CO-CURRICULAR AND EXTRACURRICULAR ACTIVITIES

The North Middlesex Regional School Committee believes that student activities are a vital part of the total educational program and should be used as a means for developing wholesome attitudes and good human relations, knowledge, and skills. Therefore, the schools will provide a broad and balanced program of activities geared to the various ages, interests, and needs of students.

The following will serve as guides in the organization of student activities:

1. The assistance of parents/guardians in planning activity programs will be encouraged.
2. The goal for each student will be a balanced program of appropriate academic studies and activities to be determined by the school, the parents/guardians, and the student. This should be a shared responsibility.
3. Guidance will be offered to encourage participation of all students in appropriate activities and to prevent over-emphasis on extracurricular activities at the cost of academic performance.
4. All activities will be supervised; all school-provided clubs and groups will have an administration-approved advisor.
