WHIDBEY ISLAND WATERSHED STEWARDS SCHOLARSHIPS

Whidbey Watershed Stewards is a non-profit 501c (3) corporation working with the Whidbey Island community to promote watershed stewardship, habitat enhancement and environmental education for all ages. Whidbey Watershed Stewards promotes near-shore and watershed health by linking water, land, wildlife and people on Whidbey Island through education, research, and restoration. For more information, visit www.whidbeywatersheds.org."

SUPPLEMENT to the Application

1) Please list the colleges to which you've applied and indicate which college you will likely attend.

2) Write a statement describing your passion for or participation in environmental conservation or education and your future intentions in this field of study.
