Importance of utilizing PowerSchool (Parent Portal)

It is more important than ever for parents and guardians to create a Parent Portal account in PowerSchool. We will now use PowerSchool to collect vital information to better serve our students and families.

Parent portal is crucial for boosting student success by streamlining communication, offering real-time access to grades, attendance, and assignments, and providing insights into classroom activities, ultimately empowering parents to support learning at home.

Annual student registration, forms/surveys from the district, school, and even the South Carolina Department of Education are located in Parent Portal.

You can also view your student's attendance and grades in Parent Portal. That's why we ask you to go ahead and create your account today.

Guide to create a Parent Portal account

1. Contact your student's school to get the parent Access ID and Access Password
2. Log into Parent Portal <https://richland1sc.powerschool.com/public/>
3. Click on "Create Account"
4. Fill in "Create Parent Account"
5. Success! Verify your email address and you are ready to sign in!

Contact your school's Database Specialist for questions and/or assistance.

Your Engagement Matters

Benefits of Parent Portal

Enhanced Parent Engagement:

Provides digital window into the classroom, making parents feel more connected and involved in their child's education

Real-Time

Information: Parents get instant updates on grades, assignments, attendance and school alerts.

Early Intervention:

Spotting failing grades or missed work early allows for timely help, preventing bigger issues later.
