2024-2025 School Accountability Report Card

(Published During the 2025-2026 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2025-26 School Description and Mission Statement

Core Values for Teaching and Learning

PREAMBLE

The Governing Board of the Livermore Valley Joint Unified School District (LVJUSD) embraces as our mission that each student will graduate with the skills needed to contribute and thrive in a changing world and pledges:

- To continually develop and support a high-quality staff that is committed to innovative teaching
- To insist on continuous improvement to ensure successful learning outcomes for all LVJUSD students

CORE VALUES

In support of our District's mission, our Superintendent and staff will adhere to the following core values for teaching and learning:

- LVJUSD schools will be safe, inclusive and welcoming for all students and their families.
- LVJUSD will provide current, relevant and engaging instructional materials and strategies that allow students to personalize their educational experience.
- LVJUSD will deliver innovative teaching and professional development that ensures the highest quality instruction that is responsive to each student's needs.
- All LVJUSD students will have equitable access to a wide range of challenging and inspiring courses and specialized programs that prepare students for college and career.

Principal's Message:

Mission: As a Livermore Valley Joint Unified School District (LVJUSD) school, East Avenue Middle School's mission is to provide tuition-free, equitable, well-rounded, standards-based instruction in a safe and supportive learning environment that supports the intellectual, physical, social, and emotional growth of all students. Data drawn from formative and summative assessments informs our teaching strategies, and the faculty actively collaborates on a consistent basis to increase student achievement.

2025-26 School Description and Mission Statement

Vision: East Avenue Middle School provides a safe, inspiring, and up-to-date learning environment in which students, staff, parents, and community members provide support to all students in developing the skills, attitudes, and motivation to succeed in school and beyond. Students strive to promote from East Avenue as academically and socially responsible youth who value critical thinking, creativity, integrity, diversity, and service to others.

East Avenue has an 2025-2026 enrollment of approximately 629 students. There is great diversity among our student population at 36% Hispanic or Latino, 42% White, 9% Asian, and 2% African-American or Black, with 9% of our student identifying as reporting two or more races. 9% percent of our students are English Learners (ELs), 18% are Students with Disabilities (SWD), and 32% are Socioeconomically Disadvantaged (SED). This diversity helps promote creativity and innovation at East Avenue by providing rich opportunities to consider a wide range of thoughts and approaches.

East Avenue operates on a six-period schedule. The East Avenue curriculum includes Core (English language arts and social science), science, math, and physical education classes. Honors Core and accelerated versions of math are offered. To accommodate students who wish to take electives that do not fit into their six-period day, we offer physical education classes before school during Zero Period. Our electives include classes in Science, Technology, Engineering, and Mathematics (STEM), Spanish, vocal and Instrumental music, art (including digital photography and computer animation), strength and conditioning, study hall, academic support classes, and leadership. Several classes are also designated to support our vibrant community of students who speak English as a second (or third, or fourth) language. Special interest clubs, including clubs for academic enrichment such as MathCounts, a drama program, athletics, and a variety of offerings in partnership with notable community institutions, including the Lawrence Livermore National Laboratory, round out the offerings.

The goal in offering a varied curriculum is to provide each student a bridge to academic engagement and success. Our teachers are focused on implementing instructional strategies that emphasize critical thinking and a growth mindset in support of the California State Standards (CSS). We believe in teaching students to stretch themselves beyond their comfort zones, to realize that effort grows abilities, and to understand that intelligence is worth the effort. Staff members have made the highest commitment to student learning, including use of formative and summative assessments and resulting data in collaborative consideration of the following four essential questions that drive our instruction: 1) What do we want all students to know and be able to do?; 2) How will we know if they learn it?; 3) How will we respond when some students do not learn?; and 4) How will we extend the learning for students who are already proficient?

In English and social studies, we will continue our work to engage students in evidence-based conversations around literary and informational text; increase students' vocabularies; and help students produce clear, logical, and compelling written pieces. In math and science, students will engage in conversations to communicate results of their investigations and thinking; produce clear and coherent writing in various formats (e.g., diagrams, tables, graphs, etc.); and build their math and science vocabularies to justify their conclusions and communicate them to others.

We are continuing to expand our Positive Behavioral Interventions and Supports (PBIS) framework, focusing on proactive practices to keep students in the classroom and learning. We have determined behavioral expectations and supports for increased consistency across the school to continuously improve the efficiency and effectiveness of the learning environment for all students. This year, our focus on behaviors will include efforts to eradicate hate speech, profanity, and vulgarity, while praising students in their efforts to show kindness in thoughts, words, and actions; to make good choices; and to be safe.

Built in 1958, East Avenue has recently undergone an extensive update to campus facilities. Thanks to the generosity of Livermore residents, whose support of Bond Measure J made the work possible, the campus boasts a new two-story classroom building and a new quad, both completed within the last two years. A thorough update and modernization of the remaining classrooms and administrative spaces was completed in Spring 2022. Facilities include a well-equipped STEM space; an exceptional library; and very clean grounds. The physical revitalization of the campus, paired with the deep diversity of the student body and the committed engagement of our community partners, make this an exciting time at East Avenue. Our principal's messages and our electronic marquee will keep the community informed of what is happening.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2025-26 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The LVJUSD has adopted the Next Generation Science Standards and the California State Standards in the following content areas: English/language arts and literacy in history/social science, science and technical subjects, and mathematics. Our district has also adopted the State content standards for history/social science, English language development (ELD), physical education, visual and performing arts, and career technical education. Our district adheres to State curricular guidelines for health and foreign language. The LVJUSD Board of Education has approved and adopted instructional materials in all content areas, aligned to State and district-adopted standards.

Our district reviews and adopts textbooks based on State and district standards. Our district instructional materials are selected and adopted in accordance with board policy and Board Regulation 6161.1 for Selection and Evaluation of Instructional Materials. Supplementary materials, including core literature and state-approved intervention materials are selected and used to increase access to standards-based instruction.

Our district's selection process includes a committee of teachers, along with parent input. The committee develops evaluation criteria, pilots materials, makes recommendations appropriate to each adoption cycle.

The final book selection is based on input from a district committee. Staff development is provided for all new textbook adoptions. The latest Districtwide adoptions include elementary English language arts and English language development in 2018-19 and secondary in 2019-20, history/social science in 2005-06, elementary science in 2022, grades 6 - 8 science in 2021, grades 9-12 math in 2007-08, grade 6-8 math in 2014, and grade K-5 math and algebra 1 in 2016. Textbooks are available, without charge, for all students. Each student receives a book for his or her own use. Students are responsible for keeping textbooks in good condition and for returning them promptly at the end of the school year.

By the eighth week of school each year, the LVJUSD Board of Education passes a resolution certifying, "Sufficient Standards-aligned textbooks and instructional materials were provided to each student, including English learners (EL), in mathematics, science, history/social science, and English/language arts, including the ELD component of an adopted program." Foreign language and health textbooks are adopted and ordered in sufficient quantities. In addition, science laboratory equipment is available for science laboratory courses offered in grades 9-12, inclusive.

In accordance with the terms of the Williams case settlement and Education Code 35186, a uniform complaint process has been developed, and guidelines are posted in every classroom. "Each student, including English learners, must have a textbook or instructional material, or both, to use in class and to take home. This requirement includes pupils enrolled in foreign language and health classes, and is applicable to science laboratory equipment for science laboratory courses offered in grades 9 - 12 inclusive" No complaints have been filed relative to "sufficiency" of instructional materials in our district to date.

School Facility Conditions and Planned Improvements

East Avenue was originally established as an elementary school in 1957, but now serves as a middle school. We have 28 classrooms situated on 10.3 acres. In addition to the classrooms, students have access to a spacious music room, a gymnasium, a multipurpose room, and a library. The school also has administrative offices and conference rooms. Four years, Measure J funds were used to complete a brand new two story (O) building, including two maker spaces and 12 other highly modern instructional spaces. The center of our quad area was modernized at the same time, with an updated quad and landscaping, and several classrooms outside of the O building were also modernized.

Also thanks to these same Measure J funds, a renovation of the A and B buildings provides a much improved front office, classroom spaces including an updated art teaching space, a redesigned façade, and an updated parking lot with better traffic flow, improved safety, and more 'curb appeal.'

Facilities are maintained through the diligent efforts of the site custodial crews and the district maintenance staff. Our Board of Education has adopted cleaning standards for all schools. District maintenance staff performs the repairs necessary to keep the schools in good working order in a timely manner. A work order process is used to ensure efficient service and emergency repairs are given the highest priority.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2024-25 California Physical Fitness Test Participation Rates					
This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.					
Grade Level	Component 1: Aerobic Capacity	Component 2: Abdominal Strength and Endurance	Component 3: Trunk Extensor and Strength and Flexibility	Component 4: Upper Body Strength and Endurance	Component 5: Flexibility
Grade 7	97.4	90.5	95.2	94.7	95.2

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2025-26 Opportunities for Parental Involvement

Livermore Valley Joint Unified School District (LVJUSD) values active parent engagement and believes that parent involvement is essential to the success of all students. LVJUSD Board Policy 6020(a) states:

“The Board of Education recognizes that parents/guardians are their children’s first and most influential teachers and that sustained parent involvement in the education of their children contributes greatly to student achievement and a positive school environment. The Superintendent or designee shall work with staff and parents/guardians to develop meaningful opportunities at all grade levels for parents/guardians to be involved in district and school activities; advisory, decision-making, and advocacy roles; and activities to support learning at home.”

Educational research suggests that highly effective schools have a number of features in common, including high levels of parent and community involvement. When parents take an active role in their children’s education, students perform at high levels and have more well-rounded educational experiences. LVJUSD parents are welcome partners in our school community. There are a range of opportunities for parents to engage with schools, including Parent Teacher Associations (PTAs), Parent Faculty Associations (PFAs), sports and activity booster clubs, and other supporter groups. On a monthly basis, the Superintendent of Schools meets with a representative of each school’s parent organization at the Parent Communication and Information Council (PCIC). This gathering provides an opportunity for parent groups to collaborate with each other and representatives of our district regarding events, opportunities, and activities for students and families. This is also a time district representatives share new initiatives and current information with parent leaders. In addition, parents have the opportunity to share general concerns and ask questions directly to the Superintendent. Each school also has formal advisory groups including School Site Council (SSC) and English Learner Advisory Committee (ELAC) who represent other parents at the site and are critical in the development and monitoring of the School Plan for Student Achievement (SPSA). A representative from each SSC serves on the District Local Control and Accountability Plan (LCAP) Advisory Committee, and a member of each ELAC serves on the District English Learner Advisory Council (DELAC), which also serves as the LCAP English Learner Advisory Committee. Through these two-way systems of parent support and engagement, parents, district, and school staff have open lines of communication and opportunities to engage in meaningful ways with the school community.

At East Avenue Middle School, we believe that family and community involvement is paramount to student achievement and college and career readiness. Through many fundraising activities, our parent-run Booster Club provides significant financial support for classroom supplies; technology; the library; and a variety of programs including drama, music, sports, and Homework Hall. Our School Site Council (SSC) and English Language Advisory Committee (ELAC) meet four times per school year and is a collaborative effort between parents, teachers, students, and administrators to help develop and monitor our plan for student achievement.

Parents are also an integral part of our school community. They volunteer on campus, drive students to and from sporting events and field trips, and provide special luncheons and events for our faculty and staff throughout the year. They play a major role in the eighth-grade promotion celebrations, school dances, school fundraisers, and orientation for new and currently enrolled students.

For more information on how to become involved, contact East Avenue Middle School at (925) 606-4711 or visit our home page at livermoreschool.org/east.

2025-26 School Safety Plan

School safety is a high priority at East Avenue Middle School and in our District. Our school safety plan is reviewed and updated yearly by our site Safety Committee and our district's Maintenance, Operations, and Facilities Department. The plan was reviewed and updated in September 2024. It is available at the site for review and addresses preparedness and response to earthquakes, fires, and intruders on campus. We conduct practice drills monthly and solicit student and staff response after each one. Scenarios cover earthquake, fire, shelter-in-place, and lockdown, including how to evacuate the building. We also review the roles and responsibilities for our Search and Rescue, Safety and Security, First Aid, and Student Supervision teams. Each October for The Great California ShakeOut, students and staff receive scenarios to act out to assess our teams' preparedness.

East Avenue is a closed campus, and all visitors are required to sign in at the school office. The staff, administration, and trained yard supervisors monitor passing times and lunch periods, ensuring a safe and orderly environment for our entire student body. All coaches are required to have CPR and first-aid training.

We are fortunate to have a full-time counselor on campus to assist with students. Our counselor is available daily to work with students who are experiencing challenges with friends, academics, and/or in their social emotional growth.

We work very closely with our District's Department of Student Services to ensure that East Avenue is in compliance with State regulations regarding discipline, suspensions, and expulsions. We employ disciplinary practices that enable students to reflect on their decisions and to make better choices in the future.

We recently updated our Intruder Protocol with the following guidelines:

East Avenue Middle School 2025 - 2026 Intruder Protocol & Prevention

Before School:

- One yard supervisor at the main entrance.
- One yard supervisor at MPR entrance
- Admin Team floating to monitor MPR and blacktop.

During School:

- Exterior MPR hallway doors locked during school day. Interior MPR hallway doors locked at all times except lunch.
- MPR hallway supervised during lunch periods.
- Main entrance doors locked during the school day.
- All visitors must enter through the main office doors.
- Side gates locked.
- Yard supervisors monitor interior and exterior hallways and school perimeter.

After School:

- Admin at each exterior entrance/hallway.
- One yard supervisor at the front of school.
- One yard supervisor in the quad clearing campus. Joins the team in the front once campus is cleared.
- Exterior doors are locked once campus is cleared.
- All after school visitors check in in the office.
- MPR hallway locked after school.
- Main entrance used for sports practice entrance which is monitored by front office staff.

Fiscal Year 2024-25 Types of Services Funded

Categorical funds support a wide range of districtwide and site services to assist all students, including underperforming students, in meeting and exceeding standards. At the district level, categorical funds are used to provide program specialists and staff to monitor, implement, and oversee Migrant Education, Native American Education, Special Education, intervention; summer school; Tri-Valley Teacher Induction Project (TV/TIP) and new teacher support; professional development; and the

English learner (EL) program.

District-level advisory committees such as the Local Control Accountability Plan (LCAP) District English Learner Advisory Council (DELAC), Career Technical Education (CTE) Advisory Committee, Technology Committee, Elementary Math Leads, Math Task Force, and Special Education Advisory Committee provide input and guidance to ensure compliance and ensure funds are used so that student needs are met. In addition, our District is implementing the LVJUSD Framework for Success. The framework includes Multi-Tiered Systems of Support (MTSS) for students’ academic, behavioral, and social-emotional needs.

The following categorical programs provide the following services.

Categorical Program Funding Sources and Services:

- After School Education and Safety (ASES) funds support the Livermore ASES program at Marylin Avenue Elementary and Junction Avenue K-8 Schools by providing enrichment opportunities, homework support, and an emotionally and physically safe environment for students.
- Carl D. Perkins Career and Technical Education funds provide professional development, services, materials and resources for career technical education in our high schools.
- Special education funds provide staffing, including program specialists, psychologists, therapists, professional development, transportation, and supplementary materials for special needs students.
- Title I: Funds provide resource teachers, supplemental instructional materials and assessments, instructional aides, staff development, and parent involvement.
- Title II: Improving Teacher Quality funds provide high-quality professional development, training, and coaching to certificated staff.
- Title III: English learner funds provide EL programs, services, parent education, professional development, supplemental instructional materials, and support staff to ensure quality programs for English Learner students.
- Title IV: Provides funding for supplementary programs, safe schools, and effective use of technology to ensure a well-rounded education for all students.
- Title VI: American Indian funds are used for staffing to support parent education, guest speakers, tutoring, cultural activities, and incentives for Native American students.
- ELOP: ELOP serves unduplicated students across LVJUSD with expanded learning opportunities during the school year and at least 30 intersession days.
- Local Control Funding Formula Supplemental funds provide resources for a broad array of district and school support systems, all intended to help English Learners, Socioeconomically disadvantaged students, Foster Youth, and other vulnerable student groups that show a need for assistance as demonstrated through various state accountability measures. These programs include staffing, professional development, clothing and transportation for students, induction support for new teachers, software used to manage student achievement data, and intervention support materials for math and literacy, among many other actions.

Professional Development

Our district recognizes that each employee—classified, certificated, and management—influences the opportunities for students to achieve at the highest levels. In line with our District Professional Development Plan, we offer and support ongoing growth opportunities that allow every teacher, administrator, and staff member to further develop the appropriate knowledge, skills, and practices required to create learning environments that allow all students to demonstrate high levels of achievement. Our Board of Education and our district administration recognize that all staff members of the LVJUSD must be provided time and support to acquire, improve, and enhance professional knowledge, practices, and skills.

During the 2024-2025 school year and currently, relevant and timely professional development will be available and delivered to employees. Three designated professional development days and a flexible professional development day for certificated staff provide the option of individualized professional growth for teachers. Employees will be able to access professional development opportunities through attendance at workshops after the instructional day; or through on-line recorded sessions.

As part of the process used in annually updating our District Professional Development Plan, staff reviewed student academic and Social-Emotional Learning data; as well as reviewed feedback/input from staff from the previous years' PD opportunities. Professional development will primarily focus on effective Tier-I instruction; Tier-II support programs; Positive Behavioral Interventions and Supports (PBIS), student and staff safety; customer service; meeting the needs of students with Individual Education Plans (IEP); effective usage of technology as an instructional tool; effective instructional practices for English learners; and implementation of specialized programs such as Dual Immersion, International Baccalaureate, and Advanced Placement programs.
