## Skyward Family/Student Gradebook

Skyward is the online gradebook for Lincoln Public Schools. Teachers will typically update grades in Skyward within two weeks of the due date of an assignment, but long-term projects, essays, and assessments may require additional time.

**Students:** All students will receive their usernames (Student ID #) and passwords in Social Studies class in September if they do not have one already. Students will have an opportunity to login during the school day to ensure a successful login. *If a student forgets his/her password, he/she must go to the Guidance Office for it to be reset.*

**Parents:** Please click Lincoln Middle School's "[Parent Skyward Account Access Directions](#)" to learn how to set up your account for all of your children enrolled as students in Lincoln (if you do not already have one). Please note that Skyward is maintained by the technology department of Lincoln Public Schools, and therefore, parent usernames and passwords cannot and should not be requested of teachers.

Once you have a username and password, [click here to login](#) to Skyward Family/Student Access.

Feel free to check out the [Skyward Family/Student Access Toolkit](#) for assistance.
