

Mukilteo Coffee Roasters
Gary B. Smith Scholarship Supplemental

Gary Smith was all about family. He believed that knowing you was knowing you as part of his family, his coffee family, his community family, and his family family. The community that he was able to form with Mukilteo Coffee meant the world to him, and since they gave him so much, he always tried to give back any way he could. Support was shown in many ways; playing music, supplying coffee to numerous fundraisers, charities, the school district, supporting the arts both off and on the island, and most of all, trying his best to put a smile on the face of everyone he talked to. He believed that hard work paid off, and a degree, although beneficial, was not needed to achieve his dreams. He approached every task, every job with 100% effort knowing it would benefit him in the end. This was no easy feat, there were many hardships for him along the way, but he knew that if he kept giving it his all he would eventually succeed.

Please submit:

1. SWHS General Application with transcript.
2. A 200-300 word description about your passions, inspirations, community involvement and/or future dreams.
