2024-2025 School Accountability Report Card

(Published During the 2025-2026 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2025-26 School Description and Mission Statement

At Las Palmas Elementary School we focus on the implementation of the Common Core Standards to ensure that our students are college and career ready. We are providing intervention in Reading, Language, and Math in order to support our students that our having difficulty in their learning. Teachers are being provided staff development, and collaboration time via designated time to implement the PLC at Work process to learn about the standards and to develop quality lessons and common assessments. Each classroom has adopted a college, we promote the continuation of post graduate education and motivate all our students to attend college or be prepared for the workforce after high school. High expectations and strong support for student learning shape the culture that defines the character of Las Palmas Elementary, where student success is the only option. Our students and staff believe that every student will learn, whatever it takes. Las Palmas School is proud to share its accomplishments in our School Accountability Report Card (SARC).

Our Major Achievements include:

We have various opportunities for parent participation in school-wide events, such as "Coffee with the Principal," Open House, Back-to- School Night, Parent surveys, Movie Nights, Paint Nights, Family Math and Literacy Nights, Valentine's Family Dance and craft night, English Learner Advisory Committee (ELAC) and School Site Council Meetings, and our Halloween parade. These events have been held on campus and all parents and families are welcome to attend.

We promote Good Character and have Positive Behavior Interventions Supports in place for students. In 2023, our school was recognized by California PBIS the Gold Implementation Award and in 2024 our school was recognized the Platinum Implementation Award and in 2025 the school was recognized with the Silver Award.

We have student leadership, such as student council where students hold various offices and work with a teacher and staff advisors to accomplish numerous student and school projects. We have implemented a Buddy Bench system to help students having difficulty at school.

We have implemented a VAPA Class where students in 5th and 6th grade are able to choose a class for the semester to learn something new in the area of visual and arts. We have classes in: music band or orchestra, drama or art. In addition, the VAPA teacher provides students in Kinder-4th grade an exploration class weekly.

School Vision: Ensure excellence in education and cultivate healthy, contributing citizens!

School Mission: The Las Palmas Community believes that we have a collective responsibility to develop and maintain a

2025-26 School Description and Mission Statement

positive, safe and unlimited learning environment.

"The children we teach are limited only when we choose to limit ourselves."-Debbie Miller

School Goal:

All students will experience academic success and progress by meeting their greatest potential. Whether that means they learn to read, move up one proficiency level, or maintain their advanced status, each student will learn and move forward.

School Commitment:

At Las Palmas we are committed to helping each student recognize their greatness so they can achieve their full potential. This means each child without excuse will experience academic success. We are committed to searching tirelessly for the spark that will ignite in each child a love for learning so that they will come to view themselves as scholars, people who are destined for higher education.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2025-26 Quality, Currency, Availability of Textbooks and Other Instructional Materials

We adopted a new Science program in spring 2020 and have implemented the curriculum 2020-21 school year. The English Language Arts program, Wonders, was adopted in 2017. This program offers curriculum for ELA and English Language Development allowing students to understand the information better and have a stronger grasp of the content. We continue to use the Eureka Math program for our math instruction. Social Studies was adopted in 2017, California Studies Weekly, Studies Weekly. All the curriculum is selected from the State Board of Education list and piloted by teachers before final selection. Las Palmas was visited for Williams Act compliance in 2023-24 and it was found that all students had the necessary materials for instruction.

School Facility Conditions and Planned Improvements

Las Palmas School is over 75 years old. Our school includes 40 classrooms, 8 of which are portables. Together, they accommodate approximately 640 students. Las Palmas provides a safe, clean environment for learning. The staff continually keeps the grounds clean and well maintained. In 2022 -23, a new wing was built with 5 new classrooms and new student restrooms. During the 2012-13 and 2013-14 school years, there was a large renovation that took place at Las Palmas. The office was entirely remodeled and enclosed so the campus could be a closed campus, making safety one of our top priorities. Old portables were removed and six new classrooms were put in their place. Old portables were updated with new wiring and carpet where needed. Our infrastructure for technology has been improved in an effort to meet the needs of the online testing and the implementation of one to one devices for students. New fencing was added along the front of the school to block off access to the doors of the classrooms facing Las Palmas Avenue helping with safety along that area. There have been improvements in student bathrooms and outdoor drainage which had been a safety concern for some time. Although, the plumbing is old in the 3rd grade wing and boy's restrooms causes issues on a regular basis, these issues are resolved promptly. In the Las Palmas cafeteria, there was a complete kitchen remodel that is up to code and functioning. The parking lot in front of the school was also moved to the side of the school making for a safer area in front of the school for everyone. The

School Facility Conditions and Planned Improvements

physical quality of our school buildings influences learning and teaching. All students and faculty need a reasonable amount of classroom and open space. All our portable classrooms have ramps to make entrances accessible to all students including those with handicapped conditions. Also, we have a wheelchair elevator for the stage in the cafeteria. We strive to maintain and improve the facilities and land we've been given by the public.

District Maintenance and Repairs: District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner through the Incident IQ work order system. The Kindergarten wing flooding has been resolved as a drainage system was installed. In 2024, old rusty picnic tables were removed and replaced with new ones, which are available to outdoor eating and seating. The trees in between 2nd and 3rd grade wings were trimmed and cleaned up.

During the summer of 2022, areas of uneven pavement between 1st grade (south side) wing and 3rd grade (north side) wing were addressed and new cement was poured. The flooding in the 3rd grade wing (south side) was also addressed, cement was leveled off to provide correct drainage to the ground drainage.

Deferred Maintenance Projects: There are various low spots in our blacktop that also need to be addressed with grading and resurfacing.

In 2021, the play structure on the lower playground was replaced and a new structure was added adjacent to the existing play structure. In 2022, the kinder swings were removed and a new playground structure and play dome was added to in the playground. In 2024, new umbrellas, picnic tables, two volleyball nets, 4 stone play tables and 2 corn hole game sets were installed between the upper and lower playgrounds. In 2025, a new staff parking lot with 50 parking spots was added to the campus.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

Subject	School 2023-24	School 2024-25	District 2023-24	District 2024-25	State 2023-24	State 2024-25

2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2024-25 California Physical Fitness Test Participation Rates

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2025-26 Opportunities for Parental Involvement

Parental Involvement:

We focus on increasing parent involvement and participation. Our staff welcomes parents and family members to volunteer in our classrooms and for field trips. We also encourage parents to participate in other activities, such as Open House, Back-to-School Night, Parent Teacher Organization and various parent nights. Parents are elected bi-annually by their peers to serve on the School Site Council (SSC). Council members join in the review or revision of the school's annual plan and budget approvals. Parent involvement is encouraged with the implementation of meetings called Coffee with the Principal held quarterly. At these meetings, the principal discusses happenings at the school and shares new information, counseling services for students, or initiatives with parents. Las Palmas has established Parent Night six years ago, which provides opportunities for parents to learn on how to help their children with Literacy, Math, Technology, as well as information on Social Emotional support for their children, and resources available in the community. As part of the English Learner Advisory Committee (ELAC), parents participate in giving feedback of programs for students not yet proficient in English. Parents of English Learners can also participate in their children's education through various parent nights throughout the year. Parents can also participate in our educational classes or enroll in English-as-Second-Language classes through the district adult education courses. Our Parent Teacher Organization is an activity group of parents providing fun activities for families to enjoy in the evenings such as paint night, Bingo, Family Dance, Movie night, Christmas parade float and fundraisers. We welcome parent volunteers, especially for assisting with field trips, special projects, and in the library. Please call Mrs. White, the Administrative Assistant, at (209) 892-4730 or email at vwhite@patterson.k12.ca.us for details on volunteering your time.

2025-26 School Safety Plan

Our school playground supervision begins at 7:15 A.M. each morning. We monitor the grounds during each recess period as well as immediately after school. We increase to having 4 crossing guards in the morning and in the afternoon which are now district employees. The School Safety Committee inspects the site and makes recommendations for changes in safety policies, procedures and goals. Fire drills take place each month. In addition, we have implemented a School-wide Positive Behavior Intervention and Supports Program, which implements the three tier system to reach all students. The School Safety Plan was last reviewed, updated, and discussed with the school safety committee on 12/02/2025, is ongoing work in progress with revisions as needed. Last year's Safety plan was Board approved on February 3, 2025. The School Safety plan was approved by the committee and was shared with all staff. The School Safety Plan addresses emergency responses to fires, earthquakes, lock down drills and policies for student behavior and safety. It also includes yearly goals to improve safety at the site based on observations by the safety team; teacher, parent and student feedback. Detailed information on the School Safety Plan can be found at the District Office and site.

Vision: To support the vision, mission and core values of the Patterson Joint Unified School District, we strive for a safe, respectful and nurturing learning environment where students are empowered to achieve through strong connectedness to their school and community.

Goal: All students will be educated in a learning environment that is safe, drug free, and conducive to learning.

Fiscal Year 2024-25 Types of Services Funded

The following programs and supplemental services are provided at the school either through categorical funds or other sources that support and assist students: English Learner programs, including designated English Language Development (ELD). We also have a designated small group for Newcomers to the school. Title funds are used for Intervention aides in K-6 to assist with students that are falling behind in English Language Arts. These paraeducators are implementing our Corrective Reading program for students in 3rd thru 6th grade. The goal is to catch them up before they fall too far behind in their grade level. 100 percent of Title 1 funds are spent on salaries. Services are provided in the form of intervention assistance by a grade level teacher. Funds are also utilized to provide an SSS, Student Support Specialist, five days a week to support students in various areas (behavioral, separation, etc.). 25% of the Assistant Principal's salary is paid by Title 1 monies. A full time Elementary Counselor and a Mental Health Clinician are available five days a week to help support students in various areas too.

Professional Development

Professional development activities are delivered through after school workshops, professional development days, early release days, conference attendance, individual mentoring and offerings of free spring and fall evening courses available to certificated, classified, and administrative staff. In addition, demonstration lessons and peer observations are held throughout the year. A district-wide professional development day was held on October 24, 2025 in a break out sessions, where staff were assigned to designated grade level sessions. In addition, demonstration lessons and peer observations are held throughout the year. A districtwide professional development days were held on Aug. 4th and 5th, 2025.

The focus of professional development activities is determined by reviewing student academic progress, district initiatives and site needs. Major focus areas in 2024-2025 included English language development, Mathematics and English Language Arts. In 2024-25, the major focus has been on the new implementation of Corrective Reading and 95% Intervention curriculum and this focus continues for 2025-2026. Other focus areas include writing, technology, data analysis, and ELD strategies.

In 2023-24, to assist all staff members with implementing new skills, 11 teachers on special assignment are identified in the areas of elementary education, secondary education, technology, English language development, and new teacher support. District lead teachers (8 at the elementary level and 12 at the secondary level) provide assistance across the district in specific grade levels and in the content areas of science, English, math, history, electives, and special education. Site administrators also provide staff development through classroom instructional walks, targeted site-specific topics, and assistance for individual teachers. In addition, staff members also attend off-site professional growth activities to strengthen their skills in the content areas through county, regional and Statewide training.

In 2024-25 the district modified the weekly schedule and the Wednesday early release day was adjusted to a minimum day schedule with dismissal at 12:30 pm allowing the teachers one hour weekly to focus on the implementation of Professional Learning Communities allowing grade levels to meet in teams and discuss data on assessments and instructional practices.

Site Specific:

We have provided staff development to our staff in various areas:

Teachers were provided opportunities to observe peers at the school or other schools in classroom management and instructional practices.

During grade level PLC days, the staff continue to discuss data from Instructional Walks, to observe, monitor and modify our instructional practices regardless of the subject being taught and assessment results to provide intervention for those students not meeting grade level expectations.

Technology: We continued more in depth training of iReady and Aeries with gradebook and report cards. We continue to look for ways to support our staff with curriculum and instruction to improve student achievement.

Professional Development

Staff development has focus on writing, iReady, PBIS, English learner supports and reclassification criteria and data driven instruction. Staff continues to use WebEx for video meetings, GoGuardian to help monitor student engagement and classroom management, Learning.com to help learning about Technology Standards and Parent Square to increase parent communication and a biweekly newsletter. In addition, English Language Development professional development has been continued through district trainings on ELLevation and ELD strategies are shared during site professional development days to enhance integrated and designated ELD instruction. Teachers continue the use of the ViewBoards during their instruction. Explorational instruction and implementation have been given to all students as each class gets 45 minutes weekly of specialized sessions. Two hours on the first Wednesdays of the month have been dedicated to professional development for all staff.

This table displays the number of school days dedicated to staff development and continuous improvement.
