period extended 90 days beyond the federal project period ending date, in accordance with provisions in Section H, Period of Performance of Federal Funds, Part 3, OMB Compliance Supplement - July 2022 and the Texas Uniform Grant Management Standards.

3. INDIRECT COST RATE

The Center did not elect to use the 10% de minimus indirect cost rate, but used the indirect cost rate assigned by the Texas Education Agency.

The Center accounted for federally funded indirect costs in the General Fund as follows:

Program Title	Assistance Listing Number	Amount
Early Childhood Intervention	various	\$ 109,022
