## ***District Strategic Plan 2025***

Broward County Public Schools is the sixth-largest school district in the United States and the second-largest in Florida. The district serves more than 256,021 students at 231 schools and is one of the largest employers in South Florida, with 30,529 team members.

**Vision:** Educating today's students to succeed in tomorrow's world.

**Mission:** Educating all students to reach their highest potential.

**Core Values:** Student Focus, Teaching Excellence, Accountability, Respect, Safety

## ***School Mission Statement***

### **Mission Statement**

The Mission of Davie Elementary School is to provide a strong, safe academic setting in which excellence is the standard for all students, through a combined partnership of home, school and the community.

We accomplish these goals by focusing on teacher/student relationships, demanding high performance, holding to high expectations through implementation and monitoring, and by providing opportunities for self-exploration and self-development. We also have a strong community support through our P.T.O. who provides excellent participation by volunteering, fund raising, and staff support. The faculty and staff of Davie Elementary believes in the worth and dignity of each individual student. We believe that each student should receive individualized/differentiated instruction.

We believe that all students should take ownership of their learning. We provide an environment where students are exposed to multi-meaningful experiences in various modes of learning, using available technology and teaching strategies. We believe in an on-going partnership among the school, home and community to help each student acquire a positive self-concept, respect for oneself and others, and the knowledge that each is responsible for his or her own academic and social success.

It is our belief that:

- Quality education results from a partnership that is shared among the home, school and community.
- A safe, orderly and caring environment is necessary for learning.
- Each child needs to learn to be responsible for his/her own actions.
- We should provide each student with an education consistent with his individual differences, needs and interests.
- The teaching environment should provide appropriate activities to meet the child's diverse needs.
- It is important to provide a quality education which focuses on teaching children how to learn while encouraging curiosity, creativity and a love for knowledge.
- The quality of each child's education is greatly determined by the commitment and involvement of the family.
- Each child deserves respect for his/her uniqueness of heritage, ethnicity and beliefs.
- We should prepare students for the future by exposing them to a technology rich learning experience.

## ***School Community***

Davie Elementary serves 538 students enrolled in grades Kindergarten through Fifth grade. The student population's ethnicity comprises 60.92 % Hispanic and 71.9 % Non-Hispanic students. Additionally, we serve a diverse population made up of <White> White %, 20.3 Black %, 0.0 Native %, 3.9Asian %, 0.0 Pacific %, and 3.9 Multicultural % students.

The administration includes Principal Ms. Delicia Collins and Assistant Principal Ms. Dawn Graber. Davie Elementary is proud to offer the many unique programs which provide students with opportunities. These programs include Musical Mustangs, Debate Team, Green Team, and Safety patrols.

## ***Purpose of Collection Development Policy***

A school library collection development plan serves as a roadmap to guide library materials' selection, acquisition, and maintenance. It ensures the collection aligns with Florida statutes, the District's Strategic Plan Goals and Guardrails, the school's curriculum, and student needs by providing a framework for choosing resources that best support student learning across different subjects and interests while also addressing diversity and appropriate content levels.

## ***A Collection Development Plan Serves Several Important Purposes:***

**Statutory Compliance:** A Collection Development Plan establishes the framework for adhering to the mandatory state statute, requiring each district school board to adopt procedures for developing library media center collections and to post these procedures on each school's website.

**District Alignment:** Aligns with Broward County Public Schools 2022-2027 Strategic Plan Goals and Guardrails.

**Supporting curriculum:** The plan should directly connect library materials to the school's curriculum, ensuring students access relevant study resources.

**Student needs assessment:** It considers students' diverse needs, including reading levels, interests, and learning styles, to select materials that cater to a wide range of abilities.

**Selection criteria:** The plan outlines clear criteria for choosing materials, such as quality, accuracy, relevance, and alignment with school values.

**Budget management:** It helps allocate library funds effectively by prioritizing purchase needs based on identified gaps in the collection.

**Collection maintenance:** The plan includes procedures for discarding outdated or damaged materials and replacing them with current resources.

**Community engagement:** It involves collaboration with students, teachers, administrators, and parents to gather input on collection needs.

A thorough analysis of the current media center collection at Davie Elementary indicates that the average age of the collection is 2008 and the number of books per student is 9.8. The [American Library Association](#) has established a criteria for a highly effective media center that includes a ratio of 10 books available per student in the collection.

Currently, Davie Elementary does not meet the recommended standards for the number of books per student.

## ***Library Program***

My Library program consists of seeing pre-k, Kindergarten, First, Second, Third, Fourth and Fifth graders in a three-day rotation. During these rotations the students will be exposed to a lesson and be able to check books out. On the last day of the rotation the students will go into Bean stack to log in their reading and be able to go into their reading apps to read quietly. This is a fixed schedule, in which I will see one class every three days and then a new rotation begins. This year the reading programs that the students are exposed to are SORA, GALE, PEBBLE GO. Bean Stack is used to log in their weekly reading.

## Scope of the Collection

---

Davie Elementary scope of collection provides a variety of resources and materials to the students and staff. These materials include different genres through non-fiction, fiction, multi-lingual books for our non-English speakers, and biography books. There are 4 computer stations and 10 iPad tablets, which are docked in a charging station. Students use these items to read electronic novels. The promethean board also provides teaching instruction through a variety of applications such as using the whiteboard, web charts, screen share, chromium, annotate and so much more. We also have the recorderX simplicity cam that provides a closer look of what is being taught on the tabletop. The students can also log in to different software programs such as Sora, Pebble go, Epic, and Scholastic kids. Students are participating in Reading Across Broward by logging in books that they have read from our circulation.

The district provides online resources to ensure equitable access to information for teaching and learning to improve student performance and achievement. Students and teachers can use Clever or Canvas to access age-appropriate materials that support educational and social-emotional needs through the following online resources: Follett Destiny Online Library Catalog, Gale Online Databases and eBooks, (Pebble Go Next and National Geographic Kids for elementary only) Beanstack, and Sora by Overdrive.

School media centers provide access to library media materials that eliminate educational barriers based on gender, race/ethnicity, national origin, color, religion, disability, age, sexual

orientation, gender identity, expression, or other protected group status and that are free of bias, stereotypes, distortions, and prejudices. This includes the ability to obtain information in a variety of formats electronic as well as print, without fear of censorship or reprisal.

## **Collection Development**

Collection Development is the process of providing quality materials and equipment for the library media center. The goal of collection development is to ensure the collection has information sources in adequate quantity and variety to support student's academic and personal interest needs. The media specialist is charged with leading this process with the input of teachers, students, and parents. Resources are selected according to principles of intellectual freedom and provide all learners with access to information representing diverse points of view.

### **Selection and Evaluation Criteria (Drawn from BCPS Policy 4120)**

#### **Selection of Materials**

Funded by the state, district, and school, the media collection will contain a wide range of appropriate materials on varying levels of difficulty in various existing and emerging formats. It will focus on materials that address different learning styles and levels.

#### **Responsibility**

The School Board of Broward County is legally responsible for all matters relating to the operation of Broward County Schools. The professionally trained media specialist is responsible for coordinating the selection of instructional materials for the School Media Center, consulting with the principal, teachers, and students.

**\*In the event there is not a school library media specialist,** the Principal and/or Administrative Designee will assume the responsibility for identifying and selecting an instructional staff member(s) to engage in the selection process to ensure materials support the needs of the school community.

**NOTE:** Clerical personnel should NOT be responsible for library material collection development and/or resource management and selection of materials.

#### **Criteria for Selection of Print and Non-Print Materials**

1. Materials are selected to support the mission of Davie Elementary,
2. Materials are selected to enrich and support the curriculum and the educational, emotional, and recreational needs of the users.
3. Materials shall be appropriate for the age, emotional development, ability levels, learning styles, and social development of the students.

4. Materials shall represent differing viewpoints of controversial issues so that users may be motivated to engage in critical analysis of such issues, to explore their own beliefs, attitudes, and behavior, and to make informed choices in their lives.

In keeping with the **Library Bill of Rights**, materials will be considered based on the following:

- Needs of the curriculum, learning/teaching styles of students, faculty, and staff
- Possible use of material (including small or large group instruction, in-depth study)
- Level of physical, artistic, and literary quality
- Representation of multiple viewpoints
- Treatment of subject and lack of cultural bias

- Scope of coverage
- Support of inquiry and critical thinking skills
- Relationship of the material to the overall collection
- Cost, packaging, and documentation

### **Selection Tools**

The following professional resources are available to assist the media specialist in the selection process. However, selection is not limited to the use of these tools.

**Follett Titlewave:** Titlewave is a collection development and curriculum support tool for school libraries, librarians, and educators, featuring professionally curated content from Follett library services and support tools that help you find the most relevant materials.

**Mackin:** Mackin uses highly acclaimed review sources (AudioFile, Booklist, Horn Book Magazine, Kirkus Reviews, Library Media Connection, Publishers Weekly, and School Library Journal). It places them in one convenient location to make the best selections for school libraries and students.

**Periodicals:** School Library Journal, Kirkus Reviews, Booklist, Horn Book, Library Media Connection, Journal of Adolescent and Adult Literacy, Young Adult Library Services, Knowledge Quest.

## ***Gifts and Donations***

Any gifted or donated items must meet the same selection criteria as all other materials—the criteria listed in Florida Statute 1006.28 and Broward County School Board Policy 4120.

## ***Collection Maintenance***

Removing materials from a library collection that are no longer educationally appropriate is as an equally important process as selecting new items of high quality. The library media specialist and/or instructional staff should have an ongoing process to evaluate the library media collection and to keep the collection relevant to the changing needs of the curriculum, personal interests, and needs of students. Evaluation of items under consideration for removal from the Library Media Center should be based on criteria related to the educational value of the resources. The removal (weeding) of library materials from the collection is the responsibility of a skilled professional library media specialist. Weeded items should not be disposed of or discarded at the school site. Weeded items should be boxed and identified as DISCARDED or WITHDRAWN and scheduled for pick up by Procurement and Warehousing Services by completing the enclosed Warehouse Assistance Request Form.

## ***Reconsideration of Materials***

---

Inquiries regarding the appropriateness of particular library and supplemental instructional materials are a normal part of the process of providing a wide variety of resources for student use.

- **Library Bill of Rights**
- **Library Reading Materials Opt-Out Form 2025/2026 (All Grades)**
- **Objection to Library/Specific Materials Form**

## ***Library Bill of Rights***

The American Library Association affirms that all libraries are forums for information and ideas, and that the following basic policies should guide their services.

I. Books and other library resources should be provided for the interest, information, and enlightenment of all people of the community the library serves. Materials should not be excluded because of the origin, background, or views of those contributing to their creation.

II. Libraries should provide materials and information presenting all points of view on current and historical issues. Materials should not be proscribed or removed because of partisan or doctrinal disapproval.

III. Libraries should challenge censorship in the fulfillment of their responsibility to provide information and enlightenment.

IV. Libraries should cooperate with all persons and groups concerned with resisting abridgment of free expression and free access to ideas.

V. A person's right to use a library should not be denied or abridged because of origin, age, background, or views.

VI. Libraries which make exhibit spaces and meeting rooms available to the public they serve should make such facilities available on an equitable basis, regardless of the beliefs or affiliations of individuals or groups requesting their use.

VII. All people, regardless of origin, age, background, or views, possess a right to privacy and confidentiality in their library use. Libraries should advocate for, educate about, and protect people's privacy, safeguarding all library use data, including personally identifiable information.

Adopted June 19, 1939, by the ALA Council; amended October 14, 1944; June 18, 1948; February 2, 1961; June 27, 1967; January 23, 1980; January 29, 2019.

Inclusion of "age" reaffirmed January 23, 1996.

Although the Articles of the Library Bill of Rights are unambiguous statements of basic principles that should govern the service of all libraries, questions do arise concerning application of these principles to specific library practices. See the documents designated by the Intellectual Freedom Committee as Interpretations of the Library Bill of Rights.
