*Tuition Refund Insurance (TRI) protects your financial investment and the school's financial responsibilities. The school builds a budget from revenue expected from tuition. TRI is required for any families participating in deferred payment plans. In the event that a student withdrawal must take place due to illness or injury, death of a parent or student, disciplinary dismissal, scholastic failure, financial hardships, or relocation of the family, TRI will pay benefits subject to the following terms:

- Medical Withdrawal — 100% of the unused tuition is covered (if illness extends for 31 or more consecutive school days)
- Non-medical Withdrawal — 50% of the unused tuition is covered (if student attended at least 14 consecutive school days)

The cost for TRI is 2.4% of tuition, remitted with the first tuition payment on July 1.

**Technology Fees supplement tuition to ensure that students are provided with access to relevant and current technology. The fee supports continued enhancements to our infrastructure, the use of devices, digital classroom tools, and online systems such as apps and learning management systems.
