EMERGENCY WEATHER PROVISIONS

The Superintendent or his/her designee may close the schools or dismiss them early in the event of hazardous weather or other emergencies that threaten the health or safety of students and personnel. While it maybe prudent, under certain circumstances, to excuse all students from attending school, to delay the opening hour or to dismiss students early, the Superintendent has the responsibility to see that as much of the administrative, supervisory and operational activity is continued as maybe possible. Therefore, if conditions affect only a single school, only that school will be closed.

In making the decision to close schools, the Superintendent will consider many factors, including the following principle ones relating to the fundamental concern for the safety and health of the children:

1. Weather conditions, both existing and predicted.

2. Driving, traffic, and parking conditions affecting public and private transportation facilities.

3. Actual occurrence or imminent possibility of any emergency condition that would make the operation of schools difficult or dangerous.

4. Inability of teaching personnel to report for duty, which might result in inadequate supervision of students.

The Superintendent will weigh these factors and take action to close the schools only after consultation with public works and public safety authorities. Students, parents and staff will be informed early in each school year of the procedures that will be used to notify them in case of emergency closings. When schools are closed for emergency reasons, staff members will comply with School Committee policy in reporting for work.
