Grade P-5
Span:

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

School Description and Mission Statement (School Year 2025–26)

We are a Community School dedicated to fostering strong partnerships with families, local organizations, and businesses to support the whole child. We offer AVID (Advancement Via Individual Determination), a college readiness system that nurtures a college-going culture and age-appropriate success skills beginning in kindergarten. Our students' educational experience is further enriched by our City/School Collaboration Initiative, which brings real-world learning into the classroom through partnerships with JPL, The Pasadena Audubon Society, Caltech, and other organizations. Additionally, our community garden provides hands-on learning opportunities that connect students to environmental science and sustainability.

As part of our commitment to STEAM (Science, Technology, Engineering, Arts, and Mathematics) education, all students participate in STEAM projects and hands-on labs that encourage creativity, problem-solving, and collaboration.

Our Mission

At Madison Elementary School, we strive to create a school community that works together to provide an exceptional educational experience. Our goal is to promote discovery, innovation, and leadership skills that prepare students to be college and career ready.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Teacher Preparation and Placement (School Year 2021–22)

Note: The data in this table is based on full-time equivalent (FTE) status. One FTE equals one staff member working full-time; one FTE could also represent two staff members who each work 50 percent of full-time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

A scheduled maintenance program is administered by the Pasadena Unified School District to ensure that school grounds and facilities remain in excellent repair. A work order process is used when issues arise that require immediate attention. Emergency repairs are given the highest priority; repair requests are completed efficiently and in the order in which they are received.

PUSD maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

PUSD has adopted cleaning standards for all schools in the District.

The PUSD Facilities Master Plan provides an outline of modernization plans for school sites based upon input from educational partners and identified student needs. More information can be found at: <https://www.pusdplan.org/>

School Facility Good Repair Status

Using the **most recently collected** Facility Inspection Tool (FIT) data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The rate for each system inspected
- The overall rating

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes assessments for English language arts/literacy [ELA], mathematics, and science for students in the general education population and the California Alternate Assessment [CAA]. Only eligible students may participate in the administration of the CAA. CAA items are aligned with alternate achievement standards, which are linked with the Common Core Standards [CCSS] or California Next Generation Science Standards [CA NGSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAA for ELA** in grades three through eight and grade eleven.
 2. **Smarter Balanced Summative Assessments and CAA for mathematics** in grades three through eight and grade eleven.
 3. **California Science Test (CAST) and CAA for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
- **College and Career Ready:** The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in ELA and Mathematics for All Students taking and completing state-administered assessments Grades Three through Eight and Grade Eleven Percentage of Students Meeting or Exceeding the State Standard

Mathematics (grades 3-8 and 11)	17%	17%	35%	36%	35%	37%

Note: To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: ELA and Mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAA divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site

Opportunities for Parental Involvement (School Year 2025–26)

The district is committed to fostering strong family-school partnerships by providing parent education opportunities that support parenting skills, curriculum understanding, academic assessments, at-home learning strategies, social-emotional growth, advocacy, technology, and leadership development. Additionally, the district collaborates with individual school sites to actively recruit and encourage parents to volunteer, participate in school activities, and take on leadership roles in parent advisory committees at both the school and district levels.

To strengthen family engagement, the district provides professional development for school and district staff on customer service, effective parent engagement strategies, and meaningful two-way communication between families and schools.

Parents at Madison are encouraged to get involved through various leadership and advisory groups, including:

African American Parent Council (AAPC) (CONTACT: Ms. Aysia Lynch, lynchrodrigues.aysia@pusd.us)

Parent-Teacher-Student Association (PTSA)/Parent-Teacher Association (PTA) (CONTACT: Ms. Imelda Quintero, quintero.imelda@pusd.us)

School Site Council (SSC) (CONTACT: Ms. Annette Aghadjanians, aghadjanians.annette@pusd.us)

English Language Advisory Committee (ELAC) (CONTACT: Ms. Lilia Franco, franco.lilia@pusd.us)

All other inquiries regarding parent involvement or support can be directed to: Mr. Guillermo Romero, Senior Community Advocate, romero.guillermo@pusd.us or Ms. Maria Perez, Community Assistant, perez.maria@pusd.us

Additionally, parents are invited to participate in field trips as chaperones, serve as guest speakers, assist in classrooms, and engage in all school events and activities. We value and appreciate our families as partners in student success.

School Safety Plan (School Year 2025–26)

The safety of students and staff is a primary concern of the Pasadena Unified School District. All visitors to the campus must sign in at the office and wear a visitor's pass at all times. Students are monitored before, during, and after school by supervision aides, resource teachers, and the principal. Teachers help supervise students during recess. There are designated areas for student drop-off and pick-up.

The School Site Safety Plan is revised annually by the Leadership Team and School Site Council. The Safety Plan is reviewed with all staff members and modified based on student data at the beginning of each school year. The plan was most recently updated and reviewed with school staff in October of 2025. Key elements of the Safety Plan include the maintenance of a safe, orderly, and drug-free school. The schools comply with the laws, rules, and regulations about hazardous materials and state earthquake standards.

The school's disaster preparedness plan includes steps for ensuring student and staff safety during an emergency. Fire, disaster, and lockdown drills, etc are conducted on a regular basis throughout the school year. Our staff is trained on the emergency procedures and we practice these protocols often.

Types of Services Funded (Fiscal Year 2024–25)

Madison Elementary School serves students from Preschool through Fifth grade and is committed to providing a well-rounded, inclusive educational experience. To enhance our programs and expand opportunities for our students, Madison works closely with a variety of partners, including the Pasadena Educational Foundation (PEF), Reading Partners, and Hathaway-Sycamores. These partnerships allow the school to secure additional resources, enrich the educational experience for students, and offer valuable volunteer opportunities for community members. The school's goals are closely aligned with the district's key objectives: Dynamic Instruction, Outstanding Staff, a Quality Learning Environment, High Performance, and fostering Meaningful Collaboration and Partnership with Students, Families, and our Communities. To ensure that these objectives are met, Madison continually strives to create a supportive, engaging environment for both students and staff.

Madison Elementary has been designated as a Focus school due to its past performance on the CAASPP test, attendance, and suspension rates, which have not met district standards. To address these challenges, the school has implemented a range of funded services and support systems to improve student outcomes.

Types of Services Funded:

Academic Support Services:

Madison Elementary has expanded its academic programs with tutoring and mentoring services, such as the Reading Partners program, to provide additional

reading support for students who are not reading at grade level. These services ensure that students receive the individualized attention needed to improve literacy skills and close academic gaps.

Enrichment Programs:

Through its partnership with the Pasadena Educational Foundation (PEF), Madison offers various enrichment opportunities. These programs include art, music, physical education, and other extracurricular activities that enhance students' creativity, teamwork, and critical thinking skills. Additionally, students benefit from field trips and community engagement experiences, helping to connect their learning to the real world.

Counseling and Mental Health Support:

To address social and emotional development, Madison works with Hathaway-Sycamores to provide counseling and mental health services to students. These programs aim to support students' emotional well-being and create a positive, nurturing environment for learning.

Attendance and Engagement Initiatives:

Madison has implemented programs to improve student attendance and engagement, helping to ensure that students are present, motivated, and focused on their learning. These initiatives aim to reduce absenteeism and foster a greater sense of responsibility and commitment among students.

Family and Community Engagement:

Madison prioritizes building strong relationships with families and the local community. The school encourages parental involvement through various volunteer opportunities, such as assisting in classrooms, organizing community events, and contributing to school programs like the garden or science lessons. These partnerships create a more connected school community and provide families with the tools and knowledge they need to support their children's success.

By leveraging these funded services and partnerships, Madison Elementary School is actively working to create a more dynamic, supportive, and inclusive learning environment. Through this collaborative effort, the school aims to meet district goals and improve academic outcomes for all students.
