

Course Selection for Sophomore year

In choosing your courses be sure to consider:

- Students who expect to add a job, a varsity level sport, religious education program (such as Confirmation), Pre-College program, or have responsibilities outside of the class day, should remember the increase in time commitment when selecting courses. Co-curricular and work commitments are not circumstances to allow a course drop.
- Students cannot choose in which semester a class will fall in their schedules. Whatever you choose, be sure that you want to be in that course either semester.
- Once courses are selected, changes strictly follow the Course Change and Withdrawal policy. Selecting your courses indicates you commit to the courses you select.
- Remember, you have service hours to complete this year outside of the school day.
