

Wellness Policy Assessment Tool and Report Template

Background

Federal regulations at [7 CFR 210.31](#) require local education agencies (LEAs) participating in the National School Lunch Program to complete an assessment of their local school wellness policy at least once every three years and make the results available to the public. This triennial assessment must measure the implementation of the local school wellness policy and include:

- The extent to which schools under the jurisdiction of the LEA are in compliance with the local school wellness policy;
- The extent to which the LEA's local school wellness policy compares to model local school wellness policies; and
- A description of the progress made in attaining the goals of the local school wellness policy.

In addition to the assessment, action planning documents that contain timelines, goals, and key tasks are encouraged to assist LEAs in assessing changes over time.

Triennial Assessment Tool and Report Template

When completed in full, this form may serve as both a triennial assessment tool and a public report to meet the requirements in federal regulations and prepare for the Administrative Review by the Pennsylvania Department of Education (PDE), Bureau of Food and Nutrition. This document is intended to be completed using LEA-level information; however, the LEA may determine that a report from each school site, or alternatively, each school level (i.e., elementary, middle, high school) works better in assessing compliance and progress over time. For larger school districts, reporting on a district level may be challenging due to variation in sites' programs and progress in attaining wellness goals. If completing this report for the entire LEA, answer questions using the best available information and consider noting individual building variations or concerns in the "notes" sections.

In the left columns, indicate whether the listed goal or practice is included in your local school wellness policy. **Bolded** policy elements are required by federal regulation. When bolded items are not in the local policy, include an explanation. This tool uses the Pennsylvania School Boards Association's school wellness policy template (available on PDE's [Local School Wellness Policy Information webpage](#)) as the model wellness policy for comparison purposes, but it can be used regardless of the template used to develop your local policy.

In the right columns, indicate implementation of the goal or practice at schools within the LEA. LEAs are always encouraged to develop additional policy elements and goals for schools under their jurisdiction to create a supportive environment for student nutrition and physical activity.

Space is provided at the end of the form for the LEA to describe the progress made in attaining the goals of the local school wellness policy, which is a federal requirement.

Note: LEAs may use a different tool to assess compliance, compare the local policy to a model policy, and describe the progress of wellness goals and objectives. For example, the [Wellness Policy in Action Tool \(WPAT\)](#) developed by the Centers for Disease Control and Prevention in collaboration with the UConn Rudd Center for Food Policy and Health is a comprehensive self-assessment tool that LEAs may use to meet USDA's triennial assessment requirements.

Wellness Policy Assessment Tool and Report Template

LEA / District Name: *CAMP HILL SCHOOL DISTRICT*

Date Completed: *DEC 11, 2025*

Name(s) of Reviewer(s): *SIGN IN SHEET ATTACHED*

School Name (if applicable):

Public Involvement, Notification, and Assessment

- We have LEA official(s)/designee(s) in charge of wellness policy compliance.
- Name(s)/Title(s): *KERRY MARTIN, DIR. BUS OPERATIONS*
- We complete an assessment of the local school wellness policy at least every three years ("triennial assessment").
- Triennial assessment results are made available to the public in an easily accessible manner.
- Website address and/or description of how to access copy: *camphillsd.k12.pa.us - Cafeteria Page*
- At least every three years we use the results of the triennial assessment to update or modify the wellness policy as needed.
- The LEA informs and updates the public about the contents, updates, and implementation of the wellness policy at least annually and the policy is accessible to the public.
- Website address for policy and/or description of how to access copy:
 - We retain records as required by federal regulations including:
 - The written school wellness policy,
 - Documentation of making the wellness policy publicly available,
 - Documentation of outreach efforts inviting stakeholders to participate in the wellness committee / wellness policy process, and
 - Copy of triennial assessment and documentation of reporting results to public.
 - The LEA utilizes a wellness committee that includes these community stakeholders in the development, implementation, review, and update of the wellness policy:
 - Administrators Food service staff School health professionals
 - Parents School board members PE teachers Students
 - Public
 - Other stakeholders (describe):

Notes on public involvement, notification, and assessment:

A BINDER WILL BE USED TO MAINTAIN RECORDS.

Nutrition Education*

- Nutrition education is provided within PDE's sequential, comprehensive health education standards.
- We teach, model, encourage, and support healthy eating through nutrition education.

Wellness Policy Assessment Tool and Report Template

Included in the written policy?

Yes No

- We provide all students with knowledge and skills for healthy lives via nutrition education.
 - We offer age-appropriate nutrition education and activities to students in:
 - Elementary School Middle School High School
 - Our nutrition education curriculum teaches behavior-focused skills such as menu-planning, reading nutrition labels, and media awareness.
 - School food service and nutrition education classes work together to create a learning laboratory.
 - In addition to meeting academic standards for nutrition education, we integrate nutrition education into a variety of subjects (e.g., math, science, language arts).
 - We reinforce lifelong lifestyle balance by linking nutrition and physical activity.
 - Staff providing nutrition education receive standards-based training and professional development.
 - We engage and involve families and the community in nutrition education efforts.
- Other goal (describe):

Implemented in the school building(s)?

Fully in Place Partially in Place Not in Place

-
-
-
-
-
-
-

Notes on goals for nutrition education:

To further engage and involve families and the community in nutrition education, will consider using March (National Month) to send something to stakeholders.

Nutrition Promotion*

- We use evidence-based techniques and nutrition messages in school and encourage participation in school meal programs.
 - We participate in Farm to School activities such as having a school garden, taste-testing local products, incorporating local foods into school meals, and educating students in the classroom and on field trips about local agriculture. *FARM; ILLINOIS VALLEY*
 - We cooperate with community agencies and organizations to provide opportunities for student projects related to nutrition. *LINKING w/ AMERICAN ASSOC.*
 - We implement behavioral economics techniques in the cafeteria to encourage consumption of whole grains, fruits, and vegetables and to decrease plate waste.
 - We display and disseminate consistent nutrition messages in schools, classrooms, cafeterias, homes, community, and media.
 - Our staff model healthy eating in front of students and avoid using unhealthy foods in classroom lesson plans.
 - We offer health and nutrition resources to parents to help them provide healthy meals for their children. *EARL BRESCH - FIRE LUNCH*
- Other goal (describe):

-
-
-
-
-
-
-

Notes on goals for nutrition promotion:

Physical Activity*

- We provide a variety of developmentally appropriate opportunities for physical activity during the school day for all students.
- We contribute to the effort to provide students daily opportunities to accumulate at least sixty minutes of age-appropriate physical activity daily as recommended by the CDC.
